INSTRUCTION CAMP AT GREINA JUNE 6-9

General Orders Issued Today For Annual School of N. G. P. Officers

General orders were issued to-day by National Guard headquarters, announcing the opening of instruction for infantry officers will be held at Greina, Mt. Gretna, June 6 to 9, inclusive. Officers of the United States army will be detailed as instructors and Major General Dougherty will command.

The commanding officers of regiments will select commissioned officers to attend as student officers as follows: Two field officers, preferably those who have not attended a camp, two officers from each company, preferably juniors and regimental quartermasters. The list of officers to attend is to be sent to the Adjutant General not later than May 15. Student officers are to submit suggestions at the close of the camp. No officer will be allowed per diem pay unless he attends during the entire camp period. Officers must be at the camp June 5 and furnish their own subsistence and equipment. All officers are expected to waive considerations of rank at the camp.

Hearings Fixed. — The Geiser bill providing that pay patients to hospital may take their own physicians and surgeons and nurses with them is to be given a hearing by the Senate judiciary special committee next Wednesday. The Lanins road bill, backed by the State Grange, will have a hearing in the House roads committee Tuesday.

Walsh in Chair. — Representative William Walsh, of Philadelphia, acted as speaker to-day.

Agriculture Bill Next. — The bill reorganizing the department of agriculture has been finally fixed up and will be scanned by the Governor. It is expected to be reported out soon.

Child Labor Going On. — It is expected that the child labor bill will go through the Senate in the next fortnight substantially as it left the House.

No Poultry Bureau. — The House committee last night killed the bill to establish a State bureau of poultry in the department of agriculture.

Sixty-three Cases. — Sixty-three cases, chiefly for violation of the State laws governing the sale of milk and cream, were ordered by Dairy and Food Commissioner Foss to to-day.

Mentioned For Colonel. — Major F. D. Beary, of the Adjutant General's department, is being strongly boomed for colonel of the Fourth infantry to succeed General C. T. O'Neill.

FILES OF '65 TELL OF LINCOLN'S DEATH

[Continued from First Page.]

stage, brandishing a large dagger or knife, and made his escape in the rear of the theater. The pistol ball entered the back of the President's head and nearly penetrated it.

The wound was mortal. The President has been insensible ever since it was inflicted and is now dying. About the same hour, an assassin, whether the same or another entered Mr. Seaward's house, and under pretense of having a prescription was shown the Secretary's sick chamber. The assassin immediately rushed to the bed and inflicted one or two stabs in the throat and two in the face.

Major General Dix:
Abraham Lincoln died this morning at twenty-two minutes past seven o'clock.

The excitement about the city is intense and the horrible proceedings of last night are the only theme of conversation.

The assassin left behind him his hat and a spur. These were identified as the property of John Wilkes Booth.

Surrounding the death bed of the President were Secretaries Stanton, Welles, Usher, Attorney General Speed, Postmaster General Dennison, M. G. Field, Assistant Secretary of the Treasury Judge Otto, Assistant Secretary of the Interior and General Halleck.

EDWIN M. STANTON,
Secretary of War.

Harrisburg, April 15, 1865.
The o'clock A. M.

Official intelligence having just reached this city of the assassination of the President of the United States, and an assault on the Secretary of State, which, it is believed must also prove fatal.

It is ordered by the undersigned, representing the committee or arrangements, appointed by the citizens of Harrisburg, to celebrate, on this day, by a grand civic procession, the great victories of the army of the

LINCOLN FUNERAL TRAIN IN HARRISBURG

One week after President Abraham Lincoln was killed, his body was brought to Harrisburg. There are a number of residents who remember April 21, 1865, the day the Lincoln funeral train passed through Harrisburg. The above picture shows the train on its arrival at the old Pennsylvania Railroad station. The body of the martyred President was taken to the State Capitol where many thousand people viewed the executive order. The President himself laid aside the cares of office as did other officials of the government to pay silent tribute to the memory of the martyred President.

Fifteen Persons Killed When Train Strikes Car

Detroit, Mich., April 15.—Fifteen persons were killed and about twenty were injured, late yesterday, in a collision between a Detroit City street car and a string of freight cars pushed by a switch engine on the Detroit, Toledo and Ironton railroad. Most of the dead are foreigners whose homes were beyond the western limits of the city. Four of them are women. Several of the injured will die.

The street car, one of the largest in service, was heavily loaded with passengers homeward bound from their day's work.

As the car approached the crossing it stopped and the conductor ran ahead to see if the track was clear. He signaled the motorman to wait, but apparently the latter, who is said to have been inexperienced, misunderstood his meaning. He applied the power and the car ran rapidly down an incline and onto the railroad tracks.

Zeppelin Again Visits England; Damage Slight

London, April 15, 12.26 P. M.—England experienced a second Zeppelin raid last night when a German airship made an extensive flight over the northeastern coast in an abortive attempt to damage shipbuilding works along the river Tyne. With the exception of negligible damage to property and slight injury to two civilians, the attack was fruitless.

The promptness with which the cities and towns in this part of England were plunged into darkness when the coming of the Zeppelin was announced undoubtedly prevented the infliction of greater damage. As it was, some narrow escapes were recorded, with bombs falling near a passenger train in one instance and close to a shipyard in another.

General T. C. du Pont Returning to Politics

Wilmington, Del., April 15.—Is General T. Coleman du Pont going to take an interest in politics? The General has not said so, and just now he is in New York, where he cannot be asked by the local politicians. There are rumors that he will get back into the harness.

General du Pont got out of politics without getting completely out. His health was poor; his business as the head of the big powder company required his attention, and he did not have the time nor the inclination to devote to political rights. He refused to be chairman of the state committee longer and presented his resignation as a member of the Republican national committee, but it has never been accepted. The state committee says that it is incumbent upon the national committee to act, and it is understood that the national committee claims it is the place of the state committee. As neither committee is anxious to be without the services of the General, nothing has been done.

DAM BREAKS; EIGHT DEAD

Holbrook, Ariz., April 15.—Lyman reservoir, which impounds waters of the Little Colorado River two miles south of St. Johns, Apache county, broke at midnight, drowning eight persons. They had been living directly under the reservoir dam, which collapsed, as did a similar but smaller dam ten years ago.

PHILADELPHIA HONORS LINCOLN

Philadelphia, April 15.—The anniversary of the death of President Lincoln was observed here to-day by the tolling of the bell in the tower of Independence Hall fifty times at one minute intervals and the general display of flags at half-mast. Exercises were held in schools in Philadelphia in accordance with a proclamation issued by Mayor Blankenburg.

RUMANIA TO ENTER WAR

Rome, April 15.—A dispatch to the Tribune from Saloniki says the intervention of Rumania in the war seems imminent. The army, splendidly equipped, is ready for instant action.

Germans Are Reported to Be Damming River Rhine

Basel, Switzerland, April 15.—The German military authorities, according to advices reaching this city, are throwing up dams on the river Rhine so that, when certain sluice gates are closed, wide stretches of the surrounding country can be flooded.

Furthermore, they are reconstructing the formidable fortress at Istein, five miles from Basel on the Rhine. The barracks inside the fortress have been completely pulled down and extensive underground barracks to take their place have been dug and quarried out of the earth.

Observers in Basel are expressing the opinion that these preparations are in anticipation of a French offensive being successful.

NEW CHANNEL COMPLETED

Birmingham, Ala., April 15.—The gates of Lock 17 on the Warrior river, near here, were placed to-day, completing a \$12,000,000 government project that provides a six-foot channel from Sanders Ferry to Mobile, a distance of 500 miles, and opens up to barge traffic vast lumber resources in Northern Alabama.

NIGHT RIDER SENTENCED

Bowling Green, Ky., April 15.—P. C. Jenkins, one of the most prominent residents of Butler county, was found guilty by a jury in circuit court here to-day and sentenced to four years and a day in the penitentiary on a lin raid last night when a German riding operations in Western Kentucky.

Government Business Is Suspended Today

Washington, April 15.—Business of the United States Government virtually was suspended to-day in recognition of the fiftieth anniversary of the death of Abraham Lincoln. In the national capital as elsewhere the country and in foreign lands wherever the American government is represented the event was being observed in accordance with President Wilson's executive order. The President himself laid aside the cares of office as did other officials of the government to pay silent tribute to the memory of the martyred President.

DRIVES AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from cold or congestion. And it acts at once! MUSTEROLE is a clean, white ointment made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can affect stomach and heart, as some internal medicines do.

Best for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, all Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for: The Musterole Company, Cleveland, Ohio.
