

Great Four-Day Stock Reducing Sale

Bowman's
FOUNDED 1871 CALL 1991—ANY PHONE

Starting To-morrow (Tuesday), and Continuing Wednesday, Thursday and Friday

In other words, a Room-making Sale, in preparation for building operations which will take place soon, when every inch of space available must be utilized for selling purposes. This means every department must clear out a certain portion.

Only four days has been assigned for this clearing out to take place, and in order that this may be accomplished, it means:

A Radical Price Lowering on Seasonable and Staple Merchandise

The savings are all the greater because of the shortness of time allowed; and a number of departments were compelled to enter goods that formed a part of their stylish spring stocks; while others are determined to reduce their surplus of staples, including homefurnishings and the like.

All lengthy descriptions have been omitted, and we urge you to read every item. Look for the special, blue-lettered price cards to-morrow morning.

Other items with exceptionally low prices will be on sale to-morrow; announced next edition.
