

IN STERLING LIVES A GIRL

Who Suffered As Many Girls Do—Tells How She Found Relief.

Sterling, Conn.—“I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book ‘Wisdom for Women,’ and I saw how others had been helped by Lydia E. Pinkham’s Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life.”—Mrs. JOHN TETREAU, Box 116, Sterling, Conn.

Massena, N. Y.—“I have taken Lydia E. Pinkham’s Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it ‘Anemia and Exhaustion,’ and said I was all run down, but Lydia E. Pinkham’s Vegetable Compound brought me out all right.”—Miss LAVISA MYRES, Box 74, Massena, N. Y.

Young Girls, Heed This Advice.
Girls who are troubled with painful irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham’s Vegetable Compound.

HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE AND RELIABLE WAY
People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.
If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.
There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercise, simply take a box of oil of korein capsules, take one after each meal and one before retiring at night.
Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.
Oil of korein is absolutely harmless, is pleasant to take, helps digestion and is designed to consume the excessive fatty tissue by increasing the oxygen-carrying power of the blood. Even a few days' treatment should show a noticeable reduction in weight, footsteps become lighter, your work seem easier and a lighter and more buoyant feeling take possession of your whole being.
Every person who suffers from superfluous fat should give this treatment a trial, there is nothing better.—Advertisement.

BIGGEST WEEK IN HISTORY

More Important Measures Are to Be Taken Up in the Next Few Days Than Herebefore

This will be the biggest week of the whole legislative session. More important measures are scheduled to be acted upon than at any time since the general assembly began its work and in addition it is probable that the workmen's compensation and other “big” bills will be discussed in committees. Appearance of the appropriation bills has speeded up the legislators and they are hustling to get bills out of committee before the final rush begins.
The House calendar is the largest of any this session, containing over 225 appropriation bills and many more. It takes 55 pages to make up the House calendar. The Senate calendar contains only seventeen pages.
To-night at 9 the local option bill will be on second reading and the full crew bill is on third reading. The latter will have its big fight to-night. Both sides are confident after one of the most spectacular campaigns ever waged in the history of the State. The local option bill will have its fight on third reading on Wednesday morning when it is the special order. Two of the Borough League's bills to amend the public service company law so as to remove certain jurisdiction of municipalities are scheduled for special orders to-morrow and the bills favored by the commission to give it power to suspend rates and to abolish certain requirements in regard to contracts will likely be reached on second reading the same day.
In the Senate it is expected that the committee in charge of the child labor bill will take action on Wednesday and a series of hearings on various measures is scheduled. Comparatively few hearings are scheduled for House committees as the bulk of the committee work is done by the House. The provisions of the regular sessions of the House are greater than at any time this session.

Amendment to Be Made Workable

Legislation to make operative the constitutional amendment of 1913 to enable all counties outside of Philadelphia to increase their borrowing capacity from seven to ten per cent. of the assessed valuation provided funds are used for public works is to be considered by the committees in charge this week. This amendment was the only one to get a majority at the election two years ago when the big road loan and other proposed amendments went down.
One bill was presented by Senator William J. Burke, Allegheny, and applies to municipalities and the other came from Representative Joseph E. Phillips, Clearfield. The latter specifies both counties and municipalities. The provisions of the bills are almost the same in other respects. The Burke bill stipulates that no obligation issued or to be issued for construction of subways, water works, railways or other works of like character, shall be considered as a debt of the municipality if the net income therefrom from such investments for five years shall have been sufficient to carry it. Arrangements for issuance of evidences of debt for interest and sinking fund charges during construction are outlined as no tax for the fixed charges can be levied until the property has been operated for a year.

Appropriations Are to Be Pushed Along

Appropriation bills for state and seminate institutions will be reported to the Senate committee on appropriations this week and consideration will be given to the measures granting state aid to educational institutions of the workmen's compensation acts, which create new divisions of government, will consider them this week.
An interesting fact in connection with the appropriation bills for hospitals, which will be on first reading to-night, is that where pathological and clinical laboratories and departments of anaesthesia are provided they shall be approved by the State Board of Medical Education and Licensure. This requirement was added to a number of bills when the committee had them under consideration. The addition of such departments was also made to a number of the bills at request of sponsors while they were before the committee.

FOUR YEARS FOR KILLING ‘PAL’

Mauch Chunk, Pa., April 19.—John Polish, a hobo, was sentenced by Judge Barber to serve four years in the penitentiary for having killed one of his “pals,” Michael Valla, at Lansford, on October 22 during a fight. Polish pleaded guilty to the charge of Manslaughter.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.
These pleasant little tablets do the work that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.
It is best not to take calomel, but to take Dr. Edwards' Olive Tablets take its place.
Most headaches, “dullness” and that heavy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel “logs,” clouded brain and how they “perk up” the spirits. At 10c and 25c per box. All druggists.

WHERE TO FIND NATIONALLY ADVERTISED GOODS

The World's Best Merchandise In and Near

HARRISBURG, PA.

Merchandise that will bear national advertising has to have exceptional merit. else the manufacturer could not afford to spend large sums of money for the advertising, and to attach his name and reputation to an article that was not extraordinarily meritorious, for it is the repeat sales that he depends on. It is therefore quite evident that when an article is nationally advertised and nationally sold, year in and year out, year after year, it is exceptionally good goods to stand the test and prove worthy of continued sales and growth. It is conceded by experts that when an article is advertised generally—nationally—it is the best possible product. The wise always, in consequence, prefer nationally known goods and ask for what they want by name. Read the magazines and keep posted on nationally advertised goods.

JUDICIAL ACT IS EFFECTIVE SOON

Will Regulate the Nomination and Election of Superior Court Judges This Year

There is much interest about the Capitol in the bill the Senate will have up for consideration on first reading to-night. This bill was introduced by Senator James P. McNichol, of Philadelphia, amending the non-partisan act of 1913 in relation to the nomination and election of judges. The bill opens the way for candidates for the three places on the Superior Court bench this fall to make their election sure by securing 51 per cent. of the vote cast at the primaries.
The present act provides that any candidate for an office to which but one person is to be elected who receives 51 per cent. of the vote at the primary shall be the sole candidate at the election. The McNichol amendment adds to the act a provision that at any primary where two or more vacancies are to be filled in any court composed of two or more judges, if a number of candidates equal to the number of positions to be filled receive 51 per cent. of the total vote cast they shall be the sole nominees for the election. If but one candidate receives 51 per cent. of the vote, his name would be placed alone on the ballot for the election, and the other nominees, two for each position, would be grouped together. That is, the candidates receiving 51 per cent. of the vote would be grouped together to fight it out for the remaining positions.
The Tompkins bill, repealing the non-partisan act, has been sent back to the Senate elections committee and probably will be permitted to remain there. This is the bill opposed by Pittsburghers.
