

Automobile Fees Doubled

If House Bill No. 1471 becomes a law Registration fees will be doubled.

Owners of Motor Trucks

will be especially hard hit, even though eighty per cent. or more of their mileage is inside corporate limits and not over State Roads.

Must industry and business be singled out for further tax?

Nearly a million and one-quarter dollars has been paid the State to date this year. To double that is unjust and oppressive.

Telephone, telegraph or write your Representative at Harrisburg immediately in protest against this Bill 1471, or it will be railroaded through.

Protest Emphatically Against Any Increase or Fees

TWELVE GROUPS IN STATE'S MUSEUM

They Have Been Prepared For Exhibition During Spring and Will Be Interesting

Boyd A. Rothrock, curator of the State Museum's fine collection of the flora and fauna of Pennsylvania, is about completing twelve interesting groups to be placed in the big display room of the museum, which will illustrate animals and birds much of these days.

One of the groups will represent foxes and will be placed near the deer group. A special display of hawks, which are being mentioned in legislative proposals, is also ready and another of pheasants native to the State will be shown. Mr. Rothrock is giving personal attention to the groups.

The serpent groups and the casts of the fish have attracted much attention from schools and this winter they have been studied by hundreds.

For More Attacks.—Among the bills pending in the House is one for the additional people needed for the new system of bookkeeping in the Auditor General's office. There will be a chief bookkeeper and three assistants to take care of the books on the recently devised plan. One traveling auditor is also provided for.

Going to Allentown.—Commissioner John Price Jackson will go to Allentown to attend the safety meeting. Thursday he will meet with the Wilkes-Barre arbitrators to arrange for the meetings and hearings at Wilkes-Barre.

Lykens Case Next Week.—The Lykens Water Company case is due to be heard by the Attorney General on April 27.

Marshals Got Him.—State Fire Marshal Baldwin has received word that Deputy Fire Marshal T. G. Ryan of Philadelphia and Joseph Donnelly of Danville arrested Herman Moyer as a fugitive on Saturday in Philadelphia, and before midnight had his confession to burning a store in Allport in the hands of District Attorney Welch. January 31 the general store of the Allport Supply Company, owned by Herman Moyer and Anton Neuber, was destroyed by fire. There were suspicious circumstances and the fire marshals were sent to the scene.

Legislative Visitors.—Among the visitors to legislative halls were H. Walton Mitchell, head of the trustees of State College; W. R. Jacob, of the Pittsburgh Flood Commission; ex-Senator J. L. Adams, of Pittsburgh; John G. McSparran, master of the State Grange; ex-Representative G. W. Sassaun, of Reading; W. W. McElroy, West Chester lawyer; ex-Representative W. H. Brooks, author of the Brooks high license law; G. G. Hutchison, of the State department of agriculture.

Commissioner Meets.—The Public Service Commission to-day began its second April session. Several hearings are scheduled, among them the complaint of the Glen Rock Motor company against the York and Maryland State Line Turnpike company, which involves the condition of the road.

Business Charter Due.—The House appropriations committee is meeting late this afternoon for a clean-up. All of the bills will come out before the end of the week.

Mr. Jones Here.—The Rev. Dr. Jones, chaplain of the House in 1909 session, offered prayer to-day.

Trouble in Lebanon.—State quarantine for foot and mouth disease has had to be renewed in some of the Lebanon county districts due to some reinfection. An investigation is in progress.

Woods Laughs.—Secretary of the Commonwealth Woods said yesterday that the report that he would become president of the Public Service Commission was a subject for laughter.

Due to-morrow.—Highway Commissioner Cunningham is expected to arrive here to-morrow from Pittsburgh to take the oath of office. Chief Engineer Usher is inspecting roads in the vicinity of Pittsburgh.

Coal Tax Hearing on.—Legislators and businessmen from the anthracite region have gathered at the House caucus room this afternoon to discuss the proposed tax on anthracite coal tax bill. The bone of contention is the division of the tax.

Bids Opened.—Bids were opened at the State Highway Department this morning for materials, machinery, implements and tools for use in maintenance and repair of State highways and State-aided highways. The bids were opened by Joseph W. Hunter, deputy State highway commissioner. One hundred and seventy-two bids were received and ordered listed. The bids will be posted and as materials and equipment are required they will be ordered from the lowest bidder when difference in freight rate and other shipping costs are considered.

LOCAL OPTION COMES TO TEST TOMORROW
(Continued from First Page.)

ways will be cleared for the bill in the first hour and at 11 o'clock Mr. Williams, Tioga, presenter of the bill, will open the debate. Each side will have an hour for set speeches and then the discussion will probably be general. In addition to Mr. Williams the speakers in behalf of local option will be Messrs. Herman W. Young; Kuhn, Greene; Lanis, York; Graham, Philadelphia, and Goodwin, Venango. There may be more. In opposition to the bill there will be Messrs. Kitts, Erie; Ramsey, Delaware; Stein, Allegheny; Roney, Philadelphia, and others.

The floor will be kept clear for members and the strictest order will be maintained during the debate and the voting.

To-day members of the House were showered with letters and telegrams calling upon them to vote for the bill. Some of the members received telegrams in small packets, into which they had been put for convenience in handling. Numerous delegations began arriving to-day to attend the session to-morrow.

Governor Brumbaugh, who spoke with confidence of the outlook for the bill, saw a number of members and conferred with men active in politics. He said that he had been making gains.

PLAN FOR WILDWOOD WAY IS AUTHORIZED

(Continued from First Page.)

the remaining thirteen tracks into Wildwood.

Superintendent W. B. McCaleb cooperated with Mr. Taylor by urging the Pennsylvania directorate to make the extension and to-day the company's authorities got word that the plan had gone through.

To Build Cider Path.—Commissioner Taylor said he will build an eight-foot cider path from the front end of the footbridge to the road near the Wildwood baseball diamond.

"By this plan," said Commissioner Taylor, "we will have a way for people up in the upper end of the city to walk into Wildwood without going to Mac clay street or to the upper entrance to Wildwood. As for a traffic way, we'll have to wait for that, I suppose. The bulk of those who would use Wildwood roads would travel it with pleasure vehicles anyway, and these can easily go to the upper or lower entrances."

Commissioner Taylor expects to-morrow morning to begin work on the fine grading of the slopes of the river front from Market street southward to prepare for the planting. He had hoped to follow Street Brothers Construction Company as it progressed, but he said he fears that the work would be interfered with by the workmen on the wall. Consequently he will wait until this is finished. The granolithic walk has been completed to a point just beyond Muench street.

BLOOD WILL TELL

Paris, Feb. 20th: Many young men have been lost in France by the fact that their blood was out of order and impure when they started out in this campaign as soldiers at the front.

Many of them reached the battle line because they were taken sick in camp, due to stomach and bowel troubles, and with blood powerless to resist. Young men and old men in America should be just as watchful of their blood to see that it is pure, that their stomach is acting well and the liver active.

It takes lots of vitality, nervous force and strength to win a race. Blood must be pure and good.

Keep the nerves nourished, the heart strong, the head cool, the stomach vigorous, the liver active with a tonic which has stood the test of time and has a wide reputation, such as Doctor Pierce's Golden Medical Discovery. It is the world's great Blood Purifier; it enters joints, dissolves the impure deposits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

If you have indigestion, sluggish liver, backache over the kidneys, nasal or other Catarrh, unsteady nerves or unsightly skin, get Dr. Pierce's Golden Medical Discovery to-day and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigorous action.—Advertisement.

IMPORTANT SPECIAL OFFER TO READERS OF THIS PAPER

Any person desiring a copy of The People's Common Sense Medical Adviser before the edition is exhausted should send this notice together with three dimes or stamps, to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and a copy will be sent by return mail, all charges prepaid.—Advertisement.

Are You Going to Buy a Piano or Player-Piano This Week?

Where will you buy it? Which store will serve you best? It surely isn't the store that asks two prices, nor the store that carries such a limited variety of makes and styles that a careful selection from many is out of the question.

When you come to this store you have only one question to bother, "Which do you like best?" We have no particular make to push. In each grade we have the best for the price asked, and owing to our enormous business and large cash buying facilities, prices here, quality considered, are lower than elsewhere.

To satisfy yourself shop around the more thorough you investigate the more certain we are of making a sale to you.

Just Arrived! A Large Shipment of New Edison Diamond Disc Phonographs

Not a mere talking machine, but a great musical instrument. One that defies description. One that you must hear to appreciate fully.

Before you invest in a musical instrument of any kind, hear this new Edison Diamond Disc. We are giving daily demonstrations of the new and improved styles in the quiet of our Edison parlors. Come in any time it's convenient, and be sure to hear the new Victor-Victrolas. Make side-by-side comparisons. Satisfy yourself before you buy. Prices range from \$15 to \$250 for Victrolas, Edison Discs, \$60 to \$450. Very liberal terms, if you wish.

BEIDLEMAN WINS FOR MINeworkERS

(Continued from First Page.)

to bring it out of the Senate mines and mining committee. It was finally brought out of committee last night with amendments that did not suit the miners.

When the bill was reached on third reading to-day Senator Beidleman, of Dauphin, took up the cause of the mine workers and asked unanimous consent to amend the bill. Senator Thompson, of Beaver, objected and then Senator Beidleman moved the Senate go into committee of the whole for the purpose of amendment. This was adopted on a viva voce vote.

Senator Beidleman in offering the amendments said that they were designed to bring the mine workers under the proposed workmen's compensation law and in the event the compensation act should fail to place the

coal diggers on the same footing as all other workmen in the state in cases of accidents. He explained that before a man can become a mine foreman, assistant foreman or fire boss he must have a certificate issued by the State showing that he is competent to act. The courts have decided, he said, that as coal companies must restrict themselves to certificated men in selecting mine foremen or fire bosses, they do not have the right of free selection, and therefore are not responsible for the operation of mines.

There has not been a mine accident in the state, Mr. Beidleman said, where the operators have not excused themselves from responsibility because they did not have free selection of responsible men to operate their mines.

Senator Thompson, chairman of the mines and mining committee, opposed the Beidleman amendments on the ground that the bill as it was reported from committee brought the mine workers under the proposed workmen's compensation act.

This was disputed by Mr. Beidleman.

Long Debate

A long debate ensued between Messrs. Beidleman and Thompson over legal points in the bill, during which Mr. Thompson suggested that the whole matter should be put into the hands of a commission.

Senator McNichol, Philadelphia, concluded the debate by making an appeal for the mine workers. He said that every workman in the state should be brought under the workmen's compensation law. All legal quibbles should be set aside, he said. He could not conceive that the people of Pennsylvania would bring all other workmen in Pennsylvania under the workmen's compensation law and deprive 600,000 men and boys engaged in mining from the benefits of that law.

Senator McNichol added that he did not think it fair to compel employers to come under the compensation law and exempt "coal barons who are making enormous profits" through some peculiar phraseology in the laws of the state.

On a division the Senate adopted

YOU'LL GET RID OF BLACKHEADS SURE

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them. To do this get about two ounces of plain powdered norexin from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores, and do not get the blackheads out after they become hard. The powdered norexin and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.—Advertisement.

KING OSCAR 5c CIGARS

As regularly as you want a good smoke for your nickel King Oscar quality will supply it. A brand that has been regularly good for 24 years is a sure-to-please smoke.

MANY TICKETS SOLD FOR SPRING CONCERT

Annual Festival of Choral Society Promises to Eclipse All Previous Ones

Judging from the interest and enthusiasm already manifested by members of the Harrisburg Choral Society in this sale of tickets, the Spring music festival Thursday, April 29, will be larger than last year, when almost every seat in the house was sold. The series of lectures delivered by Dr. Fred Wolfe, the conductor, is well pleased with the progress of the society and the high spirits and enthusiastic over the work to be sung. This work (Handel's oratorio "Samson") is very tuneful and dramatic and has never been sung in Harrisburg.

Dr. Wolfe has urged the attendance of every active member at to-night's rehearsal. The rehearsal will begin promptly at 7:45, and the whole work will be thoroughly gone over, especial attention being given to attacks and shading.

The orchestral concert in the afternoon will undoubtedly be the best ever given in Harrisburg. The program is most attractive and the orchestra thoroughly demonstrated its superiority last year. Among the numbers will be the vocal quartet from "Rigoletto."

Tickets for both concerts can be obtained from any member of the society, at Sigler's Music Store, 30 North Second street; at the Central Book Store, 327 Market street, and at the box office of the Majestic Theater three days before the festival.

MANUFACTURERS HOLD OUT ON CHILD LABOR

(Continued from First Page.)

this afternoon. They are opposed to the nine-hour day, fifty-one hour week clause, holding out for a ten-hour day and fifty-four hour week, to make "working hours uniform." The manufacturers also favor an amendment providing for the employment of children under 14 years during vacations and hours and days when there is no school, and the employment of children between 12 and 14 years of age when in the opinion of the judges of county courts and the medical authorities pauperism or domestic distress would result unless employment is obtainable. These are the main points at issue between friends of the bill as it now stands and as the manufacturers want it.

TEACHERS GIVE RECEIPTION TO DR. AND MRS. GRAVES
School teachers of the city tendered an informal reception to Dr. and Mrs. Frank P. Graves, last evening, in Technical High School, at the conclusion of the series of lectures delivered by Dr. Graves, during the winter.

Educators of State-wide prominence addressed the meeting. They included: Dr. F. E. Downes, superintendent of Harrisburg schools; Dr. Nathan C. Schaeffer, State Superintendent of Schools; J. C. Wagner, superintendent of the schools of Carlisle; J. J. Brechin, city supervisor; L. E. McGinnis, superintendent of Steelton schools; F. E. Shambaugh, county superintendent, and Professor A. E. Brown, headmaster of the Harrisburg Academy.

Zembo Band and Patrol Goes to Reception of Columbia Shrine Club

Arrangements have been completed for the ladies' reception to be given by the Lancaster County Shrine Club this evening in the State Armory. A delegation of 200 members of Zembo Temple of Harrisburg will attend and will be accompanied by the Zembo band and Arab Patrol. There will be a street parade and the reception will open with a drill. William M. D'Miller is chairman of the dancing and badge committee and will be in charge of that feature of the event.

WILLIAM M. D'MILLER

Special to The Telegraph

Columbia, Pa., April 20.—Arrangements have been completed for the ladies' reception to be given by the Lancaster County Shrine Club this evening in the State Armory. A delegation of 200 members of Zembo Temple of Harrisburg will attend and will be accompanied by the Zembo band and Arab Patrol. There will be a street parade and the reception will open with a drill. William M. D'Miller is chairman of the dancing and badge committee and will be in charge of that feature of the event.

REMARKABLE CURES

Thankful People Tell What San Cura Ointment Did for Them

George A. Dordas sells San Cura Ointment on the money-back plan—no relief—no pay. Guaranteed to relieve eczema, tetter, salt rheum, itching, bleeding or protruding piles, burns, cuts, bruises, old sores, pimples, boils, carbuncles, chapped hands, chilblains, fester, insect bites and poison from ivy.

"My face and neck were one mass of sores; doctor said I had eczema and erysipelas. I had not slept for weeks with burning, itching pain. The first time I used San Cura Ointment I slept all night and in a short time was completely cured."—Chas. Fay, Townville, Pa.

"My wife stepped on a rusty nail and ran it into her foot. San Cura Ointment drew out a poisonous brown pus and cured her promptly."—Eugene McKenzie, Plum, Pa.

"I had been afflicted over thirty years with piles and spent over \$500 for pile medicine. Two jars of San Cura Ointment cured me."—James Lynch, Enterprise, Pa.

San Cura Ointment costs 25 and 50 cents a jar. At George A. Dordas is a splendid remedy for burns, scalds, cuts and bruises.—Advertisement.

A FINE TREATMENT FOR CATARRH

EASY TO MAKE AND COSTS LITTLE

If you have catarrh don't be misled or cured into believing you can obtain a cure for your trouble by breathing a simple remedy. Catarrh is a constitutional disease and inhalers, sprays and nose douches merely temporize with the disease and seldom, if ever, bring any lasting benefit. To effect a cure use a remedy that will drive the disease out of your system. Don't employ a remedy that will drive the disease down into your lungs and bronchial tubes. Such methods often lead to consumption, and frequently produce catarrhal diseases and head noises.

If you have catarrh in any form go to your druggist and get one ounce of Parmitin Double Strength, take this home and add to it ¼ pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take a tablespoonful four times a day.

The first dose should begin to relieve the most miserable headache, dullness, sneezing, sore throat, running of the nose, catarrhal discharges, head noises and other loathsome symptoms that accompany this disgusting disease.
