

As the Season Advances, Smart Plaids Continue to Gain Favor

Designers of the flourishing checks and plaids are mighty popular fellows nowadays whether they know it or not.

But to draw a "dead line" between the host of patterns that are contesting popularity would be a difficult task; for it seems inspirations have been unusual this season in producing smart and snappy effects.

The result is a surprising variety of choice designs.

Well represented here in clothes of quality; and from—

\$9.90 to \$20

—any man can select a suit to satisfy his individual taste, either at the lowest, highest, or any intermediate price.

Two More Days to Take Advantage of Stock-Reducing Prices

This is a Great 4-Day Event in which every department is endeavoring to clear out a certain portion of merchandise before rebuilding operations commence.

It is then stocks must be somewhat condensed to afford sufficient selling space, and we've availed ourselves of this opportunity to dispose of such lots that will not materially affect the assortments.

Take a trip to this store to-morrow; for many bargain surprises will greet you.

WOMAN'S SHOES TORN OFF BY LIGHTNING Mrs. Mary E. Martin Instantly Killed in Main Street at McSherrystown

York, Pa., April 21.—The only stroke of lightning during a brief storm struck down and instantly killed Mrs. Mary E. Martin, 59 years old, on the main street at McSherrystown, Adams county, last evening. The woman was on her way home from a visit to her mother's residence. She was seen to fall at the flash and when picked up her face was found to be deeply discolored. Her shoes had been torn off and one thrown entirely across the street.

CRUSHED AGAINST WALL BY AUTOMOBILE Young Man Cranked Machine in Gear and Was Seriously Injured

Special to The Telegraph Sunbury, Pa., April 21.—While attempting to crank an automobile which was in gear Frederick Baker, of Dormsife, had the unusual and nearly fatal experience of having the machine "attack" him. When the spark caught the machine plunged forward and butted him against the garage walls. He was rescued by his father, Cornelius Baker, who shut off the power. The young man is believed to have been internally injured in addition to being bruised about the hips and abdomen.

Dynamite Explosion Hurts Men Fighting Barn Fire

Special to The Telegraph Hagerstown, Md., April 21.—Five persons were injured, several of them seriously, when fifteen pounds of dynamite stored in the corncrib on the farm of Dr. C. B. Boyle, near this city, exploded during a fire which destroyed all of the farm buildings excepting the dwelling. Among those most seriously injured were Howard Schindel, Walter Summers and Daniel Rowe, who were helping to fight the flames. The explosion blew the corncrib to pieces and broke nearly all of the glass in the house.

WIND UNROOFS MILL

Special to The Telegraph Williamsport, Pa., April 21.—A cyclone struck the eastern section of this city afternoon and did considerable damage to several buildings. The Williamsport Mirror and Glass Company's big plant suffered the most damage. The roof was torn off, while a big sign on the top of the building was twisted to splinters. A house nearby was struck by the wind and every window was broken.

QUICKLY STOPS HEAD COLDS AND SNUFFLES

Catarhal Germs Cause of Most Colds. New Germicidal Air Treatment. Best Remedy For These Common Ailments. Reliable authorities say that upwards of 90 per cent. of the so-called colds in the head and throat are in reality dangerous indications of the presence of acute catarrh. When you hear a persistent sneeze or cough its almost certain they are throwing catarrh germs into the air for some other person to breathe and it is just as certain that the person breathing these germs will soon have a cold or a sore throat. The time to make these germs harmless and drive out your catarrhal cold is the very instant you feel a desire to sneeze or cough, or start to snuffle and wipe your nose every few minutes. The quickest and surest way to stop a head cold and drive catarrh germs out of your system is to pour a few drops of the oil of Hyomei (pronounced High-o-mei) into one of the Hyomei inhaling devices which comes with each large package and place the inhaler between your lips and breathe the germicidal but pleasant smelling air into your nose, throat and lungs. This air utterly destroys all catarrh germ life, quickly opens the closed air passages, makes breathing easy, clears your stuffed up head, cleans out your throat and ends your snuffling and nose blowing. There certainly is no quicker or more satisfactory way of breaking up a cold, even after it is well started, and a few weeks' use will do away with all danger of chronic catarrh. Sold by druggists everywhere, including H. C. Kennedy, who agrees to return the full purchase price to any who use it and are not satisfied. In buying Hyomei for the first time be very sure to get the large size which contains the inhaler, as this is very essential for best results.—Advertisement.

NOW "NEWSIES" ARE GOING TO ORGANIZE

Boys Say They Want a "Progressive Business Organization" and Are Going to Have It

If Harrisburg's Chamber of Commerce, Rotary Club and similar organizations want to maintain their place in the spotlight—they'd better spruce up a bit. "Mike," his reporter friend inquired, "know anything about a new Board of Trade, or something like it they're going to organize 'round here'?" "Sure," grinned Mike. "Haven't you heard about it? What kind of a reporter are you, anyway?" disdaintfully. "Why, it's going to be the News-boys' Association," he continued informally. "But you'd better go up and see Maurice Koplowitz. He's one of the guys that's startin' it." Back to Second and Market streets the information seeker went to interview Maurice—aged 16, in years; 45, in ability. "Say, Maurice," he was asked, "tell me about this club you fellows are forming." "You mean the Harrisburg News-boys' Association, I suppose," pompously suggested Maurice, as he assumed the attitude of a regular Chamber

of Commerce secretary, in the act of granting an interview. Against Publicity "Well, now," he continued, slowly, "I feel that it would be inadvisable for me to furnish you with much information at this advance date. Yuh know, we ain't strong for newspaper write-ups," he added, parenthetically. After considerable coaxing, however, and the promise to work his name into the story, Maurice finally consented to explain the object of the new association. "It's to be for the best interests of the 'newsies,'" said he. "We expect to have a hall where we may meet regularly to discuss methods for increasing our business, making our work easier and for our educational advancement. In other words, it's to be a regular Chamber of Commerce, Y. M. C. A., Lyceum course and high school combined," proudly predicted the embryo organizer. "You know we're going to have

Governor Brumbaugh, Secretary Hyatt, Judge Kunkel and all those men address us," explained the "newsies" who had come to Maurice's rescue. "Why, 'Wag' Hoffman is talkin' to Governor Brumbaugh now," proudly informed Maurice. "You just watch us," admonished the group. "We're going to meet down at the Harrisburg News Agency next week some evening to elect officers. Then we'll make that Chamber of Commerce, Rotary Club and all the rest of them set up and take notice. You wait and see."

BANDAGES When you are bandaging do not try any of the fancy tricks and kinds of the practiced surgeon. Your job is to get the bandage on firmly enough so that it won't slip off, but not so tight that it will restrict the circulation of the blood. Always start bandaging from the thinner end of the limb and work toward the thicker end. Your own intelligence will indicate the best way in which the bandage should be placed.—May Outing.
