THE GLOBE "The Friendly Store"

Doutrichs Takes a FIRM Stand Against Cheap Merchandise

We are constantly endeavoring to convince Harrisburg that there is no comparison between quality at a fair price and cheapness at any price . . . Cheap merchandise never has, never will, never can give any lasting satisfaction.

Kuppenheimer and Our Other Clothes

are not cheap, yet they are always economical. Their advanced tailoring, supplementing superior fabric value, their style which stands so pre-eminently supreme, these things, tho' they cannot be had at cheap price are the very foundation stones of satisfaction, a satisfaction that we can safely guarantee on a money back basis.

That they may be had for as little as fifteen dollars, the garment is due to the new efficiency methods of The House of Kuppenheimer; to the volume of trade with which a community always well served has favored us; to an inside organization of men to whom "greater value giving" is much more than a mere advertising slogan.

The new spring styles are here, ready for your inspection, ready for your selection, ready for service . . . now.

The Store of Greater Values welcomes you
