# Riotous Scenes Follow Duke-Biddle Wedding

*Special to The Telegraph*  
 Philadelphia, April 29.—The precautions of A. J. Drexel Biddle, on behalf of his guests at his daughter's wedding, and the efforts of more than twenty mounted policemen were unavailing in the face of the crowd that assembled in front of the church she left after the ceremony which made her the bride of Angier Buchanan Duke, of New York.

A near riot threatened the bride as she stepped from the canopy into an automobile. Women swarmed upon the steps of the motor car, plucked flowers from the bride's bouquet and tore holes in the canopy to get a glimpse of her as she walked out clasping the arm of her husband. It was only by the most determined efforts that the police and her friends saved Mrs. Duke from humiliation and discomfiture.

# The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffier, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

# THE AMERICAN DISEASE

Neurasthenia may be called a distinctively American disease because the condition of the nervous strain that produces it is more prevalent here than in any other country. Overwork and worry, ambition, haste, the high tension at which business is conducted, all use up the nerve force and produce neurasthenia, for the disease is simply exhaustion and excessive irritability of the nerve centers.

A tendency to neurasthenia is inherited by many Americans whose ancestors had but a small stock of nervous energy to bequeath. Grief, excessive worry or disappointment in love, business or school work may cause neurasthenia.

The symptoms include a feeling of exhaustion upon rising in the morning, of disturbed sleep, headache, with a sense of weight and tightness about the head. The patient is irritable, difficult to please, and suffers from depression.

The treatment is to remove the cause if possible (as when overstudy is responsible) take abundant rest, spend the hours in bed out of every twenty-four, eat as much nourishing food as possible and take Dr. Williams' Pink Pills to restore the nerves. Send to-day for our free booklet on "Nervous Disorders." Address: Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.—Advertisement.

**\$4.95 Instead of \$5.20**

For a short time, only Hard White Ash Pea Coal will be sold for \$4.95 per 2,000 lbs. Former price was \$5.20.

This is the first time we have ever known the price of Pea Coal to be reduced in April. Heretofore any difference in price has been upward instead of down.

Prices were reduced for the reason that large manufacturing plants are not using much Pea Coal for steam purposes because of the dull times.

Besides the difference in the price you will find the quality of coal bought now is better than you may get in winter.

**A Physician's Opinion**

A physician who uses Grape-Nuts in his family was recently asked his opinion of this food. He said—

"It is a concentrated, palatable, nourishing and healthful food. Sweetened slightly and moistened with good rich cream, Grape-Nuts makes a very toothsome dish."

There's a reason for these excellent qualities in Grape-Nuts. This food is made of whole wheat and barley, thoroughly baked and processed to render it easily and quickly digestible—generally in about one hour.

Grape-Nuts contains all the rich nutriment of the grains, including the phosphorous, iron, sulphur, and other mineral elements so necessary for proper nourishment of body and nerve cells. It's a healthful food, and economical also.
