### HOW TO GET FAT AND BE STRONG

People who are below normal weight will be glad to learn that it is possible to put on even as much as thirty or forty pounds of good, solid flesh if they will leave aside their diet, drink plenty of fresh water and get from any good druggist a little Sall-tone in tablet form and take one tablet after each meal and one just before retiring at night. It has recently been found that Sall-tone has a marvelous effect in enabling thin people to extract the fat making elements from their food. It is also said that it has a wonderful effect in case of nervous exhaustion or where a person has become run down from overwork or illness. However, its fattening influence prohibits its use only where a person is very thin. Thousands of people will benefit through this discovery as thin people are generally very sensitive over their figure, but now that it is so easy to put on good healthy flesh, we may soon expect to see many of our thin friends become nice and plump.—Advertisement.

A Week's Free Trial. Use it all week as much as you wish. We want you to be convinced that it is the best sweeper on the market.

Here's Our Plan. Encouraged by the success of our first Vacuum Sweeper Club, we are forming another EASIER HOUSEWORK CLUB. Section View of Reliance Vacuum Sweeper. Notice the three large bellows in the RELIANCE, which sucks out the dust, and has a real bristle brush, which can be adjusted to different thicknesses of carpet. The RELIANCE sweeps and vacuum cleans in one stroke. Has a wood case that will stand service for years to come.

HOUSECLEANING reveals the inefficiency of the broom and Carpet Sweeper. When your rugs are shaken and beaten, the great clouds of dust arising tell more forcibly than words, how little a broom or ordinary carpet sweeper really does in the way of cleaning. The RELIANCE, instead of sweeping lightly over the surface of the carpet or rug, sucks down deeper—the three bellows suck in every particle of dust or dirt. THE RELIANCE will lessen your house-cleaning troubles. It's a big help to use a RELIANCE VACUUM CLEANER. It cleans your floor coverings satisfactorily, and works so easy that a baby can run it. You don't have to dust every time you go over your carpets, as a RELIANCE really eats the dust. If you cannot come to the store, sign this Enrollment Blank and send it to store.
