CUNNINGHAM SAYS MERIT WILL RULE

Highway Commissioner Discusses the Work of the Engineers in the Future

That efficiency and merit are to be the sole factors to be taken into consideration in employing men for the State Highway Department, was made clear to-day by State Highway Commissioner Cunningham. He told the assistant engineers, who had been summoned to Harrisburg from all over the State to confer with the Commissioner and Chief Engineer Uhler, that they were to be held to a strict accountability for conditions in their districts and that if the employees under their direction failed to make good they would be responsible.

and Chief Engineer Uhler were depending upon them to make the present administration successful. Chief Engineer Uhler went into the details of what he expected from the assistant engineers and impressed upon them the necessity for economy in the administration of their offices. "If we have the proper type of men as assistant engineers and the proper type of men as superintendents," he said, "half our battle is won."

FLORENCE REED AT THE REGENT Florence Reed's wonderful emotional acting in "The Dancing Girl" at the Regent Theater, last evening, won for her many friends and admirers and her portrayal entitles her to serious consideration as one of the greatest modern picture actresses in history. The great production will be repeated to-day. "The Dancing Girl," written by Henry Arthur Jones, might have been written for the "movies" so full of action and picturesque is every scene. It is a Daniel Frohman presentation produced by the Famous Players Film Company. The play is conspicuous as one of the best pictures yet seen on the screen. The scenes are beautiful and the cast one of the greatest which has ever appeared in any production. From the beginning to the end of the great play there is always something to interest which places "The Dancing Girl" in the top rank of moving pictures. For to-morrow and Thursday Manager Magaro has engaged a film of Maclyn Arbuckle, the great American star, in "No Laughing Matter." Mr. Arbuckle will be well remembered here as "The County Chairman."—Advertisement. "THE QUEST" AT THE VICTORIA TODAY To-day's presentation of F. McGrene Willis' distinctive photo creation in five parts marks one of the most advanced steps in the motion picture world so far as Harrisburg is concerned. This special feature is a Mutual masterpiece and is positively the highest type of films produced. "The Quest" is a powerful production of realism and romance and features Miss Margarita Fischer supported by Henry Pollard, Joseph Singleton and Robyn Adair and a cast of select players. Two Mutual masterpieces will be shown every week at the Victoria, one each on Tuesdays and Fridays. The popularity of the Victoria as the home of features and the home of Harrisburg's greatest piporgan is unquestioned, and this latest step

completed a series of innovations that have been given to Victoria patrons so that they may enjoy the charm of the silent drama under conditions heretofore unknown. To-morrow "The Key to the Mystery," a sensational secret drama in four parts.—Advertisement. PHOTOPLAY TODAY "The Terrible One," a three-reel Lubin pertaining to the Mexican situation, is well worth the price of admission. This 2,000 feet of film holds you to your seat and with intense interest until the end. Coupled with a pleasing love drama are many thrilling battle scenes fought between "Pisidia," the dictator of Mexico, and "The Terrible One." The picture finishes up with a stirring climax and with all wrongs righted. To-day we show our "Girl Detective Series," thirteenth episode, "Mike Donegal's Escape," a two-reel Kalem. Many thrilling scenes are shown in this picture, which also gives you a good idea of police and prison methods in dealing with crooks.—Advertisement. HAPPY KIDS AT THE COLONIAL The sketch presented by Walker and Ill, in which the attempts of a young man and his spouse to deceive each other as to the time of their arrival home after "a night at the club" are full of good laughs for the audience.
