WOMAN DIES FROM BURNS

Lewistown, Pa., May 4.—Mrs. Ezra Ealy, living at the McClintic pool farm, near Belleville, this county, died yesterday from burns received on Sunday. Mrs. Ealy accompanied by a small daughter, went to the poultry house and noticed that an oil stove in a brooder was not burning right. Lifting the stove the woman started to carry it from the building when the burner came apart, scattering burning oil about. The paper lining of the building caught fire, but Mrs. Ealy quenched the flames with a bucket of water. She then discovered that her skirt was on fire. Mr. McClintic and her husband were nearby and extinguished the flames, but she was fatally burned. She was 45 years old. A husband and one daughter survive.

AGED, WRINKLED FACES Easily Rejuvenated

An aged face is often only a mask to a comparatively youthful person. Beneath is a countenance young and fair to look upon. It's a simple matter to remove the mask. Ordinary mercurized wax, to be had at any drug store, gradually absorbs the worn-out surface skin; in a week or two the user has the loveliest pinky white complexion imaginable. An ounce of the wax usually is sufficient to complete the transformation. It is put on at night like cream and taken off in the morning with warm water.

This remarkable treatment is invariably effective, no matter how muddy, low or discolored the complexion. Freckles, moth-patches, liver spots, pimples, blackheads and other unsightly blemishes naturally vanish with the discarded skin.

To remove wrinkles, here is a recipe that cannot be too highly recommended: Powdered exfolite, 1 oz. dissolved in 1/2-pint witch hazel. Use as a wash lotion. It acts instantaneously and is wonderfully effective.—Advertisement.
