

THIS WOMAN'S SICKNESS

Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.

Bridgeton, N. J.—"I want to thank you a thousand times for the wonderful good Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very much from a female trouble, I had bearing down pains, was irregular and at times could hardly walk across the room. I was unable to do my housework or attend to my baby I was so weak. Lydia E. Pinkham's Vegetable Compound did me a world of good, and now I am strong and healthy, can do my work and tend my baby. I advise all suffering women to take it and get well as I did."—Mrs. FANNIE COOPER, R. F. D., Bridgeton, N. J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want a special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Cut Down Your Coal Bills

Coal prices are at their lowest now and will not change until July 1. A pea coal is only \$4.95 a ton now, the lowest it has been for a number of years. Wise homeowners are cutting down their coal bills by filling their bins with range and furnace coal while the saving prices are in effect.

ACTIVITIES IN THE LEGISLATURE

MASSACHUSETTS ROADS CHIEF HERE

Notable Visitor at the State Highway Department Discusses Pennsylvania Plans

Among the callers on State Highway Commissioner Cunningham yesterday afternoon was Harold Parker, of Massachusetts, the father of the state highway systems now in force in many states. When the Massachusetts State Highway Commission was established in 1893 Mr. Parker's advice was sought as to the best method of procedure. He advised that a line of highways connecting the more important populated centers of the state be selected and designated as state highways. This was done and Massachusetts was the first state to have a state highway system. In 1900 Mr. Parker became a member of the Massachusetts commission and served continuously until 1912, being chairman of the commission the latter part of his term. In 1912 the state of New York, wishing to reorganize its highway department under Commissioner Carlisle, engaged Mr. Parker in an advisory capacity to assist in the reorganization.

Mr. Parker, who has known Highway Commissioner Cunningham for a number of years and who is intimately acquainted with Chief Engineer Usher, stopped over in Harrisburg to pay his respects to these two officials. He was greatly interested in Pennsylvania's plans for "good roads" and in the program for maintenance and repair work which has been mapped out by Commissioner Cunningham.

Ask Commission to Restrain Company

The Citizens' Electric Illuminating Company has filed a petition with the Public Service Commission asking that it be restrained from stringing wires, etc., for the purpose of rendering and furnishing electric energy and current for commercial purposes in the borough of Exeter, Luzerne county.

The borough has awarded a contract to the Consumers company for the lighting of the streets and public highways and this contract has been approved by the commission, but a franchise ordinance which would permit the rendering of service for commercial purposes, that is to say private persons, was dismissed by the commission.

The petitioner claims that the Consumers company is violating this order of the commission.

Lime Treatment in Tuberculosis

In the May 25, 1912, issue of the Journal of the American Medical Association appeared this statement concerning calcium (lime) medication in the treatment of pulmonary tuberculosis:

"Under the systematic, continued and persistent regime of calcium assimilation, Van Gieson has seen a number of his patients improve, undergo an exudation or partial consolidation in the lung, which then resolving would appear to contribute to the walling off and closing of the lesion. In many cases, the course of events, the sputum clearing up of tubercle bacilli, which finally disappear, and the patients are discharged with healed pulmonary tuberculosis."

Ethical medical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many consumptives who have secured like results through the use of Eckman's Alternative.

Since calcium is a constant part of this remedy for pulmonary tuberculosis and allied throat and bronchial affections, its healing power may in some measure be attributed to the manner in which this element is so intimately combined with other ingredients to be easily assimilated by the average person and it does not irritate the stomach.

Eckman's Alternative contains no opiates, narcotics or habit-forming drugs, so it is safe to try. If your druggist is out of it, ask him to order, or send direct to Eckman's Laboratory, Philadelphia.

Valuable Item For Men

Health and strength hitherto unknown will be felt surging in arteries and veins and life's greatest ambition may be realized as never before, if the following special treatment is followed by those men and women who are stricken with that most dreaded of all afflictions, nervous exhaustion, accompanied with such symptoms as extreme nervousness, insomnia, cold extremities, migraines, headaches, constipation and dyspepsia, kidney trouble, dreadful dreams of direful disaster, timidity, nervousness and a general inability to act naturally at all times as other people do. Last, but not least, a constant source of embarrassment even when the public eye suspects it. For the benefit of those who want a restoration to health, bounding manly vigor and happiness accompanying it, the following home treatment is given: It contains no opiates, habit-forming drugs whatever. Mix it at home and no one will be the wiser as to your affliction.

The treatment is simple, thorough and correct. Leading druggists supply the main ingredients, extracts and essences in one ounce bottles, ready to mix. Get three ounces syrup sarsaparilla compound, mix with one ounce compound fluid balsam, and stand two hours. Add one ounce compound essence cayenne, and one ounce tincture cadomene compound (not cardamom). Shake well and take a teaspoonful after each meal and one at bedtime. The ingredients are used for various prescriptions.

News Items of Interest in Central Pennsylvania

Lancaster.—First Lieutenant James N. Lightner, a member of the Lancaster bar, was yesterday elected captain of Company K, Fourth Regiment, N. G., to succeed Captain Quinten O. Reitzel, who was promoted recently to the rank of major. Second Lieutenant B. F. Charles was elected first lieutenant and Sergeant David N. Trapnell, second lieutenant.

Hazleton.—Separation was the remedy suggested by Major James G. Harvey to Mr. and Mrs. Charles Breeze, the latter having her husband arrested charging him with chasing her up in a room because she would not sign deeds that would dispose of the Breeze homestead.

Allentown.—The Lehigh Bleaching and Dyeing Company, fined \$100 by Alderman Gottardt of Allentown, on complaint of the State Fisheries Department, for polluting the Little Lehigh and killing fish, decided to appeal to court.

Allentown.—Dr. W. W. Keen, eminent professor of surgery at Jefferson Medical College, and Dr. Baldy, professor of gynecology at the Gynecial and Polyclinic Hospitals, Philadelphia, have accepted the invitation of Dr. Schaeffer, chief surgeon, to deliver addresses at the nurses' commencement at the Allentown Hospital on May 28.

South Bethlehem.—Miss Mary Snyder, who was yesterday last week christened the English submarine H-3, which had just been assembled in the Vickers Shipyard in that city.

Reading.—Negotiations were closed here by the trustees of the Y. W. C. A. for the purchase of adjoining properties in North Sixth street. The increased demand for accommodation made the purchase necessary.

FIREMEN'S FESTIVAL
New Cumberland, Pa., May 5.—The Citizens Hose Company will hold a festival on the lawn at the hosehouse on Saturday evening, May 22.

UNION PICNIC JULY 24
New Cumberland, Pa., May 5.—It has been decided by the committees of the Sunday schools to hold the union Sunday school picnic July 24.

EMPLOYMENT IN PENNSYLVANIA PRISONS

House Passes the Graham Bills For the Betterment of Conditions in Institutions

Two of the bills recommended by the State Penal Laws Revision Commission were passed in the House at last night's session after remarks by Messrs. Graham, Philadelphia, and Bell, Huntingdon. The first bill provides means whereby prisoners may be employed in manufacture of articles for sale to State and county institutions under direction of a prison labor commission. The second provides a system of employment for the penitentiaries and other institutions. The bill for a commission to determine which portions of the State need reversion was passed by 14 to 22 and the constitutional convention bill postponed.

The House defeated the Glenn bill providing that when rates and service of public service companies are in litigation their books shall be open. The Thompson Senate bill making it unlawful for an insurer to cancel a policy without written application of insured was dropped from the calendar. The bill to bring the hard coal mine workers under the compensation act was passed by 14 to 22.

These Senate bills passed finally: Establishing a dog license system for first class townships. Authorizing commissioners to make appropriations to hospitals. Fixing number and compensation of clerks of Allegheny county court. Fixing the State Law Library under custody of State Treasurer.

Extending for two years time of Engineers' Commission to report. Supplementing corporation acts to provide for construction of railways under charter rights without obtaining consent of local authorities. Giving State Division of Public Records supervision of county, city and borough records.

Placing regulation of milk bottles and jars under commodities act of 1913. Regulating city solicitors in first class cities to prepare plans of highway improvements when a board of viewers is named.

Authorizing O. H. Watts and E. D. Lutz and their wives, of Allentown, to receive the rights of the late A. K. Cassel and Louis Gumbiner, of Philadelphia, to the State. Increasing salaries of Allegheny county court judges from \$4,000 to \$5,000.

Authorizing the Governor to close counties or parts thereof or any stream to hunting or fishing when necessary for health or conservation. The House passed finally: Repealing act of June 7, 1911, relative to licensing of pool tables, etc., in first class cities. Fixing salaries of mine inspectors at \$3,500.

Enlarging powers of city planning commissions in third class cities. Regulating employment of stenographers by district attorneys in counties having between 90,000 and 250,000 population.

Extending weights and measures act of 1911 to weighing devices at coal mines. Fixing salaries of deputies in county offices in counties having between 250,000 and 325,000 population. Regulating employment of birth and death records and reports to State Department of Health.

Fixing pay of county auditors at \$4 per day and mileage at 6 cents. Making board of viewers in Allegheny county elective. The House passed finally sixteen appropriation bills, including the Pennsylvania Experiment Station tuberculosis sanatoria, Huntingdon Reformatory, State College and Spring City State Institution bills carrying over \$5,000,000.

The Senate bill prohibiting use of coloring matter in macaroni, spaghetti, vermicelli and noodles was dropped from the calendar.

The Senate bill providing for appointment of a coroner's physician in counties having between 150,000 and 800,000 was defeated. The Dalk moving picture regulation measure was dropped.

Just before adjournment the House passed finally House bills for uniform procedure in exercise of eminent domain and repealing Suburban Metropolitan Planning Commission act of 1913.

INFLAMED SKIN SOON SOOTHED BY POSLAM

If you are not familiar with the rapid action of Poslam in the relief and eradication of any skin trouble, you should know that Poslam really takes hold and how easily its work is accomplished.

Poslam—Tetter, Psoriasis, Piles, Skin-Scall, Salt Rheum, Barbers' and all forms of Itch are eradicated. Slight eruptions such as Pimples, Acne, Rash, Complexion Blemishes, etc., respond so readily that overnight treatment Cures them.

Poslam is sold by all druggists. For free sample write to Emergency Laboratories, 32 West 22d St., New York.

Poslam Soap, medicated with Poslam, for toilet and bath; 25 cents and 15 cents.—Advertisement.

After the California Expositions —take a Little Sea Trip

Here's the ideal! Go out to California by the way of Denver, Colorado Springs, Pikes Peak, the Wonderful Royal Gorge and Salt Lake City—all this by daylight and without extra charge. Provide you travel on the Burlington Route (C. B. & Q. R. R.), which has through service from Chicago and St. Louis.

After that, "do" California and the Expositions and then take one of those Great Northern Pacific Steamships—the finest on the Pacific—from San Francisco up to Portland, Oregon, and then to Seattle, stop at either Glacier National Park or Yellowstone Park—the wonders of the world.

Now will you allow me to help you plan for such a trip? That's what I'm here for.

You are planning to spend a sum that entitles you to see the best scenery in the world. Let me help you see it without charge, such pictures, maps and printed descriptive matter as will aid you to anticipate the best thing to do. Write, call or telephone. Let me help.

W. Austin, General Agent Passenger Dept. C. B. & Q. R. R. Co., 836 Chestnut St., Philadelphia.—Advertisement.

ANTHRACITE TAX GOES EVERY RAPIDLY

Only Four Votes Cast Against the Dawson Bill When it Reached the Final Stage

The Dawson anthracite coal tax bill was passed finally in the House at yesterday afternoon's session and sent to the Senate. It provides for a 2 1/2 per cent. ad valorem tax, the proceeds to be divided equally between the State and the municipalities producing coal. No discussion of the bill occurred when it was reached and the vote was 174 to 4. The negative votes were cast by Messrs. Gallagher and Klinger, Northumberland; Lindsey, Warren, and Trach, Scranton.

The Spangler bill to permit use of fish baskets for the catching of eels was defeated after a short debate between its sponsor and Mr. Powell. Mr. Powell declared the industry did not amount to much.

The bill to regulate public massoleums was defeated the worst of any in this session, receiving only 6 votes, while 169 were cast against it. An effort to reconsider was defeated, 86 to 46.

The House passed finally the bill to provide a closed season for the muskrat. The bill authorizing courts to order dependent children to be placed in custody of their parents or under the care for payment of pensions by counties was amended by Mr. Ramsey, Delaware, its author, so that judges may order criminal cases against juveniles to quarter sessions courts.

The bill amending women's employment law so that it shall not apply to hotels, boarding houses and restaurants, and unless religious and charitable institutions.

The bill placing under supervision of the Department of Mines of lead mines in which blinominous coal is also mined was passed finally. There is the possibility of malarial infection in regions where they abound.

Failure to give attention to these essential points of legislation may result in poignant regrets instead of delightful holiday memories.

MISSIONARY CONVENTION
Program of Exercises For Important Meeting at Mt. Pleasant
Mechanicsburg, Pa., May 5.—On Tuesday and Wednesday, May 11 and 12, a missionary convention will be held in the Church of God, Mt. Pleasant, York county. The program includes devotional exercises, conducted by Miss L. A. Forney, of Harrisburg; addresses by the Rev. Dr. H. F. Hoover, of Mt. Pleasant; the Rev. J. C. Farnbrook, of Penbrook; the Rev. W. J. Shaffer, Penbrook; the Rev. G. W. Getz, of Steelton. Other speakers are Mrs. J. H. McDonald, of Philadelphia; Miss L. A. Forney, Mrs. O. E. Houston, of Penbrook; Mrs. G. Vahn, of Harrisburg; Miss Edith Myers, of Mt. Pleasant, and Mrs. H. F. Hoover. Recitations, songs and class exercises will be added features of interest.

MINISTER ENTERTAINS SOCIETY
Special to the Telegraph
Dauphin, Pa., May 5.—The Mite Society of the Presbyterian Church was entertained last evening by the Rev. and Mrs. Robert F. Stirling at the "Manse." After the business meeting a "meet and greet" contest and several games were enjoyed by those present. Light refreshments were served to Mr. and Mrs. Harvey C. Forney, Mr. and Mrs. J. W. Hawthorne, Dr. and Mrs. William P. Clark, Mrs. Frederick C. Gerberich, Mrs. Alice B. Hoess, Miss Margaret Brooks, Miss Minnie Hawthorne, Miss Anna Miller, Miss Ruth Shaffer, Miss Gertrude Gross, Miss Ethel Doney, Miss Sarah Margaret Hawthorne, Miss Ann M. Noves, Miss Sabra Clark, Charles Shaffer, Walter J. Shaffer and the Rev. and Mrs. Stirling. The next meeting of the society will be held at the home of Mr. and Mrs. H. C. Forney, on Tuesday evening, May 11.

DIXON DISCUSSES VACATION PLANS

Says Care Should Be Taken Before Visiting Any Place For the Summer Days

Look after the water, the milk and the mosquitoes in selecting a vacation place declares Dr. Samuel G. Dixon, State Commissioner of Health, in his weekly talk on hygiene issued to-night. The commissioner says that failure to observe a few simple rules may result in painful regrets.

"There are thousands of resorts, cottages and camps where the defects in sanitation present a genuine menace. Certain things should be carefully observed:

"The water supply.
"The disposal of sewage and garbage.
"The milk supply, particularly if there are infants or young children.
"If the water supply comes from a well, be sure that it is not located where it will receive underground or surface drainage from a barnyard or outhouse. It is essential to boil water taken from surface streams. Clearness is no guarantee of purity.
"If springs are the source of supply, care should be taken that they are not surrounded by habitations or other sources of pollution. In small villages or shore places if the water supplies are public, diligent inquiry should be made as to whether the source is free from sewage contamination. If the disposal of sewage and garbage is careless, flies are certain to breed, and unless kitchens and dining rooms are carefully screened there is the possibility of typhoid or diarrheal infection from this source.
"With young children, particularly infants, the question of a clean milk supply is one of vital importance. Fresh milk is of little or no advantage unless it is clean milk.
"Insectes also may prove a pestiferous nuisance. There is the possibility of malarial infection in regions where they abound.
"Failure to give attention to these essential points of sanitation may result in poignant regrets instead of delightful holiday memories."
