When you ask for a CREX Rug be sure you get one. "Be from Missouri"-make the salesman show the name CREX on the side binding. If it isn't there it isn't a CREX. If it isn't a CREX you are being cheated.

Substitutes are sold-and so are the purchasers. When a dealer tries to sell you another grass rug as being "just as good," it is because he is making a larger profit on an inferior article.

CREX was the first wire-grass rug made and is still first in durability, beauty and sanitary perfection. Clean, cool, inexpensive—yet always dependable. Holds no dirt nor germs. Needs no beating—simply shaking. Made in a variety of artistic designs and colors, and in various sizes.

BEWARE OF ALL SUBSTITUTES. Shun the cheap Japanese rugs of questionable sanitation; they have been aptly called the "yellow peril."
