

There's a Worthy Suit to Suit Every Man

From the extreme English model to win the favor of the young man who demands the top-notch in snap and style, to the conservative model for the business man whose taste is more subdued, is the style range to be found in

WORTHY CLOTHES AT \$15, \$20, \$25

In materials there is a wide variety to meet the peculiar taste of the individual. Leadership is taken by the GENUINE GLEN URQUHART PLAIDS, which come in for the greatest amount of favor. Then, too, there are the smart checks, the plain blue serges, and those with pin and chalk stripes—always stylish—always popular.

Special to Young Men!

We take pleasure in announcing the arrival today of some striking English models of the well known "Fitform" make. The young man whose taste runs to the extreme will welcome the opportunity to obtain one of these unusual values, at..... \$20

STEELTON READY TO START ON PARK DEVELOPMENT

Big Force of Volunteers Will Help on Kelker Tract; Schools to Turn Out in Force

With Warren H. Manning, the Boston landscape architect, on the job and members of the Municipal League of Steelton at work, plans for to-morrow's field day exercises, which will formally start the development of the Luther B. Kelker Park, are rapidly rounding out.

From all indications there will be a big force of volunteers on hand early in the morning to tackle the work. Principal C. S. Davis, of the High school, chairman of the committee in charge, this morning invited the school boys to co-operate. So much interest in the park development was shown by the students that more than 100 boys from the High school and Central grammar school offered their services. This small army of youthful workmen will bring their lunches with them and spend a large part of the day in Kelker Park.

Early this morning several additional teams and a big motor truck were placed in service to transport the slag that will cover the drives and walks, from the steel works to the park. The truck was loaned by H. A. Hartman and extra teams were loaned by the United Ice and Coal Company, and the Steelton Transfer Company.

Mr. Manning, in company with members of the Municipal League, went over the park tract to-day and marked out a number of walks. He also designated the trees that are to be removed, the ones that are to be trimmed and the location of new trees.

The field day exercises will commence to-morrow morning at 8 o'clock if the weather permits. The Municipal League has invited every one to help in the work.

Afternoon to Be Reserved For Local Sunday Schools

Plans for a Sunday school afternoon at the Hills tabernacle next Wednesday are being formulated. Members of all the co-operating Sunday schools will meet at the tabernacle at 3 o'clock. Although the committee is considering a big street demonstration, no definite plans have been announced.

Mrs. C. E. Hills preached to a large audience last night on "God's Value of the Individual." The session was a strong plea for personal work.

"The tendency to-day," declared the evangelist's wife, "as evidenced by various sects is to exact a doctrine instead of preaching the gospel of salvation. The proof of the value of any sect is whether they are trying to save souls."

There Are More Than Dollars and Cents Behind the Purpose of Good Clothes Making

FROM the first inspiration of the designer to the last stitch of the tailor, BOWMAN CLOTHES undergo a process of exactness through which every detail must measure up to the standard—and that is the best. Good tailoring shows in the appearance—in the fit, which means ease and comfort; in the workmanship, which assures long and satisfactory service.

Style Is Not Merely a Temporary Achievement of the Flat Iron

Altogether, it is a result of first class designers employed by the makers, and the good tailoring that follows. Fabric plays its part, for without the firmly woven, dependable kinds, much of the effect is lost.

And in all, BOWMAN CLOTHES are moderately priced: \$9.90, \$12.50, \$15, \$20

We are confident that every man can choose a suit at one of these figures, for we have here, one of the smartest assortments of everything new and stylish for the men folk.

Plaids in a large variety of the most popular patterns. Shades that are most desired. Conservative models for quiet dressers. Sizes for men of all "dimensions."

Bowman's Men's Shops Are Outfitters of Men Who Know Value

The "Bowman Four" Shoe Decidedly the smartest shoe you will find at the price. Black and russet calfskin. Cloth tops or not, as you elect. Bench made on the popular English last. Price \$4.00

Men's Dress Shirts Some strikingly new stripe effects; percale and madras; French cuffs; at \$1.00 and \$1.50

Silk Shirts in a variety of snappy patterns, range from \$3.25 to \$5.00

Summer Underwear B. V. D. Athletic suits; also Scriven's elastic seam suits \$1.00 Chalmers genuine Poros Knit Union Suits \$1.00

Union suits at 50¢—nainsook and mesh; the latter full length and short sleeves.

New Neckwear

Just received a number of new thoughts in nobby stripes and some plain shades. Wide open end four-in-hands 50¢ and \$1.00

Warm Weather Nees

- Blue serge skeleton coats. White flannel trousers. Alpaca coats. Spicilia coats. Palm Beach Suits. Khaki, duck and linen trousers. Dusters (men's and boys').

"CLEAN-UP" WEEK ON HOME STRETCH

1,000 Wagonloads of Rubbish Removed; Work on Uptown Districts

Falling before the vigorous onslaught of housewives in the West End yesterday, strongholds of dirt and refuse were completely routed and to-day "Clean-Up Week" entered the homestretch. Approximately 1,000 wagonloads of rubbish, including garbage, have been removed. Dead animals, broken furniture, mattresses, tin cans and discarded articles figure prominently among the junk. To-day's attack fell in the district between Verbeke and Kelker streets. Officials of the City Health Department have no doubt that the municipal housecleaning will be more successful than last year. The start was made several weeks later than formerly, giving the housekeepers an opportunity to clean their houses inside before starting on the outside. Dr. J. M. J. Raupick, city health officer, said to-day that there is no doubt that "Clean-Up Week" will be finished well within the allotted time.

Food Prices Before and During War Contrasted

By Associated Press Warsaw, Russian Poland, May 7, via London, 11:20 A. M.—A detailed report of the desperate situation prevailing to-day in the mining district of Western Poland, now in possession of the Germans, has been received by the Rockefeller commission which was organized to assist the suffering population of this region. A comparison of food prices before the war with those which prevailed in January of this year show the following contrasts: Eye flour, increased from \$40 to \$90 a ton; wheat flour, from \$50 to \$102; buckwheat, from \$60 to \$125, and peas, from \$60 to \$250. Before the war a ton of straw cost \$210; in January it brought \$12, and the price of oats has increased 500 per cent.

Drink and Tax Question Discussed by Cabinet

By Associated Press London, May 7.—The cabinet considered the drink and tax questions at a long meeting yesterday. According to the Daily Mail, it was decided to abandon entirely the proposals now before parliament and a new alternative proposed by Chancellor Lloyd-George was favorably received. In place of a graduated surtax on strong beers the chancellor recommends a rearrangement of the existing taxes, lessening the tax on the lighter brews and increasing it on the heavier, but without any alteration in the average of the existing taxes. The chancellor seeks to handicap the retail sale of liquor by putting a tax on spirits according to their age. The cabinet also considered a proposal to prohibit altogether the sale of spirits which have not been in bond for at least three years. The entire abolition of the new taxes on wines, it is reported, is probable.
