WORMLEYSBURG HIGH SCHOOL GRADUATES

Wormleysburg, Pa., May 7.—Above are the members of the graduating class of the Wormleysburg high school. From left to right in the top row are Hilda Famous, Esther Jenkins, Beatrice H. Bixler, Kathleen Buck, Mabel Shaeffer and Josie Hoon. The program for the commencement this evening follows: Music by orchestra and Crescent Male Quartet; invocation, the Rev. S. E. Vance, salutory, "Heart's," Kathleen M. Buck; recitation, "The Discipline of Life and Character," Josie M. Hoon; recitation, "Aunt Sarah on Bicycle," Hildagard M. Famous; recitation, "Brier Rose," Beatrice H. Bixler; recitation, "The American Flag," Esther A. Jenkins; valedictory, "Courtesy," Mabel E. Shaeffer; vocal solo, selected, Hildagard M. Famous; address, Professor W. M. Dennis, state high school inspector; class song, "Carmelia," H. Lave Wilson; presentation of diplomas, Professor J. Kelso Green, superintendent of Cumberland county schools; benediction, the Rev. G. B. Renshaw.

FIRE "SPRINKLERS" TO REDUCE DANGER

By Unique System Heat in Store Will Release Water; Modern Electrical Devices Help

Danger from possible fires will be reduced to a minimum in the new Kaufman stores by the installation of a modern, if unique, automatic sprinkling system and electrical light and power equipment. Installation of the electric devices will be started by the Harrisburg Light and Power Company as soon as the sprinkling system is completed.

The sprinklers will be placed about the floors and walls to the number of 400. Heat fuses will be attached in such a way that when the temperature reaches say 130, the controls will be released and gallons of water will flood the building.

Besides the usual outlets for interior lighting, provision will be made for placing electric signs, indicating the way from one department to another; an elaborate electric fanning system will insure a constant supply of fresh air; private telephones with store exchange will be installed so communication may be had between departments and workrooms; electric sewing machines, electric irons and vacuum cleaners in the alteration rooms will be other features.

Another innovation will be an electric refrigeration system with spigot connections in all departments, insuring a good supply of cool water all the time. This will be operated by a five-horsepower motor. A pneumatic cash tube, system will be provided while passenger and traffic elevators will be operated by 15 and 7 1/2 horsepower motors, respectively. In the basement, outlets for connections to supply current for operating electrical toys will be installed. As a final touch to what will be the most modernly equipped department store in an electrical way in this section of the State will be the four exterior signs, on the front and one on the roof, while special arrangements will be made for window and other interior, decorative lighting.

OUR REPRESENTATIVES

Among bills introduced into various State Legislatures during their last sessions were these specimens:

Minnesota—Law to prevent the catching of frogs.

Kansas—Law prohibiting the use of face powder, hair dye or bleach, the piercing of ears and wearing of earrings.

Colorado—Law to provide that bulls driven along roads at night shall wear lights.

North Dakota—Providing for uniform thickness of sleigh runners.

Minnesota—Law providing that lumberjacks shall be furnished with individual bathtubs.

UNMEDICAL ADVICE

"Doctor, I have an almost irresistible desire to kiss every pretty girl I see. As I'm engaged to marry, what shall I do?" "Not let your fiancée know it."

THE HIGHER EDUCATION

"Have you read much sacred literature?" "Well, I've read all of Hall Caine's books."

RHEUMATISM IN ANKLES

One Bottle of Rheuma Relieved Woman Who Could Not Walk

Marvelous as this story may seem, it is absolutely true; but this is only one of the many almost magical cures that Rheuma is performing these days. Use of one bottle will convince any sufferer.

Mrs. Gertrude Kozel, Smithfield, Pa., writes: "I had rheumatism for over a year; it settled in my ankles and I could not walk. I have taken one bottle of Rheuma and do not have any more pain, and I can again walk at will."

H. C. Kennedy and all druggists sell Rheuma for 50 cents. It is guaranteed to cure any case of any kind of rheumatism or money back.

Gratifying relief comes in a day, because Rheuma acts at one time on the kidneys, stomach, liver and blood, and starts to rid the entire system of poisonous uric acid at once.—Advertisement.

Millionaire Tobacco Man Is Sued For \$2,000,000

Special to The Telegraph

New York, May 7.—James B. Duke, millionaire tobacco manufacturer, is defendant in a suit, trial of which was begun to-day in the Supreme Court, brought by the Interstate Chemical Company, a Virginia corporation, which owns and operates phosphate mines in Florida. The complaint charges that Mr. Duke failed to keep an alleged agreement made in September, 1912, to co-operate with the corporation, falsely and fraudulently deceived the plaintiff and came into possession of certain properties which the court is asked to declare to be held in trust by Mr. Duke for the plaintiff. About \$2,000,000 is involved.

Another demand contained in the petition is that Mr. Duke be required to participate, to the extent of \$3,000,000, in a new corporation for making chemicals, and that the plaintiff corporation's directors be offered \$2,000,000 of the new company's stock.

THIS SEASON WILL BE JULIA SANDERSON'S LAST IN MUSICAL COMEDY

Special to The Telegraph

Here is a bit of news which will cause consternation in the hearts of admirers of Julia Sanderson, who comes to the Majestic Wednesday evening, May 12, together with Donald Brian and Joseph Cawthorne, in Charles Frohman's tri-star constellation in "The Girl From Utah." Miss Sanderson is now playing her final engagement in musical comedy. But there is a leavening of consolation in this announcement, as the dainty Miss Sanderson is to simply turn her talents to the dramatic field. Charles Frohman, who has presented her in so many musical comedies and has guided her dainty footsteps up from the chorus through a maze of principal and "feature" roles to the highest position of stardom, will present Miss Sanderson in a comedy without music by Catherine Chisholm Cushing which has already been completed and approved by Miss Sanderson and accepted by Mr. Frohman.—Advertisement.

WASH VEGETABLES BEFORE YOU TRY TO SELL THEM

The following is taken from the current issue of Farm and Fireside: "A quick, sure and easy way to clean potatoes, beets and parsnips for market, excepting new potatoes, is to wash in water, using a common scrubbing brush to remove the dirt."

"There is nothing which sells so quickly or commands such good prices as clean vegetables, although most of us send them to market with the dirt still caked to them. Such a policy depreciates not only the value of the entire load but the value of the farmer himself."

"Washed potatoes and other vegetables are better to handle and show up better in the clean basket than the dirty tuber in the soiled box or bag."

POS-LAM JUST WHAT YOU NEED WHEN SKIN AILS

When you need a remedy for any skin trouble, let Poslam be your first thought. It is most rapid in action, intense in healing power and always dependable. After every application you can feel and see that it is doing good.

Poslam Soap, antiseptic, hygienic, assures protection and health of skin, 25 cents and 15 cents.—Advertisement.

SCRANTON MAN ENDS LIFE

Father of Woman Evangelist Commits Suicide at Charity Institution

Special to The Telegraph

Scranton, Pa., May 7.—Reese Bevan, father of Maggie Bevan, the Welsh evangelist, now with the Dr. George Wood Anderson revival party at Millville, N. J., committed suicide early this morning at the Hillside Home, a county charitable institution, where he has been under observation for the last two weeks.

Bevan found a dust-pan in a hall, smashed it and used a ragged-edge of the tin to sever an artery in his wrist. He was dead when discovered by attendants.

Bloom of Youth Now Easily Attained

You no longer need to "doctor" that sallow, freckled, blackheaded, rough, blotchy, pimpled or over-red skin. You can remove it, instead—easily, painlessly, inexpensively. By a new scientific process, which anyone can use without assistance, the dead and near-dead surface skin, with all its imperfections, is gently, gradually absorbed—and a radiant, youthful and beautiful complexion comes forth! Go to your druggist, get an ounce of pure mercuric iodine wax, and apply it to the face of this completely cover the face; don't rub it in. Next morning remove the wax with warm water. The result after a few days is astonishing. You wonder why this secret wasn't discovered long ago.

Let the wrinkled folks also take hope. Put an ounce of powdered saxolite into a half pint witch hazel, bathe the face in the solution and—say!—there's nothing that will so effectually, so promptly smooth out all those hateful lines.—Advertisement.

SAVE 50% ON YOUR TIRES BY DOUBLING YOUR MILEAGE

This cross section of the tire shows the improved way of making the highest grade Pneumatic tire tread. The tread is made from a series of canvas strips impregnated with rubber in such a way that it prevents the tread from separating from the air-carcase, splitting, peeling off, or coming apart. It also prevents rupturing of all tires, and it also prevents punctures and blow-outs. The tread is so tough it will not split, peel off, or crack like other makes of tires. Each layer is a binder to the tread, which holds the rubber between the plys in its place. It takes more than 1,500 miles of road service to wear off one layer of each layer is non-skid. No chains necessary. Count the many thousand miles you can run. It saves 25 per cent on gasoline and engine power. Buy any size tires until you have examined this tire. Write for free booklet telling many other important features and agents' proposition.

ASK CLEMENCY FOR FRANK

Cornell Alumni in Pennsylvania Send Pleas to Governor Slaton

Special to The Telegraph

Atlanta, Ga., May 7.—Governor Slaton had before him to-day a bound volume containing hundreds of sterner circulars from the Cornell Alumni Association of Western Pennsylvania, asking executive clemency for Leo M. Frank, convicted of the murder of Mary Phagan, an Atlanta factory girl.

Personal notes to the Governor were attached to many of the circulars by Cornell alumni, who knew Frank. He is a graduate of Cornell.

TO HUNT SNAKES

The Epworth League of B. F. Stevens Methodist Church will hunt wild flowers and snakes on the hills around West Fairview to-morrow afternoon. The expedition will leave the Square on the 2 o'clock car. Botanists and "charmers" will be along to instruct and safe-guard the party.

NEWSIES MEET TO-NIGHT

Members of the Harrisburg Newsboys' Association will hold a meeting to-night in the rooms of the Harrisburg News Agency, 108 Chestnut street. The by-laws of the association will come up for approval.

MOTHER AND INFANT MURDERED

Special to The Telegraph

Chicago, May 7.—Mrs. Ella Copper-smith, 27, wife of John Copper-smith, a commission merchant, and her son John, 2 years old, were found murdered in their home on the South Side yesterday afternoon. Their throats had been cut and their skulls crushed.

SAFETY VERY MUCH FIRST
