52,000,000 People of U. S. Live Where King Alcohol Is **Barred Out** 

MAJOR DAN MORGAN SMITH

MAJOR DAN MORGAN SMITH

Major Dan Morgan Smith, of Chicago, who is touring the nation in the interest of prohibition, will speak in Derry Street United Brethren Church Sunday afternoon at 3.15 o'clock.

Until several years ago Major Smith was general counsel of the National Model License League and star "wet" platform speaker of the country. Then, after careful consideration, he changed his front and is now devoting much of his time to prohibition work.

A recent bulletin of the Anti-Saloon League of America shows that 52,000,000 of the population of the United States live in prohibition territory. One-fourth of all the people in the United States who live in saloon territory reside in six cities—New York, Chicago, Philadelphia, St. Louis, Boston and Cleveland.

## **PUSH WORK ON CITY PAVING OPERATIONS**

[Continued from First Page.]

inaps, is Derry street, from Twenty-third street eastward to the city line. Just now the Harrisburg Railways Company is busy putting down the paving between and immediately on the outside of its tracks. This part of the work is pretty nearly completed. The construction company's concreting gangs are following close behind. Surfacing of the section of Second street from Chestnut to the subway approach has been finished and the railroad company which will pave the slopes, is preparing to lay the brick with which the approaches will be paved. The traction company has already concreted between its tracks and the curbing is now being set preparatory to receiving the bricks. The footwalk along the big wall on the eastern side of the street south of the subway has been finished.

Push Grading Work

Grading and curbing of Emerald street is being pushed ahead while excavations are well under way in Wengert, Whistler, Apricot and Wharton streets. In Primrose street the curbing is already in place, in Ethel street the contractors are setting up the granite curb.

With the exception of a few sections, the big concrete retaining wall that will support the Cumberland Valley railroad embankment in Mulberry street has been finished. The sewering in the great level that is to constitute the Pennsy freight station site south of Mulberry and east of Second is completed.

While comparatively little paving could be done this year because of a lack of funds for intersections, the other improvement work is keeping scores of men busy and splendid headway is being made on all the operations under the careful eye of City Commissioner W. H. Lynch, superintendent of streets and public improvements.

## LEGISLATURE WILL ADJOURN ON MAY 20

[Continued from First Page.]

Wilson and passed without opposition. In addition to fixing the date for adjournment the conference outlined a program on revenue raising measures so that the State will have more money for roads, schools and charities. The election bills, the public service commission, executive appointments and other legislation were not discussed. The program on the revenue bills is to pass the anthracite tax which it

An interesting demonstration of the pure food products of Lutz and Schramm is no v in progress in the Grocery Section in the Basement.

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just ordinary mulsified cocoanut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rines out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified cocoanut oil (it must be mulsified, plain cocoanut oil will not do) at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

INSPECTION TRIP

Bernstorff May Be Asked

# Special to The Telegraph

Washington. D. C., May 12.—Despite the refusal of Cabinet officers to discuss what took place at yesterday's meeting, it became known that one subject of discussion was Dr. Bernhard Dernburg, former German colonial secretary and sometimes spoken of as Emperor William's unofficial spokesman in the United States.

Dr. Dernburg's speeches were referred to, it was understood, and his most recent utterances in Cleveland and New York, justifying the torpedoing of the Lusitania, were mentioned by at least one member of the Cabinet. Although the German embassy has stated that Dr. Dernburg has no connection with it, that he is in the United States. In view of his prominence and the weight of his utterances, it was suggested to-day in official quarters that it might not be unusual if the State Department were to inquire of Count Bernstorff of his standing.

So far Dr. Dernburg is regarded as a traveler and a guest of the United States.

A dispatch from Ambassador Gerard, at Berlin, was received to-day and sent to the President, but its contents were not revealed. The evidence given by Captain Turner, of the Lusitania, before the coroner's jury has been reported to the State Department and will be used by officials in their study of the case.

The Pennsylvania railroad is on a tour of inspection. He will cover all subdivisions and branches of the main line cast of Altoona, except those of the Northern Central.

Some significance is said to be attached to this inspection. While no elaborate improvements are positive, local officials look for numerous clocal officials look for numerous deplace in operation of trains, and local officials look for numerous clocal officials look for numerous clocal officials look for numerous clocal officials look for numerous deplace in operation of trains, and local officials look for numerous clocal officials look for numerous clocal officials look for

A pope Benedict Believes Italy Will Enter War By Associated Press

San Sebastian, Spain, via Paris, May 12, 5.30 A. M. — Pope Benedict is greatly depressed by the trend of events in Italy and believes the intervention of that country in the war is only a question of days, according the possible effect war would have on the relations between the quirinal and the vatican.

He has decided, it is said here, not only to invite the German, Austran and Bavarian ambassadors accredited to the vatican to leave Rome, but to withdraw the papal nunclos from the courts of countries which would be hostile to Italy.
