ACTIVITIES IN THE LEGISLATURE

HIGHWAY FUNDS GOING TO BE SHY

Commissioner Cunningham Tells Blair Counties That the State Is Not Flush Now

That the State Highway Department will have little, if any, money available for the construction of new roads this year, was asserted by State Highway Commissioner Cunningham today in answering the plea made by a delegation from Blair county, for the construction of a portion of Sproul Route No. 55, between Tyrone and Altoona. The commissioner reiterated his belief that maintenance would require nearly all of the \$2,000,000 which the department expects to get from the Legislature for this year. This \$2,000,000 is one year's part of the \$8,000,000 appropriation requested for maintenance, repair and construction work.

The Blair county delegation was headed by Senator Plymouth W. Snyder, who was accompanied by the three Blair county representatives, McCurdy, Brumbaugh and Rininger. Others in the delegation were former Senator E. M. Jones, Richard Beaton, Burgess of Tyrone; W. E. Hoffman, C. M. Waple, D. S. Kloss, Professor Al. Grier and Dr. J. W. Nelson.

NEW STAMP TAX IS BEFORE MEMBERS

Wilson Presents Measure Designed to Replace the Hess Revenue Raiser at Once

A bill providing for a two-cent stamp tax on each share of stock transferred or sold was introduced into the House last night by W. H. Wilson, Philadelphia. The bill is designed to be a revenue producer and it is expected that the measure will raise \$400,000. The bill materially differs from that defeated several days ago. It covers agreements to sell and memoranda of sales. The auditor general is to sell the stamps. The teachers' retirement bill was indefinitely postponed by the House Education committee after a prolonged discussion. The bill was urged by various educational organizations.

The bill relative to the hours of labor of women employed in train service was negatived by the Judiciary Special committee.

Among bills reported were the Walton third class city bill, Senate bill authorizing advance payments to charitable institutions if bonds are filed and the auctioneers' regulation bill.

MARKET COMPANY OFFICERS

W. J. Lesure was re-elected president of the Chestnut Street Market Company by the board of directors at a recent meeting. Other officers who were re-elected are: H. E. Hershey, vice-president; Dr. H. M. Stine, secretary and treasurer; and J. C. Ensminger, marketmaster.

TO DEVELOP FARM

The Livestone farm of fifty-eight acres at Enola has been purchased by George A. Houck, of Penbrook, who will develop and cut it into bungalow and city farm sites.

HOUSE DEFEATING BILLS THESE DAYS

Revenue and Other Measures Having a Hard Time in the Lower Branch This Session

The House continued to defeat bills last night. It showed signs of rearing up on various bills during the afternoon and last night voted down several after brief discussions.

The Senate bill to create a bureau of elevator inspection to have jurisdiction everywhere except first class cities was defeated on third reading by 112 yeas to 49 nays. Mr. Markle, Allegheny, and Mr. Williams, Tioga, attacked it on the ground of expense, saying it would cost in the neighborhood of \$70,000. Mr. A. Pottler said the State factory inspectors could be depended upon to inspect. Mr. Reynolds, Philadelphia, endeavored to defend the bill, but did not make much headway.

After a protest by Mr. Showalter, Union, the House defeated the Daix Senate bill providing for the Second Regiment to go to the Panama-Pacific Exposition. Mr. Showalter said that the measure gave officers their per diem pay and in his opinion they should be glad to get the trip without pay. The bill to amend the required majority. The vocational education bill carrying \$425,300 was passed finally without any discussion.

The bill also defeated and then reconsidered the bill permitting insertion in a charter of a religious corporation of a provision making the rector or minister chosen by the congregation ex-officio chairman of the governing body. The bill to amend the line fence act so that railroads could be required to build fences was also defeated.

The House reconsidered and passed the bill amending the act of 1887 relative to assignment of claims on wages so that the burden of proof regarding good faith of assignment shall rest on the person making the assignment. Mr. McVicar made a statement on its purposes outlining the former laws.

The county fund deposit bill was refused reconsideration.

Among bills passed finally was the Snyder bill which would permit Dauphin county to buy any of the river bridges.

Senate pure paint bill. Amending parole act to provide for recummittments by the Governor. Authorizing orphans' court clerks to name guardians to assist in issuance of marriage licenses in absence of orphans' court judges.

At the afternoon session the Aron resolution proposing amendment to the constitution to abolish poll tax was defeated after a good bit of hilarity.

The amendment regulating holding and disposal of public property by a municipality was passed.

Among the bills passed was Senate bill consolidating proceeds of municipal loans of first class cities. The Senate bill regulating payment of interest on damages caused by taking of property for public use was defeated.

A bill was introduced by Speaker Ambler to appropriate \$1,000 to purchase the site of Sullivan's bridge at Valley Forge.

The Swartz bill to repeal the third class city acts relative to boiler inspection was defeated.

IF YOU WILL LOOK AROUND HARRISBURG,

read the advertising pages of our papers and go window shopping a bit, you'll find many a carbon copy of Doutrichs.

We can't protest against this condition, our receipts for success are not, nor cannot, be copyrighted; fact is we have no desire to keep the commercial world from enjoying the benefits incident to their use.

We started this business with but one idea, to give Harrisburg greater clothing values and better clothing service than men had thought possible heretofore...and we have done it.

No small credit is due to

The House of Kuppenheimer

for the successful practicing of this policy. We had to have right merchandise and they supplied it. WE guaranteed satisfaction at every point and Kuppenheimer merchandise upheld that guarantee.

We grew faster than any store in Pennsylvania, and every new customer, every ring of our cash register, added strength to our position. Greater volume made even greater value possible.

Come into the Live Store to-morrow; ask, test, prove for yourself the justice of our claims to leadership. Come to the Original Greater Value Giving Store...carbon copies are O. K. but you take a chance of some point being blurred.

COMPENSATION GETS A HEARING

Final Discussion of the Acts Before the Committee of Senators in Charge

What is to be the final public hearing on the workmen's compensation bills was held by the Senate committee on corporations yesterday afternoon, at which most of the amendments suggested for insertion in the measures when they were before the House were again offered. As was the case when the bills were before the lower House, all those who appeared in criticism of the measures made it plain that they were not against workmen's compensation, but were opposed to certain provisions. The committee is expected to make very few changes.

Representatives of the Pennsylvania Manufacturers' Association, State Laundriers' Association, manufacturers of Eric and anthracite and bituminous coal operators appeared before the committee to urge amendments. Most of them wanted the common law defenses restored in the bills so as to protect employers against those employees who do not accept the compensation law. Some objected to the bill exempting farm and domestic labor from the provisions of the law because it was believed to be unconstitutional on the ground of class legislation and because domestic servants were competitors of laundry workers.

Various other amendments were offered, such as limiting the total liability of \$4,000 to all claims whether for total or partial disability, eliminating nonresident foreigners from any benefits of the law, limiting the number of weeks under which employees could secure compensation to 400 weeks instead of 500. Suggestions were also offered to give more protection to employers against employees who might take technical advantage of the law in some cases. It was also suggested that employees pay 10 per cent of the insurance fund.

During the hearing it was announced that the provision relating to lens against employers would be changed so that lens may not be filed against them until the eleventh day after they default in the payment of compensation awarded against them.

Representatives of various kinds of insurance companies also appeared and submitted amendments to the State insurance fund, which, they said, would bring about fair competition among the several forms of insurance

Troops Called Out to Disperse War Enthusiasts

Rome, May 11, via Paris, May 12. — Troops were called out to-night to disperse a great crowd of war enthusiasts who paraded the principal streets crying "Down with Austria." "Down with Giolitti," and cheering for Premier Salandra and Minister of Foreign Affairs Sonnino. Most of the persons in the throng apparently felt the greatest animosity toward former Premier Giolitti, who is regarded as the leader of the peace party. An attempt was made to storm his residence, but it was frustrated by soldiers. The crowd jeered as it passed the German college.

Corns Dissolved Away

By Painless Remedy Success Every Time

No pain, no cutting, no plasters or pads to press the sore spot. Putnam's Corn Extractor makes the corn go without pain. Just apply according to directions and you can then forget you ever had a corn. Just as good for callouses, warts or bunions. It removes the cause and thereby effects a lasting relief.
