

### Greatest of All Human Blessings

The most wonderful thing in the world is love expressed in the helpless infant. And among those aids and comforts for expectant mothers is the well known "Mother's Friend."

This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments.

In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to learn of its splendid assistance.

Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pains so much dreaded may be avoided and the period of expectancy passed through in ease and comfort.

Anything that adds so much comfort must be counted as a blessing indeed.

In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid making breasts. Get a bottle to-day and write for book to **Bradford Regulator Co., 409 Lamar Building, Atlanta, Ga.** Be sure you get "Mother's Friend."

### No More Superfluous Hair

**How to Kill and Permanently Dissolve Out Roots and All.** Reader explains how to prepare and use at home the simple new absorption process by which she avoided danger and the electric needle. Why prescriptions, appliances, acids, lotions and similar remedies should be avoided.

**TO READERS OF THE TELEGRAPH**

At the recent medical conference held in Paris, numerous eminent physicians cited cases which prove beyond doubt that since the discovery of a new and simple absorption process superfluous hair has become as unnecessary as it is repulsive. It was also explained how electrical processes always stimulate LATE hair growth, how pulling with tweezers causes ingrown hairs and how acids, caustic pastes and other worthless remedies only affect surface hair, which soon grows again.

Then the distinguished physicians told how anyone can now prepare and use at home a simple liquid which immediately creeps down through hair shaft (just as oil creeps into a candle wick) dissolving hair as the liquid is absorbed.

The entire hair structure from socket to root and a capsule may be dissolved out of existence, so there is nothing to grow again. The liquid acts only upon hair and is harmless to the skin. It is a simple hair absorption process, after the use of a delicate emulsion, acids, pastes, etc., had all eaten the skin and tissue, as a test will quickly prove, but the liquid MUST NOT BE ALLOWED TO TOUCH DESIRABLE HAIR, AS IT KNOWS OF NO WAY TO RESTORE LIFE TO ROOTS AND IS DESTROYED.

When I see daily so many women with perfect features who would be hideous growths of ugly hair upon lips and chin. I always wish I could tell them how easily they could recover their natural heritage of delicate feminine charm and attractiveness.

I should therefore be only too happy to send literature in regard to the preparation and use of the marvelous liquid explained at the conference which it was my privilege to attend. If any woman reader of the Telegraph cares to send me her name and address, plainly written (postage to England is two cents), together with a two-cent stamp for return postage, I shall be pleased to send in plain sealed envelope full particulars of this simple process of any kind; so women readers can use their own bodies. Have correspondence brief as possible and do not write to thank me after hair is destroyed, as my time is greatly limited and I have nothing to sell. I can agree to answer but one person in each family and correspondence strictly confidential. ALMA RANDALL, Suite 145-A, 127 Regent Street, London, W. England. There is of course no interruption in the regular mail service between this country and England.

**DEGREE FOR GOVERNOR**

Governor Brumbaugh has been kept fairly busy at Harrisburg doctoring legislation which appeared to him to be more or less decrepit. He was not able to attend the House sufficiently to swallow local option, but that was not the Governor's fault. It didn't militate against his standing as a doctor generally, or at least Lafayette College doesn't think so.

That institution of learning will next month decorate the Governor with a degree of doctor of laws. A couple of other colleges have already done that, but in a language which Governor Brumbaugh well understands, "es macht nichts aus."—Girard in Philadelphia Ledger.

**CHANGES AT "THE SPOT"**

The announcement coming from Joseph Brenner, manager of The Spot Clothing Store, in South Fourth street, gives promise of quite a few changes in this recently established store.

Announcement has been made that all shoes and furnishings will be closed out and that the entire lower level of the store will be devoted to women's furnishings: coats, suits and waists. The second floor will remain as it is now, devoted to men's, boys' and children's clothing. Immediately after the first floor stock has been disposed of, new fixtures will be installed and the business will then be conducted exclusively for the sale of men's and women's clothing.—Advertisement.

### How Fat Folks May Become Slim

**A SIMPLE, SAFE AND RELIABLE WAY THAT CALLS FOR NO DRAS TIC DIETS, TIRED-SOME EXERCISES.**

To be excessively fat is very mortifying. People who are too stout are mighty sensitive on this subject. Style and fat folks are strangers. Therefore people who are carrying around a burden of unhealthy and surplus fat will be glad to know that they can reduce their weight without starvation diet or tiresome exercises.

If you have been getting too stout of late and want to reduce your weight in a simple, safe and reliable way, spend as much time as you can in the open air, practice deep breathing and get from any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight, and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, helps digestion, coats little and is designed to reduce fatty accumulations in the system wherever located.

Even a few days' treatment should show a noticeable reduction in weight, the flesh should become firm, the skin smooth and the general health improved. In fact, your footsteps should even become lighter, your work seem easier and a lighter and more buoyant feeling take possession of your whole being.

Every person who is ten or fifteen pounds over normal weight should give this treatment a trial. You will probably find it is just what you need.—Advertisement.

### STOUGH BAKER AT BIBLE CONFERENCE

Miss Josephine Colt, With Wm. H. Pike, to Address Students in Baptist Church

Miss Josephine Colt, one of the Stough party who preceded the coming of Dr. Henry W. Stough, and had charge of the workers training class, will be in Harrisburg May 22, 23, 24 and 25, under the auspices of the Harrisburg Monthly Bible Conference Association.

Miss Colt will have entire charge of the Saturday night meeting, May 22, and of the Sunday afternoon meeting of May 23. These gatherings are to be held in the auditorium of the First Baptist Church, Second and Pine streets.

Monday and Tuesday afternoon and evening, May 24 and 25, the Rev. W. H. Pike, dean of the Practical Bible Training school, of Bible School Park, N. Y., with Mrs. Pike, both of whom are singers, as well as teachers in the Bible school, will with Miss Colt conduct the Bible study.

In the afternoon Mr. Pike will give "Studies in the First Book of John." On Monday evening, his subject will be "The War Faith" and Tuesday evening "The Wonders of Faith" taken from the eleventh chapter of Hebrews.

Those who heard Mr. Pike on this subject last February are anxious to hear him again. This conference is to be the closing one for the season. The Stough hymn book will be used, and many of the choir under Professor Clippinger will attend.

### DON'T MAKE DRUGS OF YOUR BOYS AND GIRLS

In the current issue of Farm and Fireside an Ohio woman makes the following frank comment on how to keep boys and girls on farms:

"Don't get the idea into your head that you must raise your children as you were raised. Times have changed since we were kids, and we must change with them to make success in life. Give them all the education you can afford. Don't think that because you received only a few years' schooling and got through life all right your children can do the same.

"Above all, don't make a drudge out of the boys and girls, working them from morning till night, never stopping to think that they are not strong enough for the amount of work you are compelling them to do. Most men won't put a colt to work until it is old enough to stand it, and then do so by easy stages; but parents turn right around and put the boy to working a full day long before he is able to do so. It seems strange that some men have more consideration for a colt than they do for their children. Many fathers see in their boys a way to help them save and grasp all they can, and never think of the boy's pleasure or comfort. Is it any wonder, then, that he gets tired of staying at home and branches out for himself? They never stop to think that had they treated the boy right he would still be at home. Give him a good room and a house he can enjoy."

### How Actresses Remove Hair

A Letter From Roszika Dolly, World-Famous Artistic Dancer:

"It gives me pleasure to commend most highly your Liquid Hair Remover, El Rado, for its quick action and splendid effect. In my professional work as artistic dancer the appearance of the arms is most important. El Rado makes possible the sleeveless frock and complete freedom of motion without embarrassment."

El Rado is a Sanitary Liquid that removes hair from the face, lip, neck or arms quickly and harmlessly. All you have to do is to saturate the hair thoroughly with a little El Rado, and in a few moments the hair becomes harmlessly dissolved. You then wash off with a little plain water and the hair is all gone, while the skin is left in a perfectly smooth, clear condition.

Removing the hair from under the arms, if becoming more and more general. It gives a sensation of complete "cleanliness" which women like. But any form of cutting or shaving for such a purpose is most unwise, as this not only increases the growth, but coarsens it. El Rado is more simple to use, it removes the hair for a much longer period, and instead of coarsening the hair it keeps becoming finer with each application.

El Rado is sold in 50c and \$1.00 sizes at leading Drug and Department stores with the distinct understanding that the money is to be refunded if not satisfactory. Try El Rado on your arm to-day. Take nothing else.

If you prefer we will gladly fill your order by mail direct, in plain wrapper, if you will write enclosing stamps or coin. For full information and letters from prominent users merely send a postal. Pigeon Mfg. Co., 47 East 38th St., New York.

### This Is Also a Paid Advertisement

**RIGHT OR WRONG.**

We do not believe a whole lot in expending much money for newspaper advertising so that we are thereby compelled to ask increased prices for our goods. However, we do, just occasionally like to let EVERY ONE know that this store is now as always selling furniture and other housefurnishings at lower prices than most other stores.

**OUR WAY—**

We do a large business under an economical expense system which enables us to quote the lowest possible prices on EVERYTHING. Our prices are uniformly low on all our goods. Our stock is one of the largest and most complete in the city.

Our customers will tell you that this store is not only one of the largest, but the best store in which to purchase their home needs. In fact, our customers really prove to be our advertisers and they have done it very well indeed. We believe thoroughly in a business system that will convince the customer that what he purchases here is at least just a little better for the same money, or as good for less money than he can obtain it for elsewhere.

This is the system which has built up our business to its present large proportions and is still doing good work for us. We try our best to give our customers the most for their money and our experience has been that the customer can always be depended upon to return the favor in some good way.

**REMEMBER THAT—**

You may not see our advertisement in the newspapers very often, but we ask you to chalk this down: When you want to buy good furniture at the way-down price, this is the store that is sure to be there with the goods you may want and with the price that will suit.

**A JITNEY WILL LET YOU OFF RIGHT AT OUR DOOR.**
