DON'T WASH YOUR HAIR WITH SOAP

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

MASONS DEMAND THAT ARMS EXPORT CEASE

Grand Master Freifeld, of New York Grand Lodge, Calls Traffic Unchristian

New York, May 14.—A strong protest against the exportation of arms and ammunition from this country to the warring nations of Europe was voiced by Grand Master George Freifeld, of the grand lodge of Freemasons of New York State at its one hundred and thirty-fourth annual convention. The grand master called upon members of the Masonic fraternity in the State of New York, numbering 137,000, to begin a campaign against the traffic in arms.

Protests Sale of Arms "The time is ripe, brethren, to instill into the hearts and minds of men the idea of a brotherhood so deep and strong as not only to prevent the killing of men by other men with arms, but to prevent also the spectator or so-called neutral from supplying the deadly weapons with which more murder shall be accomplished. The command 'Thou shalt not kill' applies equally to him who has the weapon and to him who holds it for such use by another."

Foreign Masons Ask No Help After describing the grand lodge's efforts to ascertain how to succor its brethren in the war-stricken countries the grand master said that many weeks elapsed before responses were received and that none of them expressed the desire for immediate action, and some declined help.

Westminster Gazette Comments on Message

London, May 14, 1.33 P. M.—Referring to the note of President Wilson to the government of Germany the Westminster Gazette says: "The central fact is that in the name of humanity and international law the United States demands a guarantee that no German merchant ship shall travel over any portion of the seas, in neutral or belligerent vessels, shall be respected. This is of profound importance not only for the present war but for the further peace of the world, and by dispatching this note the greatest of the neutral powers definitely takes a stand on main-tenance of the rights hitherto set down for warfare at sea."

They have an elaborate stage setting, and will present a musical comedy act of the kind that Colonial audiences always like. They will be here to-morrow and Saturday.—Advertisement.
