Lord Haldane Hints at Conscription For England

London, May 17.—Viscount Haldane, lord high chancellor, in the house of lords to-day sounded a note of warning to the nation on the possibility of conscription. He said:

"We are fighting for our lives in perhaps the most tremendous war in history, and, even though we may think that under ordinary conditions and in time of peace the system of voluntary enlistment is one from which it would be the most difficult to depart, yet we may find that we shall have to reconsider that situation in the light of the tremendous necessities of the nation. I think conscription may come, but it is well to remember that our voluntary system has given us an army which, for quality, compares with anything that can be put in the field."

Lord Haldane's announcement appears to confirm the idea prevalent here that, while recruiting has been satisfactory, the heavy fighting which has been taking place in Flanders, where the Germans have for a long time been attacking with the greatest violence the British line, many more men will be required if victory is to be attained.

SUFFRAGISTS TO HELP ON GOOD ROADS DAY

[Continued from First Page.]

You please appoint a committee to confer with the township road supervisors as to how to best co-operate in your immediate location.

The State Highway Department further says: "You needn't cook a great big dinner; you needn't make a market basket full of sandwiches; you needn't brew a dozen gallons of tea or coffee. But you can furnish a ham, several loaves of bread, and buckets of cool spring water with dippers in them, and you and the children can carry this to the nearest point beneath the shade trees along the road at the noon hour and call the workers for their toil to partake of refreshments."

As the Pennsylvania Woman Suffrage Association has active local organizations in every county in the State and as the members of these locals are intensely interested in all propositions that tend to bring about civic or State improvements, it is assured that there will be a big response on the part of the women to the call for co-operation on Good Roads Day. Judging from the early responses already received at State headquarters, none of the men who help repair the public road that day need worry about where their lunch is coming from.

NEWS OF THE RAILROADS

TRAINMEN URGE VETO FOR REPEALER

Local Officials Deny Intention to Cut Full Crews If Full Crew Law Is Killed

Resolutions urging Governor Martin G. Brumbaugh to veto the full crew repeal bill were passed by local lodges yesterday. Similar action was taken by trainmen and conductors throughout the State. Petitions were this

morning sent to legislative headquarters of the Brotherhood of Railroad Trainmen to-day, and reached Governor Brumbaugh later in the day. Officials of the Pennsylvania railroad to-day denied the reports that if Governor Brumbaugh would sign the repealer, all crews would be cut. A number of passenger trains were taken off the schedule when the full crew law went into effect. These trains will be restored, it is said, if the Governor signs the repealer.

Lackawanna Official Bars Employes Who Drink

Special to The Telegraph
Wilkes-Barre, Pa., May 17.—Orders have been issued to all employes in the storerooms of the Lackawanna railroad over its entire system that hereafter employes who drink intoxicating liquors will not be continued in the service of the company. The order was issued by General Storekeeper J. N. Shaw, and it further states that no men who use

liquor will be employed in the future. This action was brought about as the result of a former storehouse employe confessing to wholesale thefts of brass from the company that he might raise funds to continue to enjoy the so-called "high life" which his salary of \$60 per month would not permit.

An Open Letter This Is Also a Paid Advertisement

RIGHT OR WRONG.

We do not believe a whole lot in expending much money for newspaper advertising so that we are thereby compelled to ask increased prices for our goods. However, we do, just occasionally like to let EVERY ONE know that this store is now as always selling furniture and other household furnishings at lower prices than most other stores.

OUR WAY—

We do a large business under an economical expense system which enables us to quote the lowest possible prices on EVERYTHING. Our prices are uniformly low on all our goods. Our stock is one of the largest and most complete in the city.

Our customers will tell you that this store is not only one of the largest, but the best store in which to purchase their home needs. In fact, our customers really prove to be our advertisers and they have done it very well indeed. We believe thoroughly in a business system that will convince the customer that what he purchases here is at least just a little better for the same money, or as good for less money than he can obtain it for elsewhere.

This is the system which has built up our business to its present large proportions and is still doing good work for us. We try our best to give our customers the most for their money and our experience has been that the customer can always be depended upon to return the favor in some good way.

REMEMBER THAT—

You may not see our advertisement in the newspapers very often, but we ask you to chalk this down: When you want to buy good furniture at the way-down price, this is the store that is sure to be there with the goods you may want and with the price that will suit.

A JITNEY WILL LET YOU OFF RIGHT AT OUR DOOR.
