MAY MEET TARTAR IN CHAMBERSBURG TEAM

Arrange Thursday Game to Please Local Businessmen; Challenge to Local Clubs

Harrisburg with two victories hung up, may meet a tartar in Chambersburg on Thursday. George Strohs' ability as a manager will be further proven if he shows an aggregation stronger than the local independents. The game on Thursday will be the first midweek attraction and was arranged for businessmen. Manager J. Harry Messersmith is anxious to please local patrons. He desires an expression of opinion as to the most convenient time for starting games at Island Park. The local team was at practice this afternoon. Captain 'Shorty' Miller had a squad of fifteen men at work. There is not likely to be any change in the line-up for the present. The team that went against Elizabethtown last Saturday is considered one of the best that has ever represented Harrisburg independently. In order to prove this, Manager Messersmith is willing to play a series with any local team for the city championship.

Yale Gives Up Trophy; Will Not Count Roos' Points

Special to The Telegraph New Haven, Conn., May 18.—Yale has withdrawn Roos as a result of Harvard's announced determination to protest the Harvard-Yale dual meet which Yale won by a few points. The Ell weight man earned five points through finishing first in the shot-put against Harvard, and the cancellation of these points gives Harvard the meet. According to a statement made by Capt. W. M. Shedden and E. J. Stackpole, Jr., the manager, the Yale idea was that questions of eligibility as between Harvard and Yale in their dual track games were to be decided under the deed of gift covering competition for the track cup. Under the terms of this document as construed by Yale, the Blue considered Roos eligible to compete. Harvard's objection was that the provisions of the deed of gift respecting eligibility had been superseded by other eligibility rules under which Roos would have been ineligible. Yale's victory this year, being the fifth, would give her permanent possession of the dual trophy, and rather than win it through a technicality the Yale management yields to the Harvard contention.
