Poslam is the most useful remedy for Pimples, Under Itchiness and minor skin affections, as it is for Eczema and stubborn eruptions.

To see how quickly it will dispose of Pimples or clear an inflamed complexion, apply upon the affected spot at night and note the improvement next morning. Poslam takes hold and exerts its work of healing at once. You can tell after one or two applications just how it is going to act. Its results after brief time are often surprising—almost incredible. Poslam is absolutely harmless.

V. FOR W. HEAR SEES GOOD OMEN IN SLAM

(Continued from First Page.)

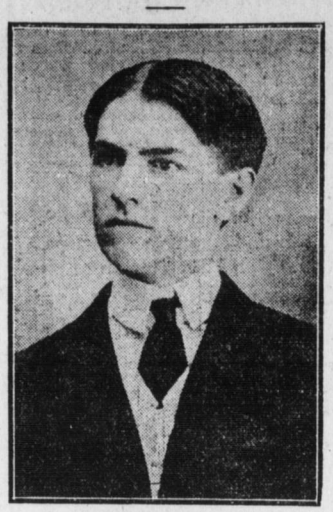

its defeat of the Women Watchers bill, has given Pennsylvania the dubious distinction of being the only Commonwealth in this country to refuse to pass such a bill when the women asked for its protection to assure a fair vote on the suffrage amendment at the polls. All other States where the question of woman suffrage has been referred to the voters have granted the women this assurance of fair play without quibble or delay. This was exemplified in the neighboring States of New York and New Jersey when the legislatures of both these States passed such bills as the members of the Pennsylvania House rejected to-night.

"We recognize, however, that this is the action of only a few men and that the thousands of men voters whom these legislators profess to represent, will show their love of fair play by so overwhelming a vote on election day that a greater victory will be accomplished.

"Taken all in all, I feel that the action of the House in defeating our bill is a good omen. It tends to indicate that the interests who naturally oppose woman suffrage are so fearful that a majority of the voters will give the women of Pennsylvania the ballot this year that they have taken this method to make victory as difficult as possible.

"The defeat of the bill merely means that our fight for fair play has begun. We shall appeal from this unfair treatment, at the hands of ninety-nine legislators, to the thousands of Pennsylvania voters for justice."

Hair Made Beautiful

Wherever you go you hear people comment upon a pretty woman and it is really beautiful hair more than anything else that gives her the appearance of charm, youth and beauty.

Any woman can merit this praise. For beautiful hair is only a matter of care. Just as a woman needs attention and nourishment so must the hair have care and nutriment to make it grow long, thick, soft, fluffy and lustrous. The scalp must be free from dandruff, and the hair roots properly nourished, as nature intended.

Parisian Sage, a delicately perfumed liquid tonic that is easily applied at home, is just what is needed. It tones up and invigorates the roots of the hair and furnishes the necessary elements to make it grow long, soft, abundant and full of life.

Since Parisian Sage, which can be obtained from any drug counter, never disappoints, it is no longer necessary for any woman to be humiliated because of thin, faded, lifeless or unattractive hair—and pretty hair, more than anything else, helps every woman to retain her charm and youthful appearance.

ROMANIA'S ATTITUDE IS BEING CLOSELY WATCHED

By Associated Press

Rome, May 19.—Rumania's attitude regarding the war is being watched with keenest interest, as no official announcement has been made as to whether the cordial relations which always have existed between that country and Italy have been transformed into an actual alliance. There undoubtedly is a diplomatic understanding between the two governments, as Prince Ghika, the Rumanian minister, is the only foreign diplomat who has had long daily interviews with Foreign Minister Sonnino during the past fortnight.

TOO HIGHLY SEASONED FOOD LEADS TO DRINK

(Continued from First Page.)

These characteristics present themselves in bewildering succession. If one of these characteristics in any way overshadows the others it is that of motherliness.

Mrs. Vaughn's first claim to prominence was gained in her home city as an excellent mother. It was in the care of her very interesting family of three boys and two girls that she received the first inspiration to investigate and practice in her own home, the modern improvements of domestic science and the study of foods for the improvement of the Trindle Spring road, which was built in 1907 by the State Highway Department. The supervisors of Hampton and West Pennsboro townships will be asked to co-operate.

supervise the work done. This road was selected by the motor club, considering that practically no work of any kind had been done on the pike since its construction, and Mechanicsburg motorists and the large number of club members throughout this vicinity have assured their hearty cooperation.

On the Mechanicsburg committee are George W. Owens, Dr. E. E. Campbell, president of Irving College, L. H. Lamb, Dr. P. R. Koons and John W. Geiger. A meeting will be held at Mechanicsburg to-morrow night, when local men will meet the Mechanicsburg committee and road supervisors of Hampton and West Pennsboro townships.

The use of trucks for hauling has been tendered and tools will be provided by the State and various contractors. Material will be distributed early next week along the entire stretch of road between the borough

GOOD ROADS DAY TO BE A BUSY ONE

(Continued from First Page.)

These who cannot get away from their daily vocation may hire someone else or contribute the amount necessary to secure a worker for the day. The Governor will devote his time on that day to keeping in touch and personally inspect the work in as many townships as possible.

The Motor Club of Harrisburg gave its endorsement to the state-wide movement last evening by donating the amount necessary to hire 200 men at \$1.50 per day. These men will be under the direction of President Bosch and Secretary Myton for the improvement of the Trindle Spring road, which was built in 1907 by the State Highway Department. The supervisors of Hampton and West Pennsboro townships will be asked to co-operate.

burg and preparations made so that the men may work to the best possible advantage and complete the work before darkness sets in on May 26.

Motorists joining in the movement or sending workmen are asked to report at the Motor Club headquarters, in the Patriot building, at 6 o'clock Wednesday morning, May 26. A meeting will be held on Friday night, when additional plans will be worked out for the improvement of this road.

Not only motor clubs, but every township in the state is expected to do its share on this day to improve the bad spots in the roads throughout the state. Farmers and neighbors in suburban towns will no doubt pull together and co-operate with their township supervisor in order to accomplish the best results. Most every state in the Union designates some day during the year as "good roads day," with governors directing the state-wide movement or in overalls on the road with the businessmen and laborers.

TAKE THE "TRIP OF SHADOWS" on your WESTERN TOUR

Forty Mile Optional River Trip Through the Romantic St. Joe Country, Idaho, Without Extra Cost—

Absolutely unique in American travel is the trip down the "Shadowy" St. Joe River of Idaho, declared by some writers to be "a trip through fairyland." It affords forty miles of incomparable mirror reflections—mountains, forests, clouds, headlands and blossoming shores appear as clear and seemingly as real as the originals.

This trip is an exclusive feature of the Chicago, Milwaukee & St. Paul Railway and is optional with the traveler; that is, if he wishes he may leave the train at St. Maries, Idaho, and without extra cost, take a steamer down the St. Joe River and across beautiful Lake Coeur d'Alene to Coeur d'Alene, thence by rail to Spokane, where the Chicago, Milwaukee & St. Paul Ry. is again resumed. Side trips are available to Yellowstone Park, Rainier National Park and in the Spokane and Puget Sound Country.

Chicago, Milwaukee & St. Paul RAILWAY

This route to the Pacific North Coast affords the vastest extent of beautiful mountain scenery, visible close at hand from the famous all-steel "Olympian" and the all-steel "Columbian."

Return from California by the "Pacific Limited," the premier through train of this road, from both Los Angeles and San Francisco to Chicago.
