NEWS OF THE RAILROADS INSPECTION DAY FOR P. R. R. TRAINMEN

Passenger Employees Given the Look-over at Altoona Today; Marks Are Important

Passenger trainmen of the Middle and Bedford divisions of the Pennsylvania railroad were on show at Altoona to-day. It was semiannual inspection day. Every man, whether on or off duty, had to be recorded as being present.

Trainmen were obliged to wear their uniforms and to have with them coats and caps worn when on extra duty. Assistant Trainmaster B. T. Shook held the inspection. Each employee was called into the office and after answering a number of questions was given a look-over.

In making these inspections the trainmen receive marks that count in their promotion. Condition of clothes, shoes and buttons are taken into consideration. Spottless caps entitle owners to marks that count in the summing up. Inspection hours were from 9 to 12 and from 2 to 6.

Railway Magnates

Discuss Mail Pay

Special to The Telegraph
New York, May 21.—At a meeting to-day of railroad executives representing 90 per cent. of the entire mileage of the country the question of the compensation paid the railroads for carrying the mails was thoroughly discussed.

The position of the committee on railway mail pay in advocating that the system of paying the railroads, according to the weight of mail transported be retained and opposing the so-called "space plan" of payment, advocated by the Post Office Department, was unanimously sustained.

The reforms of the present law, urged by the committee on railway mail pay, were also unanimously approved, as follows:
1. That the mails be weighed, and the pay readjusted, at least once a year on every railway mail route, instead of once in four years, as at present.
2. That the railroads be paid for, or relieved from, the duty of carrying the mails between railroad stations and post offices.
3. That the railroads be paid for apartment post office cars, for which the present law allows no pay, on a pro rata basis with the railroads for full railway post office cars.

Miss Addams in Berlin With Peace Resolution

Berlin, via London, May 21.—Miss Jane Addams has arrived in this city to present to the foreign office resolutions adopted at the women's peace conference held recently at the Hague. She expects to have a conference with Foreign Minister Jagow before Sunday and possibly to see Chancellor Von Bethmann-Hollweg as well. She lunched yesterday with United States Ambassador Gerard who it is understood will assist her in an unofficial capacity.

Miss Addams will go next to Vienna and then to Berne and Paris upon the same mission. She expressed the belief to-day that there need be no fear of serious eventualities between the United States and Germany.

"President Wilson and Secretary Bryan both are firmly opposed to war," she said. "It seems as though the whole world has gone crazy. There must be some little spot left where reason still rules."

BATTLESHIP SUPPORTS TROOPS

By Associated Press
Paris, May 21, 4.05 A. M.—A dispatch to the Havas Agency from Athens dated Thursday says: "The British battleship Queen Elizabeth, posted in the gulf of Saros, supported the allies with her big guns during a battle on the North side of the Gallipoli peninsula yesterday, according to dispatches from Mytiline. The forts and batteries at Nasara are being bombarded continuously. Fort Kild Bahr is resisting feebly."

NO MORE BUMPS ON PETERS MOUNTAIN

County Commissioners to Eliminate "Thank-ye-ma'ams" and Substitute Iron Piping

Peters Mountain pike, the long four-mile stretch that leads across the mountains beyond Dauphin, is to be made far more easy and comfortable or access for motor and vehicular travel in the future by the action of the County Commissioners to-day deciding to eliminate the "breakers" or "thank-ye-ma'ams" in the highway. The commissioners will place sections of 12-inch corrugated steel pipe at proper intervals on both slopes, which will be covered with earth in such a way as to preserve the smoothness of the highway and at the same time insure proper drainage. All told about 290 feet of piping, in 20 and 25 foot sections, will be purchased and bids will be opened by the commissioners next Wednesday.

Final School Tax Notices.—Final warnings relative to the payment of delinquent personal school taxes for 1914 have been sent out by City Treasurer O. M. Copelin. In each instance the tax amounts to \$1 and in his note of warning the City Treasurer states that unless payment is made within a few days less action to recover will be taken. Hundreds paid up to-day.

Last Pay to Constables.—The last voucher for constables representing delinquent costs was paid out to-day by the commissioners. The vouchers called for about \$44. All told more than \$2,000 has been paid out for constables unpaid pending the determination of a legal suit.

DUNN BILL APPROVED

Governor Brumbaugh to-day approved the Dunn bill, providing for a formal celebration of Independence Day at Independence Hall, Philadelphia, this year. The Governor is to appoint a commission of ten citizens of the city, which are to act with a similar commission created by Philadelphia city councils. The appropriation is \$10,000. Originally the bill created a commission to arrange such a celebration each year, but it was amended so as to apply only to this year.
