Italians in U. S. May Not Be Called to Italy

Last Note in Green Book Sent to Burian

By Associated Press
Paris, May 21, 10.13 A. M.—A Havas dispatch from Rome says: "The final document in the Green Book issued by the Italian government is the note sent to the foreign minister Sonnino to the Duke of Aviano, Italian ambassador at Vienna, annulling the triple alliance. The note, which was communicated to Baron Burian, Austrian foreign minister on May 4, closes with the following statement: "All efforts of the Italian government encounter the resistance of the imperial Austrian government, which after several months decides to concede only the special interests of Italy in Avlona and to promise in sufficient concession of territory in Trent—a concession which would not be a normal solution of the situation from ethical, political and military points of view. This concession, moreover, would not be accomplished except at an undetermined period; that is to say, only at the end of the war."

Balfour's Health May Prevent His Acceptance

By Associated Press
London, May 21.—Nothing further has developed concerning the ministerial crisis beyond the authoritative statement that the health of former Premier Balfour is likely to preclude his acceptance of the post of the first lord of the admiralty though this would appear to be in doubt as to whether both parties desire that he take the office.

Spain Will Protect Interests of Italy

Rome, May 20, 10.25 P. M., via Paris, May 21, 5.55 A. M.—The Tribune says the Italian government has not yet decided what neutral country will be asked to protect the interests of Italians in Germany after war is declared but predicts that it will be Spain.

WILL TEACH MODERN METHODS OF COOKING

[Continued from First Page.]
lectures and cookery lessons. Many inquiries have been made regarding the school and a number of the best housekeepers of Harrisburg have expressed their intention of attending every afternoon next week. There is no doubt that this is the best

way to get the full benefit of the course. Each of Mrs. Vaughn's lectures is complete in itself but all are in a manner connected, each one growing logically out of the one preceding it. On Monday she will lecture on "The Home."
Is Home Enthusiasm
Her hobby is "better homes." She says that if the phrase "back to the farm" voices the material need of America to-day, "back to the home" expresses the moral and spiritual need. She finds the women, adjusting themselves to new conditions, have had a tendency to swing out of line in this matter of making and caring for the home, but she has faith in American womanhood and especially in the present generation of the American girl and feels that with the impetus they are gaining from domestic science training, they are going to swing back into the right channel and give to America a generation of housekeepers and cooks which will excel any the country has ever known.
Mrs. Vaughn's home is in Nashville, Tennessee and she has all of the southern woman's pride in distinctively southern dishes. She finds women

everywhere thoroughly aroused to the need of up-to-date and efficient house-keeping methods and domestic science training for young women rapidly gaining in popularity.

Pleasing Quarters Secured
The Telegraph School of Home Economics for housewives and cooks is to be held in Fahnstock Hall at the Y. M. C. A. Building, where there will be plenty of comfortable seats for the hundreds of women who will be eager to meet Mrs. Vaughn and profit by her domestic science and cookery instruction. A complete domestic science equipment is to be provided for Mrs. Vaughn's cooking lessons and nothing will be left undone to enhance the comfort of the women of Harrisburg who will take advantage of this most unusual opportunity of hearing one of the finest lecturers in the country.

Will Give Souvenirs
Besides the privilege of hearing Mrs. Vaughn and seeing her splendid cookery operations, and tasting the wonderful dishes prepared by her, she is going to add to the value of this cookery course by giving away a large number of her best receipts, all of which are thoroughly tested and are absolutely reliable. None of them call for expensive ingredients, and every housewife will be pleased indeed to add these to her collection, and to test them for the pleasure and benefit of the family. Mrs. Vaughn has a national reputation as a cake baker and will not only bake cakes to be served at the Home Economics

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute
Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative that cure the liver in almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.
These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.
It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.
Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists.

Many Hundreds Visit Technical High School

Many hundreds attended the ninth annual open session of Technical High School, last evening.
The building was thrown open from basement to roof and while grateful parents and friends offered friendly words of criticism, persisting students labored over forge and lathe. A display of finished work was a feature of the affair.
In the main auditorium the student orchestra played during the evening. Members of the School Board, the faculty and Professor Howard G. Dibble, new principal of Central High, were interested spectators.

ELECTRIC LIGHT CO. APPEALS STATE TAX LEVY FOR 1914

On the ground that it is not liable for the State tax imposed upon the old Harrisburg Steam Heat and Power company prior to its incorporation with the electric utility, the Harrisburg Light and Power company yesterday afternoon appealed to the Dauphin county court from payment of the State tax as charged by the auditor general's account.
The company contends that the steam heat company was not required to file a report of its gross receipts for the six months ending December 31, 1914, and that therefore the appellant is really only liable for \$2,165.91 in State taxes instead of \$2,479.55 as charged.

HARRISBURG RAILWAYS PAYS CITY \$23,780.92 FOR YEAR

The percentage paid in for the twelve months just past is larger than any previous amount with the exception of last year when \$24,039.10 was turned in.
For twelve years the traction company has been paying in the three per cent of its gross earnings to the city.
