## GETTYSBURG BOY IN U. S. MARINE CORPS

Enlisted in Q. M. Dept. During 50th Anniversary Celebration of Great Battle

## BALLPLAYER BADLY HURT

High School Baseball Team Has Good Record for First Part of Season

*By Special Correspondence*  
Gettysburg, Pa., May 22.—Squeezed between a big hay wagon and the side of his father's barn, Fred Bireley, a 10-year-old son of Mr. and Mrs. J. C. Bireley, of New Oxford, was severely hurt. The lad's collarbone was fractured and his ligaments torn, his shoulder hurt and his face scratched and bruised. The accident occurred just as several men pulled up to the Bireley barn to mow some hay. The boy was playing there and attempted to run between the wagon and the barn. — Robert Miller, Jr., a former resident of Gettysburg, who enlisted here with the quartermaster's department of the United States army, during the fiftieth anniversary celebration, is now stationed at League Island, in the signal service of the United States Marine Corps, in which he recently enlisted. Miller was stationed at Plattsburg barracks, N. Y., when with the quartermaster's department, but purchased his discharge from that service so he could join the marine corps. In his discharge he received the mark "excellent." Lloyd Gilbert, third baseman on the Gettysburg high school team, received a broken nose in practice at Kurtz playground. Gilbert had his head turned, when a team-mate threw the ball to him and he was struck fairly on the nose.—Games won, 11; lost, 2. This is the fine record of the Gettysburg high school baseball team attained this year and one, that the school may feel proud of, considering the strong teams they opposed during the season.

## NEWS OF THE RAILROADS

### MATT H. SHAY QUILTS AS INSURANCE HEAD

Retirement Is Big Surprise to Local Members of the B. of L. E.

Members of the Brotherhood of Locomotive Engineers in Harrisburg learned with surprise yesterday of the resignation of Matt H. Shay, secretary and treasurer of the insurance department. Ill health is given as the reason for Mr. Shay's retirement. He was first elected in 1904 and was re-elected in 1912 in Harrisburg. The resignation is now before the convention at Cleveland.

Recently Matt H. Shay was retired from the service of the Erie Railroad after a service of forty-four years. In honor of his long and faithful service the gigantic centipede engine, the largest of the kind in the world, was named the "Matt H. Shay."

During the convention in Harrisburg as treasurer of the insurance department Mr. Shay introduced a new system for paying benefits to members who have not been long on the membership roll. If a member dies now the full face of the policy is paid to the beneficiary even if he had been afflicted with the policy for only a day. The plan proposed is to pay 40 per cent. of the face of the policy if death occurs in five days or less, 60 per cent. if death occurs in not more than ninety days, the policy to become effective for the full amount after ninety days.

### New Pneumatic Brakes For Passenger Trains

Electric-pneumatic brakes are soon to displace the airbrakes used on the passenger trains of the Pennsylvania railroad. This form of brake has been developed because of the weight of trains made up of all-steel cars.

### TO BUY LOCOMOTIVES

*Special to The Telegraph*  
Hagerstown, Md., May 22.—The Western Maryland Railroad Company is figuring on fifteen new passenger electric locomotives and will, it is stated, soon ask for bids for their manufacture. The order will represent an expenditure of \$250,000. The purchase of additional equipment is made necessary by the increasing traffic on the road.
