MILLERSBURG STORE ROBBED BY BURGLARS

Three Men Captured Several Miles From Town After Early Morning Chase

Special to The Telegraph
Millersburg, Pa., May 24. — Jacob Gonder, of near Halifax, a man named Humphries and a 16-year-old boy named Dormer, the two latter residing across the river near Montgomery's Ferry, came to Millersburg Saturday evening and indulged freely in drink. They attempted an entrance into the Johnson-Baillie shoe factory, but were chased away by the watchman. Next they broke a large pane of glass at the office of F. S. Kirk, electrician, in Center street, about 3 o'clock in the afternoon, and filled their pockets with flashlights on display in the window. The noise was heard by Wilmer Romberger, who, with Mr. Kirk and others, went after the trio, two of whom they captured near the baseball grounds, and later Harvey Hoffner and Policeman Baker caught the other one as he was nearing his boat to go to his home side of the river, three miles south of Millersburg. The three robbers were placed in the lockup over Sunday and will be given a hearing today. Other burglars Saturday night went through the house of Jacob Troutman, in Moore street, securing \$18 in cash. There is no clue to the latter robbers except the print made by new rubber-sole shoes on the porch.

Cross, fretful babies usually need a laxative to make them comfortable, and comfort begets happiness. Constipation is the cause of much discomfort. Mothers should watch closely the condition of their children's bowels and see that they are regular. A mild, pleasant tasting laxative such as Dr. Caldwell's Syrup Pepsin, is ideal for children because of its natural composition and gentle action, and because it contains no opiate, narcotic or other harmful habit-forming drug. Two Fairs at Half Fare; Railroad Rates Cut In Two

The railroads have greatly reduced their fares and made it possible for you to see both the San Francisco and San Diego Expositions on one ticket. By way of the Burlington Route (C. B. & Q. R. R.) the cost of a railroad ticket to California and back will be only about one-half the usual price, and you can take in the incomparable Colorado scenery, including the Royal Gorge, see Denver, Colorado Springs, Pueblo and Salt Lake City on the way, stopping off at any point desired. Returning, you may enjoy a sea trip up the coast to Portland, see Tacoma, Seattle and Spokane, and either Glacier National Park or Yellowstone Park—the wonders of the world. You don't take a trip like this very often. You should see the best scenery en route and not spend any more than is necessary to do it. Tell me when you plan to go, how long you can stay, and let me make up an itinerary to fit your particular needs. Let me explain how and why the Burlington can serve you best. I'll be glad to do it. TO DEVELOP THE BUST

It is no wonder that a woman with a well developed bust and pretty shoulders is always the center of admiration when the great majority of ladies these days are so thin, flat chested and scrawny. It is silly for a woman to allow false pride to keep her from enjoying to the full the charms of perfect womanhood when it may so easily be obtained by a process that will positively be of benefit to the general health. It does not matter how thin or flat chested a woman may be if she is over 15 years of age, or under 50, she can have a bust that will be the envy of all her sex. All that is necessary for her to do is to drink plenty of fresh water and get from any good druggist a little Salitone in tablet form and take one tablet after each meal and one before retiring at night. This is the simplest, surest, safest and most reliable method known to science. It acts quickly, gives a natural development and makes the bust firm and beautiful, also gives even the scrawniest woman a pretty and attractive neck and shoulders. It is a fine tonic, too, and will do wonders for anyone who is run-down or undeveloped.—Advertisement.
