Miss Kelley Says She Will

Washington, D. C., May 25.-W. L. MacKenzie King, director of the indus-trial relations department of the Rockefeller Foundation, resumed his testimony to-day before the Federal Industrial Relations Commission, which is inquiring into conditions in the Colorado coal fields. He interrupted his testimony to protest against the methods of Chairman Walsh in con-ducting the commission's inquiry into the Colorado strike. Walsh and King clashed to-day when King's answers became involved and lengthy and the chairman sought to limit him. Mr. Walsh sought to make a record of what Mr. King had done for American labor. Both the witness and Commissioner Weinstock wanted to know the object of that line of questioning, but the chairman em-phatically refused to explain.

SERMON TO G. A. R.

Special to The Telegraph Special to The Telegraph Shippensburg, Pa., May 25. — The Rev. Mr. Fry, of the Reformed Church, preached the annual sermon to the G. A. R., sons and daughters of vet-erans yesterday. His subject was "A Book of Remembrances."

Think of it! There's a new way to sweep without raising dust. You don't even have to close the door of the room you're cleaning—you can dust the ornaments, furniture, etc., first, then leave them uncovered, and they'll be as clean when you finish sweeping as before. And it's so simple, too! Just spread a little Nomordust sweeping compound across the room and then sweep it ahead of you as you go. Not only will it get your floor cleaner than you could possibly without it, but it doesn't allow a particle of dust to fly. Nomor-dust collects the dirt—ordinary sweep-ing spreads it.

ing spreads it. Nomordust is fine for your rugs and carpets. It brings out the colors and makes them look like new. Equally good for wood floors and linoleums. But this is not all. Nomordust saves half the effort and time of sweep income out out out to be the same of sweep

the powder. One Nomordust user says that it's just like keeping an extra maid; she has so much time now for pleazure. Yet Nomordust costs but a few pennies a month. Get a 10c can from your grocer to-day and try it. Money back if not more than pleased.

The motion picture plays which this popular theater will present during this week are so diversified that they are bound to please the most discrimi-nating audiences for the reason that almost every class and character of screen play is to be seen. One of the strongest plays which we have shown for some time will be presented to-day, entitled, "Who Bears Malice?" It is a two-part feature, which deals with the northern lumber camps and trapper forests.—Advertisement. **Clash During Inquiry**

ELECTRICAL VENUS IS SHOCKING

ELECTRICAL VENUS IS SHOCKING The Electrical Venus, who began a three days' engagement at the Colonial Theater yesterday, proved to be a very shocking act. Not from a standpoint of vulgarity, however, but from a standpoint of electric current which runs through the young woman's body and also sends shocks into the squirm-ing figures of those who go on the stage to investigate the mystery. There are three other acts on the same bill, all of which are well up to the top of the Colonial's standard. Larguy and Snee are a pleasing couple of young people who have a flitation novelty. Lang and Coulter give a blackface comedy act and the Selvenos present shadowpictures that include among other things the sinking of a ship by torpedo.—Advertisement.

PAXTANG PARK MINSTRELS

Harry Beck's "Made in Harrisburg" Minstrels opened the summer theatrical season at Paxtang Park, last evening with a performance that was greatly appreciated by the small audience that braved the threatening weather to see

ing and you only have to sweep half as often to keep your house even cleaner than it has ever been before. This is because you get all the dust every time you sweep—it clings to the powder.
