The Men who Flirt with Death

RACING automobile drivers take their lives in their hands every time they enter a race—and the greatest risk they run is that of friction. Think of the tremendous strain put on every bearing, the enormous heat generated. Let one little bearing get dry and—Zing!—Mr. Driver keeps right on going to the Pearly Gates. Life and limb are the greatest stakes that figure in any auto race. The prizes are mere junk in comparison. What is the answer? Every well-informed racing driver lubrices. Every well-informed racing driver lubricates his car with Dixon's Graphite Automobile Lubricants. They know that their bearings when lubricated with Dixon's Graphite Greases are safe against lubricating failures.

DIXON'S Graphite Grease

For Transmissions and Differentials

One of the foremost racing drivers in America was offered \$500 in cash by the salesman of a certain lubricant if he would permit him to put his lubricant into this racer's car, and the reply was, "No, I would rather pay \$5 per pound for Dixon's Automobile Lubricants than use any other as a gift." Dixon's Graphite Automobile Lubricants have as a basis Dixon's selected flake graphite, the only form of flake graphite that will successfully lubricate an automobile without packing or balling up in the bearings. The Joseph Dixon Crucible Company are the only producers in the world of this peculiar form of flake graphite.

But some motorists are not boosters for graphite lubricants. Why? Because irresponsible makers, trading on the name of graphite established by the Joseph Dixon Crucible Co., have put out inferior greases loaded with impure graphites that hinder lubrication rather than help. Try out Dixon's Transmission and Differential Grease No. 677 and see for yourself what a perfect

HALL CITY PLANNER FOR 5-YEAR TENURE

cil; Interceptor Controversy; Bridge Loan

FRANCIS JORDAN HALL
Francis Jordan Hall whose term as the one-year member of the City Planning Commission expired April 15. Was unanimously rechosen to serve for the five-year term by City Council his afternoon. The appointment was recommended by City Council his afternoon. The appointment was recommended by City Council his afternoon. The appointment was recommended by City Council his afternoon. The appointment was recommended by City Council his afternoon. The appointment was recommended by City Council his afternoon and Company, interceptor contractors, which led to the arbitration. William Jennings, formerly president of the Board of Public Works, J. William Bowman, a member of the Board, were present. Governous details were explained by Messrs. Jennings, Seitz and Justin. Aresolution offered by Commissioner Gorgas suggesting that the subordiate engineers and employee of the board be dismissed July I, and that the remainder of the work be done by the city engineers and employee of the board be dismissed July I, and that the remainder of the work be done by the city engineers and employee of the board be dismissed July I, and that the remainder of the work be done by the city engineers and employee of the board be dismissed July I, and that the first of improvements, incidentally retreated previous statements to the effect that the improvement work will be practically compiled by that time anyway. The commissioner of improvements, incidentally retreated previous statements to the effect that the improvement was laid to the steps across the gap in the River Wall at Market street.

Preliminary steps toward putting the increase of the city's bonded indebtedness by \$300,000. The question will be put up to the people at the November election.

The curfew ordinance was amende to make fifteen instead of slateen years and a man of the victoria theater, will be practically compiled by the curfew hours. The courthouse hell will sound at the required time, Holidays will be excepted by the curfew measure.

A request fr

neasure. A request from abutting property where on Atlas street asking that the section above Emerald be not vacated Fire hose awards as recommended

section above Emeraid be not vacated was filed.

Fire hose awards as recommended by Commissioner Taylor were approved as follows: Goodrich, 800 feet, H. F. Hershey, agent, at 70 cents a foot; Boston Wooven hose, 800 feet, Henry Gilbert and Son, same price; Voorhees Hose Company, same amount at 80 cents per foot.

Ordinances passed finally included: Paving Second street, Seneca to Schuylkill; sewer in Cameron street leading to Harrisburg Pipe and Pipe Bending Works; paving Saul street, Howard to Brensinger; requiring hucksters to wear badges, etc.

In discussing the claims involved in the interceptor controversy Engineer J. D. Justin explained to Council that when the Board of Public Works paid over its final estimate to Opperman and Company, about \$17,000 was included for "extras." Some question, however, arose over the charges for putting in the water proofing ordered by State Health Commissioner Dixon and for the changing of the silt basins ordered by the old park commission. About \$4,000 was allowed for the water proofing. The contractor claimed an additional \$4,500 for putting in the water proofing. This despite the city's claim, was allowed by the arbitrators. An additional \$12,829 charged on "force account" which had also been disputed by the city was allowed the contractor by the arbitrators. The whole matter was laid over pending the receipt by the Board of Public Works of an itemized statement of the charges allowed by the arbitrators.

Scott R. Hayes Carries Important Russian Notes

By Associated Press

New York, May 25.—Scott R. Hayes, son of former President Rutherford B. Hayes, who arrived here from Copenhagen on the steamship United States, which docked to-day, had with him as a part of his baggage a sealed canvas pouch bearing the stamp of the Russian government and addressed to the Russian ambassador at Washington.

on.
It had been reported that Mr. Hayes It had been reported that Mr. Hayes was the bearer of confidential government dispatches from Petrograd to Washington. A dispatch from Copenhagen which told of his departure, May 13, for New York so stated, but Mr. Hayes asserted to-day that this was erroneous. He said he did not know what the sealed bag contained.

Knights of St. George

Scranton, Pa.. May 25. — Reports read at the ssesions of the Knights of St. George convention, in session hereshow that the order is growing. Last year 4.415 were admitted to membership and 230 members died.

The report of the treasurer showed that the receipts during this year were \$387.412 and that at present there is in the treasury \$450,000. Resolutions were adopted urging the Governor to sign the bill appropriating \$20,000 to Duquesne University, in Pittsburgh.

E. J. Kreidler, of 1203 Chestnut street, is the delegate from Branch No. 168, Knights of St. George, of this

Commissioner Re-elected by Coun- Delegates to Financial Conference Get Down to Real Work in Washington

Washington, May 25.—With the preliminaries over, delegates to the Pan-American Financial Conference Settled down to-day to the real work before them. One of the most important matters up for committee consideration was that looking to the establishment of steamship lines independent of Europe to ply between the principal ports of the two Americas.

Goevrnor Hamlin, of the Federal Reserve Board, the first speaker at to-day's general session of the Pan-American Financial Conference told the delegates that the United States never before was in the position it occupies to-day to extend its trade by granting credit to those nations which wish to be its customers.

Need for greater reliance on their own resources is one lesson which the European war has bourght home to the nations not involved, in the opinion of Paul M. Warburg, members of the Federal Board who spoke to-day at the Pan-American Financial Conference.
