OLD ENGLISH RECIPE FOR CATARRHAL DEAFNESS AND HEAD NOISES

If you know someone who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that Catarrhal Deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the complaint and seldom, if ever, effect a permanent cure. This helix so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective, tonic that quickly would dispel all traces of the catarrhal poison from the system. The effective principle which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parmit (Double Strength), about 15c. Take 2 pills 3 times a day with 1/2 pint of hot water and 4 oz. of granulated sugar; stir until dissolved. Take one teaspoonful four times a day.

The first dose should begin to relieve the distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore, there must be many people whose hearing can be restored by this simple home treatment.

Every person who is troubled with head noises, catarrh, deafness, or catarrh in any form, should give this prescription a trial. There is nothing better.—Advertisement.

TO QUICKLY DARKEN GRAY, FADED HAIR
An Old French Recipe

If you want your hair to have that youthful vigorous appearance that will compel the admiration of everybody, step into your druggist the first chance you get and secure 7 ounces (a large bottle) of LeMay's Cream of Sage and Quinine for not more than 50 cents.

With a few applications your gray or faded hair will be gone, instead you will have a lovely even shade of dark, lustrous hair and your best friends won't know you are using anything. This safe and sure French recipe is not a dye and contains no lead or injurious substance.

Makes you look years longer

IMPORTANT: While LeMay's Cream of Sage and Quinine will stop falling hair, scalp itch and remove dandruff in one week, it should NOT be used by people who do not desire their hair restored to its natural color. Get it at any druggist.—Advertisement.

Pearl Raynor; what chance does Christian Endeavor give the young men? Mrs. Bentley; what does Christian Endeavor stand for? Nellie Jones; the Rev. E. E. Curtis then gave a discussion of his views of the subjects.

The following program was then presented: Vocal solo, "In the Secret of His Presence," Mrs. Turner, accompanied by Mrs. William Wanbaugh, pianist, and William Wanbaugh, violinist; violin solo, William Wanbaugh, accompanied by Mrs. Wanbaugh; piano solo, Miss Dorothy Maddux. This Leaves the Skin Free From Hairy Growths

(Toilet Talks)

A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered talcum and water, spread on hairy surface and after about 2 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get delicate.—Advertisement.

DO YOU FEEL DEPRESSED?

The form of influenza commonly called "the grip" is in respect to persons, rich and poor alike suffer from it.

The duration of the acute stage of the grip is short, a few days at most. Without complication it is never fatal. What makes the grip so dreaded is the miserable condition in which it leaves its victims after the cold and fever have run their course. Some medical writers refer to this "after-effect" of the grip as a form of neurasthenia.

Depression of spirits, headache, thin blood, deranged digestion, oversensitive nerves—these are the usual after-effects of the grip, and they will continue even for months and years until the blood is built up and made rich and red.

After an attack of the grip all the vital powers of the body are at a low ebb. Building up the blood with Dr. Williams' Pink Pills is the surest way to restore the weakened body. They have a special action on the nerves and every sufferer from the lingering effects of the grip should give them a trial. Your own druggist sells them.

Write to-day to the Dr. Williams Medicine Co., Schenectady, N. Y., for the free book, "Building Up the Blood." If you have stomach troubles, always open a capacity 350.
