Eberly's Mill May Lose United States Post Office

Special to The Telegraph
Eberly's Mill, Pa., May 26.—Residents of Eberly's Mill may be without the United States post office in the little town for the first time in more than fifty years. The post office is located in the grocery store of Jacob Stouffer and the store is about to change hands. The party taking the business, it is said, refuses to take the post office. About 150 persons secure mail here, farmers from the country districts coming to the town for their mail. If the office is removed residents of this place will receive their mail by a rural route from the Camp Hill post office. A petition is in circulation to save the office and when completed will be given to Dr. J. Markwood Peters, of this place, who will take it to Congressman Aaron S. Kreider.

FOUR MEN ESCAPE DROWNING

Special to The Telegraph
Marietta, Pa., May 26.—Four young men from this place had a narrow escape from drowning in the Susquehanna river yesterday morning. They had spent the early morning fishing and rowed through the falls. They succeeded in getting down, but on the return voyage the boat capsized while young McFarland was changing oars. Michael Dwyer, Floyd Kisselring and Thomas Shank clung to the boat and McFarland was going down for the last time when rescued.

Annual Dinner Given to Irving College Seniors

Special to The Telegraph
Mechanicsburg, Pa., May 26.—This afternoon at 4 o'clock the first interclass tennis tournament was played at Irving College, with the freshman and sophomore classes arrayed against the junior and senior classes. The finals will be played between the winners of Monday. CHILDREN'S AID ELECTS OFFICERS

Society Hears Interesting Reports and Talk by Noted Philadelphia Social Worker

Election of officers for the ensuing year, the reading of annual reports and an interesting talk on children and child welfare by J. Bruce Byall, secretary of the Children's Bureau of Philadelphia, were features yesterday of the third annual session of the Children's Aid Society of Dauphin County. The meeting was held in the hall of the public library.

The officers elected included Mrs. George Kunkel, president; Mrs. Francis Jordan Hall, first vice-president; Mrs. Morris Jacobson, second vice-president; Miss Elizabeth Bailey, secretary, and Vance C. McCormick, treasurer. A vote of thanks was tendered Frank Brady, the retiring treasurer. In her address Mrs. Kunkel, the president, paid a glowing tribute to the work of Mrs. John K. Tener, wife of the former Governor, as a member of the society.

Of special interest was the report of Mrs. Elsie V. Middleton, general secretary, who explained how the Nursery Home, Children's Industrial Home, Associated Charities, Visiting Nurse Association, juvenile courts, Roberts Disbrow Lloyd Sunshine Society and the Directors of the Poor co-operate for the betterment of the welfare of the child. Mrs. Middleton reported that all told there are about 339 children, and 149 were taken in during the past year alone, as against 79 in 1913. "The society believes," said Mrs. Middleton, "that the normal child should be removed from an institution and placed in a proper family home."

Treasurer Brady in a splendid report indicated how well the various committees had worked in expending \$100,000 for the year. The expenditures all told were \$5,413.85. Contributions from various sources totaled \$2,147.31, while relatives, Directors of the Poor, etc., paid in \$2,276.09.

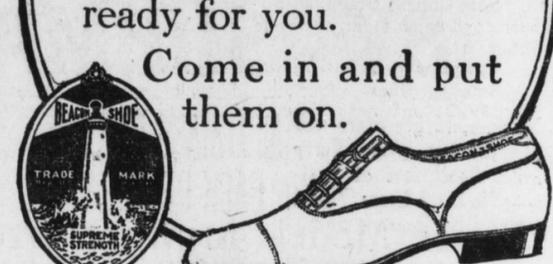

In urging co-operation among all societies and organizations whose aim is the uplift and improvement, physically and mentally, of the child Mr. Byall condemned jealousy and the part of social workers toward each other as the chief obstacle to a proper working out of the problems.

Mr. Byall also declared that the child as soon as possible should be taken out of an institution and placed in a proper home. This will give the child a chance to develop his individuality. "You don't grow up in a hospital; you are merely treated there. And so no child should grow up in an institution if it is possible for it to be placed in a private home," said the Philadelphia.

Quickly Relieves Without Distress

The congestion of waste and refuse from the stomach, fermenting in the bowels, generates poisonous gases that occasion distress and invite serious illness. Health and comfort demand that this congestion be speedily relieved and the foul mass expelled. The well-founded objection most people have to the violence of cathartic and purgative agents is overcome by using the combination of simple laxative herbs with a certain amount of castor oil. This is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. A dose at night brings relief next morning, without discomfort or inconvenience. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ill.

If coffee Don't Agree Use POSTUM

A Nurse says:
"I have been a trained nurse for some fifteen years, and like many nurses, drank strong coffee. About two years ago I had to call a halt. I missed my coffee until some one recommended Postum, which I have used ever since, recommending it to many of my patients."

A Teacher says:
"I have been a coffee drinker ever since I can remember. I have been teaching school for sixteen years, and became more and more nervous. I could not sleep. After reading some of your literature I decided to try Postum. I have been using it about thirty days; my nerves have improved; I have no headache; sleep peacefully, and am able to do my school work better."

A Doctor says:
"I often find it necessary to prohibit the use of coffee for my patients, and have advised the use of Postum with good results to the nervous system and digestive apparatus."

When the time comes that you want to get rid of coffee troubles, quit coffee and use

POSTUM

—the pure food-drink.
Made of wheat, roasted with a bit of wholesome molasses, Postum is entirely free from the coffee-drug, caffeine, or any other harmful substance.

Both Postum Cereal—which has to be boiled—and Instant Postum—made in the cup instantly—are delicious, nourishing, and cost about the same per cup.

Charles V. Harp Confesses to Killing His Stepfather

Special to The Telegraph
Hagerstown, Md., May 26.—Breaking down the body of the body of his stepfather, Charles V. Harp, which had been exhumed for a postmortem examination, Earl Harp, aged 20 years, of Wolfsville, confessing to officers that he had shot and killed him. Harp made the confession to Sheriff Conrad and State's Attorney Lewis in the presence of his mother, who has firmly stood by her son. After making his confession young Harp said a great load had been taken from his mind. Harp said his stepfather objected to him using a horse to take his sweethearts out driving. A quarrel ensued and the elder Harp, he said, pointed a shotgun at him, whereupon Harp drew a revolver and fired, the bullet entering the elder Harp's head behind his left ear.

Just Look Around—They're Everywhere

Boils, Carbuncles, Blood Risings and All Those Impurities That Will and Must Seek the Skin.

One Boil Often Leads to Another.

At this season most of us need S. S. S., the famous blood purifier. Every Spring a host of people are the picture of woe; they suffer the intense agony of boils, carbuncles, blood risings and other forms of extremely painful and dangerous abscesses. All they require is to get the stagnation out of their blood with S. S. S.

This wonderful blood remedy works on the principle of stimulating cell growth, of enabling the blood to quickly infuse new life into the tissues, to stop decay, to prevent the formation of those accumulations of broken-down cells that rapidly multiply into boils and other eruptions. Science explains just how certain elements in the blood feed the bones, nourish the muscles, invigorate the nerves and supply all parts of the body with materials to keep it in health. And it is the same action that enables S. S. S. to attack all diseased spots, drive away all destructive germs, heal all sore spots and supplant the activity of disease-producing causes with a powerful healing influence.

Remarkable testimonials have been written to prove beyond question there is no blood disease but will yield to the dominance of S. S. S. And in many a case treated with Mercury, Iodine of Potash, Arsenic, Copper and other drastic drugs without beneficial effect the most astonishing recoveries have been made after S. S. S. had been employed.

There is scarcely a degree of blood infection of any nature that can remain in a system fortified by this wonderful remedy, for it is absolutely pure and contains only elements which the blood will assimilate naturally, and which are gratefully accepted and absorbed by the tissues all over the body. It agrees with the most delicate stomach even in those cases where the use of strong drugs has so weakened the digestive organs they could no longer tolerate such abuse. Get a bottle of S. S. S. to-day of any druggist. It is the one blood purifier you may use with absolute assurance of safety and results. S. S. S. has been a standard remedy for half a century and is recommended by the best people in every community throughout the United States.

S. S. S. is prepared only by The Swift Specific Company, 107 Swift Building, Atlanta, Ga., whose medical department will freely advise you on any case of blood disorder that is peculiar or stubborn.
