Pardon Board Insists on Arguments in Important Cases Today

The State Board of Pardons today sat down hard on attempts to continue cases, holding that when listed they should be argued unless for some very strong reason. This caused the case of George H. March, Delaware county murderer, to be argued. March was convicted of a murder in company with a man named Pennington and Hiram Hathaway, Jr., of Chester, asked that the case go over as a Supreme Court appeal was pending. This was objected to by District Attorney J. B. Hannum and argument was ordered. Other efforts to obtain continuance failed.

dent commissioner, having arranged to close up his law practice and to remove to Harrisburg, Edgar R. Kloss, of Lycoming, and Milton J. Brecht, of Lancaster, will also spend most of their time here. Mr. Billings has resigned as a member of the State Board of Education and John Monaghan as an assistant district attorney of Philadelphia. William A. Magee's connection with the Ship Canal Board ended, it was reported today, when the Governor did not send the names to the Senate for confirmation. The commissioners will spend several days here this week familiarizing themselves with the 180 cases on the list and will meet here next week. It is reported that the Governor will designate chairman Tuesday. William A. Magee is generally picked for the place in the gossip of the "Hill." When the commissioners discussed their work with the Governor yesterday he said that he would expect them to be "a whole time commission" and to devote all of their time to the work of the State. "I told them I desired a business body," said the Governor, "one that would dispose of business promptly. The commission must be fair to all. I told them that they were expected to act as regulators of conditions in the business. I pointed out that there is virtually no longer competition in large public utilities, but that public service companies have become monopolistic. The Public Service Commission is therefore, to stand in place of competition and see that the public gets proper rates. These rates should be what they would be under competition."

the river. The motor in the boat was too weak and the craft was capsized in the swift current. Men were busy all day dragging the river below the dam to find Berger's body. The Real Suffrage Thought of Women

Motherhood is the thought uppermost in woman's mind. And with it, of course, comes the question of comfort, of helpful aids and influences. Among the best of these is a well known external remedy, "Mother's Friend." It is gently applied to the surface muscles. These are lubricated, toned, made pliable so they stretch as nature requires without the strain and pain on nerves and ligaments. This influence extends through the myriad of nerves to deeper surfaces, the internal organs. And thus a period of repose must reflect itself not only in the mind of the mother, but upon the babe to come. Young mothers who have used "Mother's Friend" have written to say how rejoiced they were at the absence of morning sickness, extreme nervousness, and other distresses of which they had heard and feared. Get a bottle of "Mother's Friend" at any drug store. Simply apply it over the stomach muscles and rest assured of perfect safety and comfort day and night. Write to Bradford Regulator, 408 Lamar Bldg., Atlanta, Ga. for their bright and instructive book.

FOREIGNERS FEEL EFFECT OF LAWS

Men Who Fished Contrary to Recently Signed Act Are Compelled to Pay State Fines

Southwestern Pennsylvania has come to the front with the first arrests under the recently approved State law prohibiting unauthorized foreign-born residents from fishing in the streams of the State. This act was signed a few weeks ago and wardens were instructed to enforce it. The game wardens are enforcing the law. The first arrests were made in Fayette county, where eight men were fined for fishing in violation of the act. The men were somewhat surprised, but it was noticed that they had gone to some excellent fishing streams. Wardens have also brought a dozen or more suits in Somerset, Warren and other western counties on charges of pollution of fishing streams. To Sell Waste Paper.—All of the waste paper from the Legislature, including tons of bills which were thrown away by members and the mass of paper that was hurled about the legislative halls on the final night of the session, has been gathered up and will be sold by the State. Under acts passed a few years ago the State makes money out of its waste paper, which was formerly just carted away. All of the paper from the legislative halls, committee rooms and offices has been baled in the basement and will be sold by Superintendent Rambo. Board to Meet.—The State Industrial Board is scheduled to meet tomorrow at the Department of Labor and Industry to outline its work for the summer. A number of proposed codes are pending and steps to arrange for workmen's compensation will be discussed. Ex-Congressman Here.—Ex-Congressman J. N. Langham, of Indiana, was at the Supreme Court session yesterday. Mr. Bell Visits.—John C. Bell, former Attorney General, was at the Capitol yesterday on legal business. To Visit Gettysburg.—The Governor's memorial plans are to visit Gettysburg on Memorial Day. On Inspection Work.—Harry S. McDevitt, statistician of the State Board of Public Charities, was at the Capitol yesterday attending to some inspection work. Takes Office.—Robert C. Shaw, of Greensburg, the new member of the State Board of Education, has assumed his office. Two vacancies are to be filled on the board. No Selections Yet.—The Public Service Commission will not announce any selections of attaches as yet. They will come next week. Legislators Here.—Senator Schantz, Allentown, and Representative Stein, Pittsburgh, were here for the Board of Pardons. Holding Hearing.—Commissioner Pennypacker and Secretary Millar went to Mt. Alto, in the northern tier, to hold a hearing in a complex case against the Erie railroad. Sat in Senate Chamber.—The State Board of Pardons sat today in the Senate chamber. The Supreme Court room was occupied by the court. DUFFY NOT ATTACKED East Donegal, May 26.—The statement in an article last week that James Duffy was one of the men attacked was untrue. Mr. Duffy was on the scene in his carriage at the alleged rioting at the works of the Hollowware Company, and several men were arrested, and will be given a hearing this evening at Lancaster.
