SECOND REUNION OF CATTLEMEN IN PERRY

Great Preparations Being Made For Jollification of Stock Raisers of Three Counties

Special to The Telegraph
New Germantown, Pa., May 27.—Great preparations are being made by the cattlemen of the western end of Perry county, western section of Cumberland county and eastern part of Franklin county for the second annual reunion at Laurel Run, on the Pennsylvania Reserve Saturday, June 12. The Blain band will furnish music. These men in years gone by drove their cattle to the mountains in May each year and drove them home again in October. The cattle were salted several times during the summer and in the general round-up in October each year at Laurel Run it would often be weeks before each cattle man could cut out his own animals and oftentimes they would have to ride into three counties before each man could recover his own.

SPRING MEDICINE

Hood's Sarsaparilla, the Great Blood Purifier, is the Best.

Spring sickness comes in some degree to every man, woman and child in our climate. It is that run-down condition of the system that results from impure, impoverished, deoxygenated blood. It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption. The best way to treat spring sickness is to take Hood's Sarsaparilla. This old reliable family medicine purifies, enriches and revitalizes the blood. It is at all times a year-round alternative and tonic, and is absolutely the best Spring medicine. Get your blood in good condition at once—now. Delay may be dangerous. Ask your druggist for Hood's Sarsaparilla, and insist on having it, for nothing else can take its place.—Advertisement.

PUBLIC MEETING ON ENOLA WATER SUPPLY

People of Town Fear Extension Plans May Cause Trouble in Future

Enola, Pa., May 27.—A public meeting of the citizens of Enola was held in the P. R. R. Y. M. C. A. auditorium last evening for the purpose of safeguarding the water supply of the town. G. A. Houck, of Penbrook, has purchased the Livingstone farm of fifty-eight acres from A. C. Young and has surveyed it for the purpose of making an extension to Enola. Dr. E. Carl Weirick was elected chairman of the meeting and explained to those present the conditions which would result from the cesspools and drains that would cause the water of the Dauphin Consolidated Water Company, from which Enola receives its supply, to be impure and unfit for use. The chairman has been taken up with Dr. Dixon, of the State Health Department, and he has advised the citizens of Enola as to what course to pursue. The chairman appointed the following committee, to be known as a "committee for the safeguarding of the water system of Enola": George H. Hornung, chairman; J. H. St. John, secretary; T. H. Steese, C. B. Gray, George W. Fisher, Samuel D. Kreider, Harry M. Blosser, William H. Farman, John F. Zellers, William L. Fisher, Harry H. Shaeffer, John A. McMeen and Roy H. Holmes. The question of incorporating Enola into a borough was discussed and the following data read: The borough to include Enola road to Pennsylvania avenue, to Possum Hollow, along the Conodoguinet creek to the run west of Enola, and to the run west of Enola. The valuation of the district south of Mann's woods, known as District No. 1—Property valuation, \$171,481; population, 116,780; total valuation, \$188,461; population, male 373, female 371, total 744. District No. 2, all north of Mann's woods—Property valuation of individuals, \$268,155; Enola Realty Company, \$108,813; Pennsylvania Railroad Y. M. C. A. building, \$3,500; total, \$375,270; population, 440,655; grand total, \$415,928; population, male 721, female 704; total, 1,425. The borough question will now be brought before the public in an effort to have the same accomplished this fall.

FISHermen DROWNED SUSQUEHANNA RIVER

Amos Groome, Well-known Columbia Man, Found Dead in Boat Near Falls

Special to The Telegraph
Columbia, Pa., May 27.—Amos Groome, a well-known resident of the borough, was drowned in the Susquehanna river near what is known as Mud Island, while on a fishing trip. Mr. Groome left his home yesterday, and not returning for supper, his family became worried by his absence. Several relatives were notified and they started out in a boat to search for him. He was found near the falls, on the York county side, hanging from his boat with his head under the water. When picked up it was seen that he had been dead for some time. Groome was subject to epileptic spells and it is supposed that he was attacked by one of these while sitting in the boat fishing. Groome was aged 43 and is survived by a wife and son.

New Universities Dictionary Praised
The demand for the New Universities Dictionary being offered by this paper continues unabated despite the fact that great quantities have already been distributed. Many of our readers express in highest terms the general satisfaction which this remarkable book has given.
The two new supplementary dictionaries giving the definition of words properly used in connection with commerce and law, war, golf, aviation, baseball and other forms of sports are esteemed with particular favor by individuals whose interests center on one or the other of these specialized activities.
Another feature eliciting special comment is the splendid way in which the volume is illustrated with color plates and duotones. Included in these illustrations is an excellent photo of a submarine boat, that uncanny type of craft which has played such an important part in the present war with Europe, undergoing a sea test. Types of some of the most formidable battleships in the English, German and United States navies are also shown and various kinds of airships which also have figured so conspicuously in the military operations of the European armies are strikingly pictured in action.
