NEARLY EVERYONE IS NOW BAKING CAKES

[Continued from First Page.]

Mrs. Vaughn's cakes bloom with roses as real looking as if they had bathed in morning dew and sunshine.

Mrs. Vaughn is making cake baking very popular in Harrisburg and many of the women who are attending her classes have not been able to resist the temptation to put her methods to the test in their own kitchens and find that they can make as fine cakes as Mrs. Vaughn does if they follow her methods accurately. She has shown how to make quite inexpensive cakes that are rich and delicious and tempting in appearance and flavor.

Talks to Moorhead Girls

Mrs. Vaughn spoke before the employees of the Moorhead Knitting Company at the noon hour to-day. The girls exhibited deep interest in the cooking expert's remarks and many of them expressed the opinion that her lecture was so clear and concise that they feel sure they can bake a cake just as well now as Mrs. Vaughn can herself.

Mrs. Vaughn gave her hearers much

Mrs. Vaughn

Says:

"In all my cooking demonstrations, I use Wear-Ever Aluminum in preference to any other utensils; they have proven extremely satisfactory."

- Round, square and loaf pans
- Double boilers
- Muffin Pans
- Trays
- Moulds
- Baking Sheets
- Windsor Kettles

Are only a few of the Wear-ever utensils that Mrs. Vaughn uses. They're on sale at

Gold Mine of Facts Comes to Light

New Universities Dictionary Contains Valuable Department of Information

A veritable gold mine of useful information has been discovered under the caption, "Facts Worth Knowing," in The New Universities Dictionary being offered to the readers of this paper. A perusal of this department discloses an encyclopedia in miniature. It is remarkable of its contents. Regular and emergency rules of the State Department at Washington for the issuance of passports to citizens desiring to travel abroad are fully explained and the foreigner who immigrates to this country can find out how to become a naturalized citizen of the United States. Rules governing the issuance of patents, the use of the mails and the workings of the postal savings department are other subjects treated in an interesting manner. Statistics are given showing, according to the latest census figures, the population of the United States, the ranking of the States, the apportionment of representation in Congress and the population of the principal cities.

The value of the dictionary is further enhanced by numerous illustrations done in color plates and duotones, all designed to lend additional clearness to the text. In all its features the book is thoroughly new and up-to-date. Hundreds of new words and phrases, not found in any other dictionary are clearly defined and properly classified.

Absorbs Skin, Chases Wrinkles—Young Again

"The shock at beholding myself in the glass after nine long weeks' abed, nearly caused a relapse," writes Emily Colson in Home Queen. "The faded face, with its lines of illness and worry, seemed twenty years older. Now, I thought, I could not attend my chum's wedding eleven days off, to which I had looked hopefully forward."

"She herself came to my rescue. She procured an ounce of ordinary mercerized wax at the drug store, which she bade me spread on like cold cream, washing it off next morning. Applied nightly, this apparently absorbed the withered skin, so gently I experienced no discomfort. Upon the wedding morn the pallid complexion had entirely given way to one of youthful color and loveliness."

"And there wasn't a wrinkle. This due to a wash lotion made by dissolving an ounce of powdered salolite in a half pint witch hazel. The daily face bath had dispersed every line."—Advertisement.

Save on Coal

People used to wait 'till Winter to buy coal. Nowadays the lower prices that go into effect April 1, make it profitable for them to fill their bins for cold weather early in the Summer.

Kelley's hard pea coal is now 25c cheaper. Kelley's furnace sizes are now 50c cheaper.

But don't delay too long for all coal prices advance July 1.

When You Buy a Gibson REFRIGERATOR

You get value that you cannot possibly duplicate unless it be a Gibson. The insulation and circulation are perfect, thereby producing and maintaining the chill that is so necessary for preservation of food. The Gibson refrigerator is being used by Mrs. Vaughn at the Telegraph's Cooking School this week. Come in and talk over your refrigerator problems. We will help you buy the refrigerator that will best fill your needs.

USE HOFFER'S BEST FLOUR

Mrs. Vaughn is using the Hercules brand of flour in all her pastry and biscuit receipts this week.

FLANNEL SHIRTS FOR COPS

Blue flannel shirts with brass buttons, and white helmets, will be worn by the local patrolmen this summer. Monday, May 31, is the date set by Captain Joseph P. Thompson for the first appearance in the new uniforms.
