KELLY IS CARLISLE ATHLETIC DIRECTOR

Former Indian School Student Is Appointed to Position by Commissioner Cato Sells

Carlisle, Pa., May 31.—Victor Murat Kelly, of Durant, Okla., will come to assume his duties as athletic director, to which position he was recently appointed by Cato Sells, United States commissioner of Indian Affairs.

Kelly was born in what is now McCurtain county in the old Choctaw Nation in 1888. His French-Irish name comes from his paternal ancestors.

After attending Jones Academy, a Choctaw tribal school, he was graduated from the Agricultural and Mechanical College of Texas, where his ability in athletics caused him to be captain of both the football and the baseball team for four years.

That tired feeling that comes to you in the spring, year after year, is a sign that your blood lacks vitality, just as pimples, boils and other eruptions are signs that it is impure; and it is also a sign that your system is in a low or run-down condition inviting disease.

Ask your druggist for Hood's Sarsaparilla. This old standard tried and true blood medicine relieves that tired feeling. It cleanses the blood, gives new life, new courage, strength and cheerfulness.

Be sure to get Hood's because it is the best. There is no other combination of roots, herbs and herbs like it—no real substitute for it—no "just-as-good" medicine.—Advertisement.
