

WILSON WILL REPLY TO GERMAN MESSAGE WITHIN FEW DAYS

Note Will Be Drafted by President After Today's Cabinet Meeting

Intimated That American Rejoinder Will Be Brief and Will Demand Early Reply

Washington, June 1.—President Wilson told callers to-day he did not feel it would be wise for him to discuss Germany's reply to the American note until after he had consulted his cabinet and studied further the important questions involved.

The President said the American rejoinder, however, would not be many days delayed. He spoke of having studied the official text last night and his intention to have a preliminary discussion with his cabinet at to-day's meeting.

Calm in his bearing, and showing none of the strain of international problems before him, the President received the Washington correspondents as is his usual custom on Tuesday. Questions concerning domestic affairs had hardly touched the edge of his mind, as he phrased it, because of the greater importance of the international situation.
