Once in a Lifetime a Trip Like This

There are two wonderful Expositions in California this year and railroad rates will be much reduced. You can see the most out of your trip to California by including the marvelous ride through Colorado and Utah on the way out. There are several ways of taking it all in, but only one best way, without extra expense and inconvenience. Everybody knows that the Burlington Route (B. & O. R. R.) is the standard, highly equipped "On Time" railroad to Denver; but I want to tell you in particular about our through service to California, passing in daylight, Denver, Colorado Springs, Pike's Peak, Pueblo, the marvelous Royal Gorge and Salt Lake City. And then I can tell you about coming home by way of either Glacier National Park or Yellowstone Park. In fact I will gladly help you plan your trip and suggest the most comfortable, interesting and economical way of going and returning. That is my business and my pleasure. Will you allow me to be of use and furnish you without charge, such pictures, maps and train schedules, as will enable you to determine just what to do. Will call on you at any time, or shall be glad to see you at my office. Write, telephone or call. Wm. Austin, General Agent, Passenger Dept., E. E. R. B. PALE BEAUTY FADES

The girl who comes home from school or shop tired out every day may be beautiful but she will soon fade. She will be fortunate if she escapes a physical breakdown because the ease with which she tires is probably the first warning symptom of a thinning of the blood that cannot be disregarded. Thin blood may give an attractive patient for a short time but soon the patient becomes thin, flat-chested, haggard and angular. The only beauty that endures is that of rich, red blood shining through a transparent skin.

Almost any girl can build up her blood by using Dr. Williams' Pink Pills. They are useful to growing girls, to pale girls, thin girls and those who get tired or out of breath easily. Mothers of such girls should see to it that the tendency to anemia is checked by the use of Dr. Williams' Pink Pills before the trouble becomes chronic. Dr. Williams' Pink Pills will build up the blood if anything will. They are free from opiates or harmful drugs and can be taken with perfect safety by anyone. Your own druggist will tell you how you can begin the treatment at once. A helpful booklet, "Building Up the Blood" will be sent you free on request by the Dr. Williams Medicine Co., Schenectady, N. Y.—Advertisement.
