THE GLOBE "The Friendly Store"

No Room in Business To-day For the Jack-of-All-Trades

This is an age of specialization. Those who shoot at some definite mark find the rifle of concentration better than the shotgun of scatteration. Doing one thing only, and doing that better than anyone else, is the surest way to achieve success.

We are specialists in the retailing of Good Clothes. We have concentrated on this one thing so long and so diligently that no one has yet been able to do it better than we.

We do not attempt to manufacture. The making of clothes is a highly specialized industry. The retailing of clothes is another. The organization that tries to do both at the same time seldom does either one well.

We assemble here the cream of the product of the foremost specialists in fine tailoring—clothes of known quality, standard value and supreme style.

As specialists in retailing with enormous spot-cash buying for three great Doutrich Stores at once, we sell the finest clothing the market affords at considerably less than you are asked to pay elsewhere for merchandise of equal quality.

Timely As Your Elgin Are These Kuppenheimer Suits and Other Good Makes

The sole aim and purpose of The House of Kuppenheimer is to produce better clothes than anyone else anywhere—always. OVER 3,000 AFTER STATE POSITIONS

Flood of Applications For Appointments Which Are Not All on the Statute Books

It is estimated that no less than 3,000 persons are seeking appointments to positions created or provided for by acts of the General Assembly which have just adjourned. Just how many places there will be to fill no one will know until the Governor acts on the bills, but that has had no effect upon the applications. They just pour in, and some have gone to departments whose chiefs will not have any places to fill at all.

Kelly-Springfield Tires

Give you their mileage on the road--not in adjustments. The best evidence of this is the fact that in 1914 the total guarantee adjustments on Kelly-Springfield tires were less than 1% of sales. In the rare cases where they are required, adjustments are now made on the basis of the following very liberal mileage guarantee.

Ford sizes, plain tread, 6,000 miles; Kant Slip, 7,500 miles. All other sizes, plain tread, 5,000 miles; Kant Slip, 6,000 miles.

We are exclusive agents for Kelly-Springfield tires in Harrisburg.
