Sewing Circle With Much Whispering

Before the stork arrives there is much to talk about. The comfort of the expectant mother is the chief topic. And there is sure to be someone who has used or knows of that splendid external help, "Mother's Friend." It is applied to the abdominal muscles, gently rubbed in and has a most pronounced effect as a lubricant. It soothes the network of nerves, enables the muscles to expand naturally, relieves strain on the ligaments and thus sets at ease any undue strain on the organs involved. And it does this with perfect safety. Expectant mothers thus go through the ordeal with comparative ease and comfort. Knowing mothers who have used "Mother's Friend" speak in glowing terms of the absence of morning sickness, absence of strain on the ligaments and a freedom from many other distresses. You can get "Mother's Friend" at any drug store or they will gladly get it for you. Write today to Bradfield Regulator Co., 40 Lumber Bldg., Atlanta, Ga., for a highly instructive book of great value to all expectant mothers. It contains a valuable expectancy chart, rules on diet and is brimful of suggestions that all women will appreciate.
