NEWARK PROJECT IS NOT TAKEN SERIOUSLY

International Owners Can Take Chance at Their Own Expense; Reason Lacking

Publication in a Philadelphia paper that the Newark team of the International League would seek a location here, caused a stir in Harrisburg today. The "angel," or bunch of philanthropists, who propose to finance this project, were in hiding to-day.

Men who have been back of baseball in Harrisburg laugh at the proposition. No arguments were advanced showing that the transfer of Newark to Harrisburg would be a financial success. An announcement that the International League was tottering, was made some time ago.

The salary limit in the International league is higher than that of the Tri-State. Newark with a much larger population has failed to support a team, even with Sunday games. In the opinion of local backers, the only way Newark could get into Harrisburg would be to have the present owners finance the project.

Manager J. Harry Messersmith, of the Harrisburg team, who has the lease on Island Park, stated to-day that there was little likelihood of the Newark team locating here and that league baseball was wanted, but he could not see how the Newark owners would profit by transferring the team to Harrisburg.

Bass Drum Factor In Athletes' Success

Special to The Telegraph. Iowa City, Iowa, June 5.—Phycology and a bass drum are the latest trainers at the University of Iowa which may so condition Chuck Rowe, star high jumper, as to win for him first honors in the high jump at the Big Nine conference meet at Urbans to-day.

Here is Watson's new method: He drags out a bass drum every afternoon and plays a steady roll on it as Rome is running his takeoff; then just as the high jumper fronts the bar, Watson gives the deerskin a bang and over Rome goes. And it does work. Watson says its the psychology of the thing.

However that may be, Rowe's daily performance is close around 6 feet, and once he went 6 feet 3 inches, clearing the bar in excellent style.

Watson says he wishes he had adopted music as an assistant some time ago.

"Red" Farrell Still a Star; Plays in Three-I League

"Red" Farrell, a former Tri-State star, well known in Harrisburg, is still in the game. He is a right fielder on the Davenport team of the Three I League. Referring to the Memorial Day games a Davenport exchange, says:

"Farrell played in two games on Memorial Day, his playing practically winning both games. The Davenport Democrat and Leader of Tuesday morning had the following to say of Farrell's work: 'Red' Farrell was the bright particular star of the two games. It was a whale of a holiday for the right fielder. In his six statistical times at the bat in both games, Farrell made five hits, including two doubles."

STAR PITCHER AND MANAGER OF THE PHILLIES

When Pat Moran, former catcher of the Chicago Cubs, took the management of the Phillies of the National League from Charley Doolin, there were predictions that he would be able to accomplish little. Then when his star players began to melt away to the Federal League, fans who didn't like the change were certain he would do nothing this season. But Moran has surprised them. He kept his club in the lead of the league for several weeks and is now neck-and-neck with the Cubs.

But he wouldn't have done that without the help of "Alexander the Great." Grover Cleveland Alexander, believed to be the first pitcher in baseball to-day. Alexander is a Democrat, as his name implies, and a Nebraskan. He is six feet tall, 175 pounds in weight and 27 years old.

FORNEY WINS CHAMPIONSHIP IN GRAMMAR SCHOOL TRACK MEET

Lincoln Close Second; Four New Records Hung Up; Work of the Youngsters Compares Favorably With High School Figures

Athletes from Forney Grammar school are again champions. Yesterday they won the eighth annual grammar school meet held on Municipal field. Forney scored 33 points. The nearest competitor was Lincoln with 25 points. Maclay was also a runner up, scoring 22 points.

Forney school pupils last night held a big celebration in honor of yesterday's victory. They paraded the streets, and wound up with a big time at the Forney school building. There will be another big time on Monday morning when school opens.

Protests entered last evening, even founded on facts will not change the result of yesterday. Forney may lose three or five points. The kick was on several boys who were entered in the half mile relay. It was said they were thirteen years of age and under. The protests were that the boys were over 14 years of age. Secretary Daniel D. Hammelbaugh of the Harrisburg School Board, is making an investigation.

Four New Records: Four new records were hung up yesterday afternoon. The work of the young athletes frequently was on a par with that of college students. Many of the Grammar school athletes performed better than high school athletes.

The first new figures came in the half mile run. Dotzel, of Webster, made the distance in two minutes and nine seconds. This was three and three-fifths seconds better than British did it in June, 1911.

Boyer jumped four feet ten and three-fourth inches in the high jump. He went still better and broke the former record held by Seibner of Lincoln, and jumped five feet two inches, one inch better than the record. Boyer is a son of Harry A. Boyer, president of the Harrisburg School Board, and will shortly enter Tech high school.

Beck of Lincoln, and brother of Tech's big star with Taylor of Woodward tied up for individual honors, each scoring 12 points. Beck hung up the best record of the day in the shot put. He scored 40 feet eight and one-half inches. This was five feet one and a half inches better than the record made by the present Tech star.

Beck also cut off five feet in the 120-yard low hurdles, making the distance in 15 seconds flat. The former record was 15 seconds. The scores in yesterday's meet follow:
