DOG LICENSES FOR DOGS ISSUED

Authorities Perplexed Over What Effect New Law Will Have Here

Just what the signing yesterday by Governor Brumbaugh of the House bill prohibiting unlicensed foreigners in this State from owning or having in their possession any dogs will mean to Steelton, is a question with which the borough authorities are puzzled. Borough Secretary Charles P. Feidt said this morning that this year so far only ten dog licenses have been issued. James Pearson, the official dogcatcher, was in charge of the 238 of the canines during the first five months of this year - and from all reports there are still some hundreds of homeless hounds here, or hounds that will be homeless when the new law goes into effect.

FIRE COMPANIES TO AID IN CELEBRATION

Merchants' Association Committees For Big Fourth of July Observance Hard at Work

Although it only commenced work yesterday, the committee of the Steelton Merchants' Association in charge of the proposed Fourth of July celebration, reports that indications point to the biggest affair of the kind ever held in Steelton. Many members of the six borough fire companies have taken up the idea of a municipal celebration for Monday, July 5, and official action by the various companies is almost assured. Two of the companies, the Pastang Hook and Ladder Company and the Citizen, have already signified their intention to participate in a big street parade which has been suggested. Fire Chief John E. Shupp, Jr., has consented to meet with representatives of the various companies to draw up a line of parade. From present indications it looks as though the fire companies might invite out-of-town firemen to be their guests during the day. A Hungarian lodge is planning a big time in the morning and there will be a baseball game. A display of fireworks and a band concert on Cottage Hill are also being planned.
