PEACH TREES ARE COVERED WITH FRUIT

breaking Crop in South Mountain Region

Special to The Telegraph
Waynesboro, Pa., June 8.—Notwithstanding the fact that the crop of
seaches last year was considered the
argest in this section and throughout
the Cumberland Valley, this year's crop
is expected to be much larger. There
are thousands of young peach trees
that were not in bearing last year on
secount of being too young, but this
iterally covered with the fruit, and
in many instances the weight is aliready too great for the young branches
and they are snapping off.
While the apple crop significant of the first plight, and there
will only be about the first plight, and there
will only be about the first plight, and there
will not be apple to the property of a crop,
here will be soon any of the largest fruit
return in this section. There will
loo be an abundance of plums, pears,
pricots and berries of all kinds.

He then became principal, in 1882, of Dickinson Preparatory School, now Conway Hall. He married, December 30, 1890, Mary R. Curran, having three children, Julia, Margaret and Hugh.

TYPHOID AT LEWISTOWN

Special to The Telegraph
Lewistown, Pa., June S.—This borough had been rid of typhoid fever for quite a long time until now, when there are three cases known to be typhoid and eight cases thought to be the first stages of the disease. Miss Mary O'Donnell and Edward Rheam, both in their 'teens, are cases well enough advanced to show that they are real typhoid. Physicians are working on a clue to the epidemic that may be threatened. The board of health will get right after the cause of the outbreak.

FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better. Most soaps and prepared sham

Most soaps and prepared shampoos contain to much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just ordinary mulsified cocoanut oil which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, lustrous, fluffy and easy to manage.

bright, justrous, hatty and easy to-manage.
You can get mulsified cocoanut oil (it must be mulsified, plain cocoanut oil will not do) at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
