# AN OPEN LETTER TO ALL DOUTRICH CUSTOMERS

COPYRIGHT 1915 THE HOUSE OF KUPPENHEIMER

In all the hundreds of transactions which have taken place in the Live Store this Spring, it is natural perhaps that there should be an occasional cause for dissatisfaction.

For, while every piece of merchandise is subjected to the most searching scrutiny, yet there is always a possibility that something may go wrong. That is only human.

Or, it may be that some one has purchased something he thought he liked, and doesn't like now.

But; whatever the cause, we want to know about it. We don't want our splendid Spring business record marred by even a thought of dissatisfaction, or disappointment lurking in the mind of any of our patrons.

You'll find us always on the customer's side in such matters—glad to fulfill to the last letter our unqualified guarantee of satisfaction.

There is a reason for the tremendous business of our Live Store in the face of all kinds of pessimistic complaints 'round about. The answer lies in the constantly growing confidence of the public in this store for the absolute satisfaction or money cheerfully refunded—good merchandise to sell at reasonable prices, always—courteous, conscientious SERVICE, spelled with capital letters.

## RIFLE MATCHES TO BE AUGUST EVENTS

Adjutant General Stewart Issues Orders For the Annual Competition at the Ranges

The State's annual rifle matches, the big event of the year in militia circles when the encampments are ended, will be held at Mt. Gretna, commencing August 28. They are expected to be unusually interesting this year because of the keen competition among the various organizations for the trophies.

The matches will be regulated with the usual care and the junior teams

## The Real Suffrage Thought of Women

Motherhood is the thought uppermost in woman's mind. And with it, of course, comes the question of comfort, of helpful aids and influences. Among the best of these is a well known external remedy, "Mother's Friend." It is gently applied to the surface muscles. These are lubricated, toned, made pliable so they stretch as nature requires without the strain and pain on cords and ligaments. This influence extends through the myriad of nerves to deeper surfaces, the internal organs. And thus a period of repose must reflect itself not only in the mind of the mother, but upon the babe to come.

Young mothers who have used "Mother's Friend" have written to say how rejoiced they were at the absence of morning sickness, extreme nervousness, and other distresses of which they had heard and feared. Get a bottle of "Mother's Friend" at any drug store. Simply apply it over the stomach muscles and rest assured of perfect safety and comfort day and night. Write to Bradfield Regulator, 403 Lamar Bldg., Atlanta, Ga., for literature.
