Weak Stomachs Cause Gas

Stomach gas, which is a cause of great discomfort to many people, is caused by the food being retained so long that it ferments if it is vegetable food or putrefies if it is animal food. The usual treatment is to forbid the use of the food that is causing the trouble. This stops the discomfort caused by gas, but few people like to be put on a limited diet. They generally try another doctor.

Food is retained until it causes gas because the digestion is weak. That is a simple statement of a complicated condition. Digestive weakness may involve a deficient secretion of digestive fluids, lack of force in the nerves that control digestion, many things, but back of them all is thin blood. "Without rich, red blood good digestion is impossible" is an established fact in medicine. You can enrich your blood with Dr. Williams' Pink Pills and begin at once to restore your disordered digestion until you can eat what you want, within reason, and enjoy it. These pills have a direct action on the nerves also and so are an ideal digestive tonic.

Your own druggist sells Dr. Williams' Pink Pills. A diet book, "What to Eat and How to Eat," that will help you solve your stomach problems will be sent you free on request by the Dr. Williams Medicine Co., Schenectady, N. Y.—Advertisement.

A LETTER from JULIAN ELTINGE

America's Foremost Impersonator of Beautiful Women:

"After having used a number of Hair Removers for my arms and chest, El Radjo is the best thing I have tried. It should be a great help to womankind."

It is said of Mr. Eltinge, "The most beautiful woman on the stage is a man." El Radjo plays an important part in the transformations. Could there be surer, more conclusive proof of its efficiency?

El Radjo is Sanitary Liquid that removes hair from the face, lip, neck or arms quickly and harmlessly. All you have to do is saturate the hair thoroughly with little El Radjo, and in a few moments the hair becomes harmlessly dissolved. You then wash off with a little plain water and the hair is all gone, while the skin is left in a perfectly smooth, clear condition.

The decided rouge or hairless evening gowns and sheer, transparent blouses is necessitating more and more the removal of hair from under the arms. Any form of cutting or shaving for such a purpose is most unwise, as this not only increases the growth, but causes the hair to be more coarse. El Radjo is more simple to use, it removes the hair for a much longer period, and the hair keeps becoming finer with each application.

El Radjo is sold in 50c and \$1.00 sizes at leading drug and department stores with the distinct understanding that the money is to be refunded if the bottle is returned to the factory. Try El Radjo on your arm to-day. Take nothing else.

If you prefer we will gladly fill your order by mail direct, in plain wrapper, if you will write enclosing stamps or coin. Full information and letters from prominent users merely send a postal. Piffitt Mfg. Co., 41 East 28th St., New York.
