Market Shows Tendency to Harden After Early Reaction; Heaviness in Coppers

By Associated Press

New York, June 17. — Wall Street.—
Firmness ruled at the outset of to-day's
trading, leading issues adding to yesterday's late gains. United States Steel
gave promise of resuming its former
prominence, opening with sales of 2,000
and 1,000 shares at a material fractional gain, while the preferred rose
a point. New York Central was
strongest of the rallways with a one
point advance. Coppers and motors
were moderately higher, but wa specialties were variable. We attension offerings. Prices reacted before the end
of the half hour.

The market showed a tendency to
harden after the early reaction, but
heaviness in coppers which followed a
sharp break in quotations for the refined metal in London caused another
reversal and gave partial confirmation
fo reports of price-cutting in this market. Metal shares were less heavy,
however, than certain of the more standard issues, Union Pacific, Reading and
Pennsylvania falling back a point each,
the latter on fairly large offerings.
There was a moderate revival of pool
operations in minor specialities, with
extreme dullness elsewhere. Bonds
were steady.

Young Men Are Using Enola Reservoir as Bathing Resort

Enola, Pa., June 17.—The Pennsylvania railroad company at Enola has during the past been considerable annoyed by the young men of the town using the reservoir in the rear of the Y. M. C. A. building as a bathing resort. Last season it was necessary for the company to place watchmen both day and night at the reservoir to keep them out. As the Dauphin Consolidated Water Company is compelled to use a part of this water at times to help supply the town, they as well as the railroad company are determined that the bathers shall cease using the place.

THE Harrisburg Polyclinic Dispensory will be open daily, except Sunday, at 3 P. M., at its new location, 1761 North Second street, for the free treatment of the worthy poor.
