SUMMER SCHOOLS TO TRAIN TEACHERS

Demands For People Qualified For Continuation Schools Necessitates Six Schools

GOVERNOR WORKS HARD

Stays at Mansion With Legislators and Public Charities Officials to Talk Bills

An announcement was made to-day by the State Board of Education of six summer schools for the training of teachers for service in the continuation schools provided for in the Cox child labor law.

The schools will be established in Philadelphia, Reading, Scranton, Altoona, Pittsburgh and Erie. No tuition will be charged and persons attending will be required to pay for board and transportation only. The schools will be open to qualified male and female teachers who have had one or more years successful teaching experience.

Working on Bills.—Governor Brumbaugh went into conference with Chairman Buckman and Woodard, of the legislative appropriations committees, and Bromley Wharton, secretary of the State Board of Public Charities, on the appropriation bills for hospitals, state institutions, homes and other charities and it is expected that he will finish the task of making over 400 bills at the available revenue by noon to-morrow.

Answer Unlikely.—It is improbable that any comment will be made by the Governor on the letter issued by H. Billeter, of Philadelphia, criticizing his action in signing the Baldwin bill relative to fire insurance rate making bureaus. When inquiry was made at his office the statement was made that the Governor was working on bills.

Rumors about Nearing.—Reports were current about the Capitol to-day that Scott Nearing, the University of Pennsylvania professor, who was dropped yesterday, might become connected with some branch of the State government, possibly factory inspection. Governor Brumbaugh, who is acting on bills, could not be reached and department chiefs said that they did not know anything about it.

Marshals' Good Work.—Deputy State fire marshals have rounded up half a dozen men in as many counties on charges of arson in the last ten days. In addition they have secured several convictions in courts. In almost every instance efforts to get insurance money was the cause of the crimes.

Argument Put Off.—The arbitrators in the Wilkes-Barre trolley strike, who include Commissioner John Price Jackson, have postponed argument until Friday, June 25, at Wilkes-Barre.

Must Install Filters.—Commissioner of Fisheries N. R. Buller has given notice that owners of paper mills in northern tier counties and in central districts who fail to install filters to stop pollution within specified times will be prosecuted and compelled to install filters anyway.

To Sit in Scranton.—The Pittston school district, Electric company case, one of the most important electricity cases before the Public Service Commission, will be heard Tuesday at Scranton.

Mr. Haldeman Ill.—I. R. Haldeman, clerk in the bureau of corporations of the auditor general's department, is ill at his home.

Pittsburgh Case Up.—The United States Claim Association case, in which the Allegheny county bar is after a Pittsburgh concern, is scheduled to be heard by the attorney general's department on Tuesday.

Why Suffer With Impure Blood

An Effective Remedy That Can Be Relied Upon.

You can step into almost any drug store in the U. S. and get a bottle of S. S. S., the famous blood purifier. So there is no need to struggle or suffer with any blood disorder. It doesn't make any difference how severe is the outbreak, S. S. S. will overcome it. This famous remedy gets into your blood at once; it works with a will; it just simply annihilates disease germs, it drives them out, converts them into a harmless substance for quick elimination. Get a bottle today and you will quickly realize that S. S. S. is just as essential to blood health as are the meats, fats, grains and sugars of our daily food. And if yours is a stubborn case, write at once to the Medical Adviser, The Swift Specific Co., 112 Swift Bldg., Atlanta, Ga. He will put you right. This department has been of incalculable service to a host of men and women. It has enabled them to understand their true condition, to take care of themselves in the right way, to so use S. S. S. in conjunction with health helps as to obtain the desired results without mistakes. Do not accept any of the horde of substitutes so often displayed for those who are easily misled. S. S. S. has been the standard for half a century and is unquestionably the safest medicine you can use.

Toric Three Points in Lens Grinding

Satisfactory lenses must not only have the proper curvature to correct the defects of your eyes, but they must be of the size and shape which will fit and look the best on your face. Because we grind Torics in our own shop we are able to give most careful attention to these points as well as the examination of your eyes.
