COUNCIL AND OWNERS CLASH ABOUT TREES

Paving of Lewistown Street Made Necessary Removal of Six Beautiful Specimens

Lewistown, Pa., June 21.—In order to evade legal proceedings workmen attacked six large shade trees in East Third street here at an early hour Saturday morning and felled them in less time than shade trees of their size were ever cut down before in this section. These trees which were large and beautiful ones were in front of the properties of J. W. Woods, John Hoot and Peter Dreyer.

Third street is being paved and the trees were outside the curb line and council had ordered that they be cut down, but the property owners were opposed to parting with them, and decided that they would pay no attention to council.

James Trexler, the contractor doing the paving job, was given a \$1,000 bond by council to protect him from possible law suits for damages, and then plans were got in readiness for the felling of the trees. With sharp axes four volunteers appeared on the scene at an hour when it was decided that the legal machinery could not be set in motion in time to save the trees. In thirty minutes the large and beautiful shade trees had been cut down.

Philadelphia and Reading Train Kills Milk Wagon Driver Near Shippensburg

Carlisle, Pa., June 21.—Andrew Witherspoon, 34 years old, was instantly killed early this morning at Canoll station, on the Philadelphia and Reading railroad near Shippensburg. Witherspoon was driving a milk wagon across the tracks at a crossing when a train struck the vehicle, completely wrecking it and killing the driver. The horse had cleared the track and was uninjured.

Camp Hill Votes For \$30,000 Loan to Pave Market Street

Camp Hill, June 21.—On Saturday the borough of Camp Hill showed its progressiveness when it voted for a \$30,000 loan to pave Market street. The loan was carried by a vote of 124 to 37. The Valley Railway Company and the State Highway Department will help Camp Hill if there is any money available in Cumberland county.

Capitol Park Act Stands at \$300,000

Governor Brumbaugh's approval of the \$300,000 appropriation for extension of Capitol means that the whole purchase can be completed before the end of 1915. This sum was estimated to compare the purchases and passed both branches of the legislature without question being recognized as good business for the State.

The officers of the Capitol Park commission have been working rapidly and will now enter upon the final negotiations to secure properties. When this is done the Board of Public Grounds and Buildings will be given the properties and steps taken to clear them.

Local Italians Help in Red Cross Work

POETS an' ball players are born, not made, but they shore can be marred if you ain't right careful.

Pipe tobacco is "born," too. The best of it is born in Kentucky, an' its fam'ly name is Burley. But some of it gets a little "bow-legged," so to speak, from tryin' to walk too soon.

Not so VELVET. We don't sell VELVET until Nature has had a chance to finish the work she started when she grew it. The VELVET Burley spends not less than two years in wooden casks agin' an' mellowin', to bring out all its fragrance an' flavor an' take out all its bite.

We don't run any chances of marrin' VELVET by processes. We make it by natural agin'.

CAPITOL FEELS THE APPROPRIATION CUT

[Continued from First Page.]

have their activities much circumscribed. This is due to lack of revenue to meet appropriations. Powell, whose appropriation for clerk hire was cut from \$202,000 to \$196,000, notified twelve clerks of reductions in salaries of from \$100 to \$250.

The effect of the cut of a quarter of a million from the State's tuberculosis sanatoria and dispensary work cannot be ascertained.

State Zoologist's office says that the reduction in the Department of the Water Supply Commission will drop fifteen men engaged on the inventory of water resources on July 15.

A MOTHER'S NERVES

When your children "get on your nerves," the trouble is with your nerves, not with the children.

You find yourself scolding them when you should be reasoning with them and if you are wise you will realize that your nervous system needs attention.

You observe, doubtless, that you wake up in the morning unrefreshed by your night's sleep, that you often feel better at night than you do in the morning. You realize that you are getting irritable, things worry you that didn't formerly and you have headaches more frequently than you used to.

Let this condition go on uncorrected and you invite a nervous breakdown. The proper treatment is to take more rest, stop worrying and build up your blood and nerves with Dr. Williams' Pink Pills. You will soon find that you sleep better and are more refreshed by it, that your appetite and digestion improve, headaches are less frequent and that little things do not annoy you as they did. You can begin the treatment today for your own druggist sells Dr. Williams' Pink Pills.

The Dr. Williams' Medicine Co., Schenectady, N. Y., will send free on request two helpful books, "Nervous Disorders, A Method of Home Treatment," and "What to Eat and How to Eat."—Advertisement.

State Highways Will Receive \$8,300,000

Evidence that the Governor in acting on appropriation bills kept in mind his announced intention of giving the highways all that could be spared for putting them into good condition and keeping them so is furnished by the fact that only \$100,000 was cut from the \$8,400,000 appropriation bill. Reductions were made in the office expense or overhead items last week, but not in the construction bill.

Fifty thousand dollars was cut off the national road item and a like amount taken from the fund for condemning turnpikes.
