

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo. — "I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself." — Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacement, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

DECY SUNDAY EXCURSIONS

Several Methodist ministers yesterday, in accordance with resolutions adopted at a recent ministerial meeting, preached sermons protesting against the running of Sunday excursions here and the throwing open of the Capitol for public inspection.

Clears Skin—Stops All Blood Troubles

Goes Right Down to Where the Germs Start From.

The action of S. S. S., the famous blood purifier, is notable in the skin. It is but natural that blood impurities should seek an outlet. Was so gas, oil and nearly all the active products of nature seek the surface. It seems to be a cosmic law. Even our thoughts will undertake to find expression. And whatever we take into our system will eventually come out changed in form, concentered often into some other substance, but constituting always either waste or which has served its useful purpose and must be eliminated. And the skin is the principal avenue for escape of certain acids or poisons. If the skin and blood be healthy, these wastes pass off as vapor or perspiration. But impure blood leads the skin with eczema, pimples, acne, rheumatism, rash, fever blisters, blood risings and other eruptions. And S. S. S. has been found the very best, safest and most effective remedy to purify the blood and thus restore the skin to clear and attractive health. Get a bottle today of any druggist, but be emphatic. Do not allow anyone to hand you a substitute. Wrapped around the bottle is an interesting circular that tells you how to obtain skillful advice free on any subject concerning the blood. S. S. S. is prepared only by The Swift Specific Co., 113 Swift Bldg., Atlanta, Ga. Look for this name on the package.

PLAN MANY SPORTS FOR BIG S. S. PICNIC

Messiah Lutheran Will Go to Williams Grove on Special Train; Prizes for Winners

Messiah Lutheran Sunday School will picnic at Williams Grove to-morrow and the special train leaving Union Station at 7:50 a. m. is expected to take a large proportion of the church membership of 1,100. The committee in charge of the outing has prepared a varied program for morning, afternoon and evening events. Prizes are offered. The chief events in the morning will be a baseball and progressive quoit pitching contest, while in the afternoon, beginning at 1:30, there will be sixteen athletic events for old and young. Prizes to the winners in these events will be awarded at the evening musical service in the main auditorium, for which service a leaflet containing popular songs, both secular and religious, has been prepared. A number of the picnickers will leave for the grove at 11:53 a. m.

Edison Makes 3,000,000 Candlepower Light

Special to The Telegraph West Orange, N. J., June 21.—Profiting by an experience of firemen in fighting the \$3,000,000 fire at the Edison works on December 9, 1914, Thomas A. Edison has perfected another invention, which he took to his home in Llewellyn Park Saturday night to test.

A few minutes after Charles Edison began operating the device, for the education of his father people living in the valley east of Llewellyn Park in telephone police headquarters and asked, "What is that light shooting out of the park?" Mr. Edison and his family enjoying the wonders produced by a new 3,000,000 candlepower searchlight, capable of throwing a ray several miles, the most powerful searchlight yet invented. It is very small and the power is supplied by storage batteries.

In the fire at the Edison plant the yards were thrown in darkness when the power was shut off. Mr. Edison conceived the idea of a portable searchlight, and two days after the blaze he designed a working model. To-day he announced the perfection of his idea. It was said at the Edison laboratory to-day that the lamp will be useful in mine rescue work at fires and on ships, aeroplanes and locomotives. It can produce light in any volume desired.

OSTEN-ENSMINGER CASE ENDED

Three Criminal Jury Exonerates Both on Adultery Charges on Court's Order—Mrs. Long Missing Because of the failure of the district attorney to locate Mrs. Minnie Long, one of the chief witnesses for the Commonwealth, the State has been unable to support its original charges against Mrs. Martha Osten, a trained nurse, and Dr. John T. Ensminger, Jr., a druggist, who were charged with adultery. The pair were convicted in March, 1914, but a new trial was granted. The cases have been carried along on the lists until the present term, prior to the adjournment of June criminal sessions the court directed a verdict to be returned of "not guilty," after District Attorney Stroup had explained the situation.

WHERE TO FIND NATIONALLY ADVERTISED GOODS The World's Best Merchandise In and Near HARRISBURG, PA.

Merchandise that will bear national advertising has to have exceptional merit, else the manufacturer could not afford to spend large sums of money for the advertising, and to attach his name and reputation to an article that was not extraordinarily meritorious, for it is the repeat sales that he depends on. It is therefore quite evident that when an article is nationally advertised and nationally sold, year in and year out, year after year, it is exceptionally good goods to stand the test and prove worthy of continued sales and growth. It is conceded by experts that when an article is advertised generally—nationally—it is the best possible product. The wise always, in consequence, prefer nationally known goods and ask for what they want by name. Read the magazines and keep posted on nationally advertised goods.

Royalty Was Imperiled in Raid at Karlsruhe

Berlin, June 21.—Queen Victoria of Sweden and the family of Prince Maximilian of Baden narrowly escaped injury from bombs dropped by French aviators in the recent raid on Karlsruhe, according to the Overseas News Agency, which says an official statement has been issued concerning the attack on Baden's capital.

One bomb struck the roof of the castle above the chamber of a Swedish lady in waiting, Baroness Hochschild, the statement asserts. One of the occupants of the castle at the time of the raid was the Dowager Duchess of Baden, an aunt of Emperor William. The German military authorities declare, the news agency asserts, that heretofore German airships and aeroplanes have bombarded only places of military importance, except on occasions when it has been stated explicitly the raids were in retaliation for attacks by the allies on open towns.

Liberty Bell Parade Aids to Meet Tomorrow Night

Special aids will meet with Chief Marshal Arthur D. Bacon, of the Liberty Bell reception parade, to-morrow night. The meeting will be held in the rooms of the Harrisburg Chamber of Commerce. The special committee to arrange for the formation of three divisions of school children will make its report. Each division will have a band. The three bands engaged are the Commonwealth, Municipal and West End. Robert W. Hoy will be in charge of the distribution of flags and leaflets. At the meeting to-morrow night the committee will also arrange for the placing of a wreath on the Liberty Bell.

8 Morton Tractors to Be Sent to Russia Wednesday

Eight armored motor cars, the first consignment of the order for 1,400 machines of all descriptions for the Russian government, will be shipped by the Morton Truck and Tractor Company Wednesday. The local plant has been equipped for the assembling of about four cars a day. About 300 machines, according to present arrangements, will be made by the Baldwin Locomotive Works, of Philadelphia. Robert L. Morton is now in the Middle West arranging for materials and parts. As the orders were taken on a time schedule, with a special bonus for early delivery, the firm is making the utmost efforts to rush the work through.

Auto Delivery of Rural Mail to be Extended

Use of the automobile for the distribution of mail in rural communities in many parts of the United States will begin August 2, according to an announcement from Postmaster General Burleson at Washington yesterday. One hundred and five machines will be placed in service. The two rural free delivery routes from this city have been covered by automobiles for the last several months and recently Sherman Fertig, who distributes rural mail from Dauphin, purchased a machine. CURFEW IN FORCE TO-NIGHT Delay in getting printed slips and other information into the hands of the police, postponed the enforcement of the curfew law until to-night. All moving picture theaters will flash the curfew hour on the screen every night at 9:30.
