Safety First

TYPHOID FEVER is usually contracted through milk, water and Ice Cream. In order to guard against the possibility of typhoid and still enjoy this national delicacy, be sure to buy the SAFE ICE CREAM—

HERSHEY'S ICE CREAM

We don't only say it is pure because we think so, but here is the positive proof.

Harrisburg, Pa., June 21, 1915.

Hershey Creamery Co., Harrisburg, Pa. Gentlemen:—

The report of the bacteriological examination of ice-cream sample submitted to me by you on June 17, 1915, is as follows:

Average number of bacteria per cubic centimeter as shown by 1 cubic centimeter inoculations of various dilutions of sample in agar-agar plates, incubated at 37 degrees C. for 48 hours and at 20 degrees C. for 24 hours 350,000

Number of COLON BACILLI per cubic centimeter as shown by 1 c. c. inoculations of a 1-100 dilution of sample in special Endo medium 0

Five fermentation tubes of glucose bouillon each inoculated with 1 c. c. of a 1,100 dilution of sample and incubated at 37 degrees C. for 24 hours showed no gas production in any of the tubes.

George R. Moffett

All milk contains SOME bacteria, but all bacteria are not harmful. The dangerous bacteria are the COLON Bacilli; which contain the deadly typhoid, tuberculosis, scarlet fever and other pathogenic germs. It will be noted that in the above test there is a complete absence of the Colon Bacilli—evidencing PERFECT PURITY. For the sake of your family's health you should

TORIC Attention to Details

A pair of glasses might be of the highest quality, mechanically—the lenses of the best glass, accurately ground; the mounting of the most improved design; yet if some one detail was not just right those glasses might be positively harmful to you. Our Toric Service, means that every detail of fitting your eyes with the proper glasses receives skilled and conscientious attention. You want Toric Lenses and Toric Service.

INHERITED NERVOUSNESS

The causes of nervous disorders are of two kinds, predisposing and exciting. Heredity is a predisposing cause. A nervous parent is very liable to have a nervous child. But even with this predisposition the child will not necessarily develop any form of nervous disease without an exciting cause. It may not develop during childhood at all but throughout life a person with an inherited predisposition to nervousness is an easier victim of all forms of nervous disorders than one without it.

Worry, overwork, overstudy and excesses of all kinds are exciting causes and should be avoided by those who know themselves to have inherited a nervous disposition. Thin blood and a general run-down condition of the system are also to be avoided by such people. Be moderate in everything, avoid worry, keep the blood rich and red, and the general health built up with a non-alcoholic tonic like Dr. Williams' Pink Pills and avoid a nervous breakdown.

Dr. Williams' Pink Pills are a general tonic with a special action on the nerves and relieve and correct many forms of nervous trouble. Your own druggist sells them. Write to-day to the Dr. Williams Medicine Co., Schenectady, N. Y., for the free booklet, "Nervous Disorders, A Method of Home Treatment."—Advertisement.

Workmen's Eyesight

cannot be guarded too jealously. The loss or injury of an eye is a most serious misfortune for anyone, but especially so to the working man. Statistics show that of all serious industrial accidents seventeen per cent. affect the eye and could probably have been prevented by properly constructed goggles. We make a specialty of goggles for factory and mill purposes. All the best styles at very reasonable prices. Glasses fitted in gold-filled frames as low as \$1.00. Eyes Examined Free, no drops used.
