# STEELTON MIDDLETON & CHESHIRE ROYALTON OBERLIN ENHAUT

## BUSINESS FOR LADIES BIG SOUTH SCHOOL COMING TO US

### Subsidiary of Local Company Has Enough Business Booked to Run One Year

Considerable local interest is manifested in the increasing activity at the Sparrows Point steel plant, controlled by the Pennsylvania Steel Company, and the prospect is expected to spread to Steelton. The marine department of the Maryland plant has enough orders already booked to keep it in full operation until September, 1915.

One of the reasons for the activity in this department is accredited to the fact that the plant holds a peculiar record for the rapid and at the same time finished work which they do on ships ordered from them.

This rapidity was especially noted in the recent launching of the Achilles, a mammoth collier, which slipped down the greased ways two months ahead of contract time and finished to the smallest detail. Several days later the company received a congratulatory telegram from the Navy Department at Washington in which they commented on the finished condition of the ship and also expressed their satisfaction over the trial trips before she was sent to the Panama canal.

At the present time the Maryland Steel Company is engaged in the construction of two similar vessels, one being four freighters for the American-Hawaiian Steamship Company, two freighters for the A. H. Bull Steamship Company and two similar freighters for the Munson Steamship Company.

It was learned that at the present time the company cannot take a vessel business for delivery before September, 1915, and this pile of business can only indicate one thing—that the orders already booked for this department are exceptionally large.

The stock of the Pennsylvania Steel Company has recently risen from 5 to 10 points. It is significant, then, that the Sparrows Point concern, controlled as it is by the same corporation, should prosper, as most of the contracts are let through the Pennsylvania's headquarters.

Only Saturday the Pennsylvania Railroad Company let an order to the Pennsylvania Steel Company for 34,500 tons of steel rails. It is understood that these rails will be rolled at the Maryland plant. This order is made up of two types of rails, one weighing 100 pounds to the yard and another making 125 pounds to a similar distance. The latter weight is used on tracks over which especially heavy traffic passes. A short time ago a marked scarcity of rail orders were being received at the Sparrows Point. This recent order, however, will keep them busy for some time to come.

Many who know the exact condition of affairs of the Pennsylvania and Maryland office preparing for the recent decision at Trenton in favor of the United States Steel Corporation has worked a world of good with all steel industries of the country. They point out that the concern showed a spirit of reluctance over placing orders with firms said to be violators of the Sherman antitrust law.

### Many Delegates Registered at First Meeting of County Association; Interesting Program Prepared

With delegates present from all parts of the county, the twenty-ninth annual convention of the Dauphin County Sabbath School Association opened at 1 o'clock this afternoon in St. Peter's Lutheran Church.

In addition to this meeting the convention will hold sessions this evening, to-morrow morning and afternoon and a closing session to-morrow evening.

Little was done this afternoon except the registration of delegates and the assigning of boarding places. Many delegates did not arrive until late and more are expected to-morrow morning.

The opening service was led by I. O. Nissley, The Rev. Fuller Bergstresser, pastor of St. Peter's Lutheran Church, conducted the devotional service. His subject was "World Evangelism." The annual reports were submitted in writing by E. F. Weaver, of Harrisburg, president of the association; F. F. Funkhouser, of York, secretary; Mrs. Virginia Payne Hobart, financial secretary and treasurer; district presidents, James W. Barker, of York, and J. H. G. Haertter, of York; C. Demming, of York, and George S. Seiler, of Swatara Station, of York. Reports of problems of the Rural Sunday School.

Another paper entitled "Missionary Methods in the Sunday School" was read by F. F. Funkhouser, of York. A discussion followed. The session closed with the appointment of committees and nomination of officers.

The session this evening will commence at 7 o'clock and will be led by I. O. Nissley. The devotional exercises will be in charge of the Rev. T. C. McCarrell, pastor of the Presbyterian Church, of York. The subject will be "The Knowledge of God." The address by Professor M. A. Honline, of Dayton, Ohio, on "The Problem of Religious Education" will feature this evening.

### Croatian Society Pays Tribute to Patron Saint

Members of St. John the Baptist's Croatian Society to-day paid tribute to their patron saint with an all-day celebration in the lower end of the borough.

Early this morning about fifty members of the order led by the Imperial Austrian march to St. John's Croatian Catholic Church where services were conducted by the Rev. Father Anthony Zuvich.

Following these services the celebrators marched to Croton hall, the Second and Washington streets, where there was music and speeches. The celebration will last all day, closing this evening with a big dance.

### Steelton Snapshots

**To Play Ball.**—The Steelton A. C. will meet the P. and R. team of the Allison Hill League, on Cottage Hill this afternoon at 2 o'clock. The White Sox will be the batter for Taylor and Clint White.

**Orchestra to Play.**—An orchestra going into service at the home of the First Methodist Church at 327-329 Second street. The orchestra will be in charge of the services.

**To Elect Officers.**—Steelton Lodge, 411, Knights of Pythias, will elect officers and confer the third rank upon a new initiation of members. It is expected that all the past cancellers will attend this meeting during which state officers will be voted upon.

**RESIGNS FROM STEEL PLANT**

E. I. Mitchell has resigned his position in the open hearth department at the Steel Works to accept work with the Basic Refractory Company, at Lehigh Bridge, N. Y. Mr. Mitchell will leave for Natural Bridge to-morrow. His family will join him later.

### Improvement in Steel Industry Is Reported

The Iron Age in its issue to-day reports further improvement in the iron and steel industries. Many plants are nearly or completely closed, and suspensions and plants now being increased their capacity. In part its market summary follows:

"The drift of the steel situation is seen in the order given by the Carnegie Steel Company for starting up its North Sharon, Pa., plant consisting of six open hearth furnaces and a blast furnace at Columbus, Ohio, in operation to supply steel to the sheet bar mill there. The Sharon and Columbus plants have been idle for more than two years.

"The Steel Corporation's orders are now running about 10,000 tons a day more than its output and shipments are nearly equal to those of the year up to this time last year.

"Urgent inquiries have come from Europe for rails—200,000 tons in all, most of it for Russia. August delivery is wanted. The demand for replacing of 150,000 tons in this country is expected. New rail business at home is limited to 5,000 tons for the Southern Railway, the Pennsylvania Steel Company. The Lackawanna Steel Company will roll 6,000 tons for the Cuba Railway."

### EMBROIDERY CLUB GOES TO PICNIC IN AUTO

The Enhaute Embroidery Club held a picnic yesterday at Clifton, along the Schuylkill river. The party consisted of automobiles and a motor truck. In the party were: Mr. and Mrs. P. J. Parthemer, Dr. and Mrs. D. W. Schaffner, Mrs. L. T. Herman, Mrs. W. H. Hildebrand, Mrs. L. S. Sherer, Mr. and Mrs. Miller, Mrs. W. H. Augst, Mr. and Mrs. Blaine Kline, Meade Schaffner, Foster Augst and LeRoy Parthemer.

### MAYOR ROYAL MAY RUN FOR RE-ELECTION

[Continued from First Page.]

he swept from the path of the plaintiff's ambition.

**New Act Is Substitute**

"Comparison of the two Acts, title for title and section for section, excludes doubt as to the fact that the whole subject matter of the earlier Act, being obviously intended as a substitute for the Act of 1913, is the Act of 1915 (P. L. 591) viz: The mayor and members of the city council, in cities of the third class, shall be at least twenty-five years of age, and shall be elected by the electors at large, they shall have been citizens and inhabitants of the city wherein they shall be elected one year before their election, and shall reside therein during their term of service, completely supplies Article VII, Section 1, of the earlier Act (P. L. 298). The mayor of each of said cities of the third class shall be at least twenty-five years of age and shall have been citizen and inhabitant of the State four years and an inhabitant of the city for one year before his election; he shall be chosen at the municipal election to serve for the term of three years, and until his successor is duly elected; he shall be eligible to re-election for the next succeeding term; thus bringing the Act of 1915 into complete conformity with the general principles defined by Endlich's Interpretation of Statutes and so often affirmed by the decisions as not to require citation here: The later Act works an implied repeal in all cases in which a general revision of the old law is made by the Legislature, with an intent to substitute the new legislation for the old. The general rule is that the provisions of statutes omitted from a revision are to be considered as annulled and are not to be revived by construction, such an omission, which cannot of course be supposed to have been regarded as a repealer of the omitted acts or provisions, and the courts are not at liberty to revive them in such a situation." (Secs. 202, 354, etc., Reeve's Appeal, 23 Superior Ct., Railroad Company vs. Boggs, 209 Pa., at page 556.)

"The argument is a fortiori, and the intention more unmistakable when, as in the present instance, the omitted language does not stand separate but is interwoven with a provision which

# Special Offerings for the Week-End in Silks--Colored Wash Goods--White Goods--Laces and Embroideries Spic and Span New Merchandise at Sale Prices

**Special Values in Dress and Waist Silks**

### ANTHRACITE CASE COMES UP FRIDAY

Next Week's Sitting of the Supreme Court Will Be Very Important For State

delphia, has been elected president of the State Pharmaceutical association. Dr. Schaeffer Spoko, Dr. N. C. Schaeffer, State superintendent of public instruction, was one of the speakers at the centennial of Allegheny College at Meadville.

**Bishe Wins.**—The George T. Bishe Company, of Philadelphia, was yesterday awarded the contract for publishing superior court reports. The bid was \$8 cents. The Smith Company, of Pittsburgh, bid \$1.02.

**York Man Named.**—Auditor General Powell has appointed E. S. Hengst, of York, to a place in the corporation bureau of his department. Mr. Hengst was formerly circulation manager of the York Gazette and has been here for some time. He now formally enters upon his work.

**Gallagher Appointed.**—Senator E. E. Beideman, President pro tem of the Senate, has appointed William P. Gallagher, of Wilkes-Barre, assistant clerk of the Senate. Mr. Gallagher was reading clerk of the last Senate. He has been engaged in newspaper work for a number of years.

**Dr. Dixon Leaves.**—State Commissioner of Health Dixon is at his Philadelphia office preparing for his vacation. He plans a western trip.

**Mr. Hoke Injured.**—Howard M. Hoke, secretary to the Attorney General, is confined to his home by an injury sustained while on duty.

**No Awards Yet.**—Superintendent Pomeroy is awaiting the results of the chemical analyses of the paper submitted last evening, denies he has any controversy with the Banking Commissioner of Pennsylvania over the gathering of statements of state banks under the regular calls from the collector for condition of national banks.

Attorney General Francis S. Hunk Brown will probably make the concluding argument for the State in the hearing at Philadelphia Friday, July 2, by the Supreme Court of the anthracite coal tax appeal. The case was originally set for July 1, but has been postponed a day. The State, which will have to face the appeals of both the St. Clair and the Alden Coal Companies, will be represented by Attorney General and Deputy Attorney General W. M. Hargest. Mr. Hargest was of counsel for the State in the trial of the constitutionality of the case in the Dauphin County Court, which decided in favor of the State. Mr. Brown drafted the coal tax act of 1915 and has made a thorough study of the subject in its relation to the State revenue.

The Supreme Court will also hear next week the attack upon the act separating Clinton county from the Elk-Cameron judicial district and attaching it to Potter. Judge Heck has declined to recognize the validity of the act, which amended a judicial appointment. This case may have far-reaching consequences.

**May Change Quarantine.**—Changes in the State quarantine for the foot and mouth disease are expected to be made about the first of the month, as the local centers of infection which had necessitated retaining several townships in Allegheny and other counties are being cleaned up. The situation is so materially improved that abolition of all quarantine for the disease within the state is expected before long.

**Next Meeting in Fall.**—No further meetings of the Board of Pardons are planned until September 15 at the least. About a dozen cases continued from this week's meeting will be listed, but no further continuances will be granted except for good cause. Only one hearing has been granted.

**Asked to Aid.**—Dr. John Price Jackson, Commissioner of Labor and Industry, has issued a circular to manufacturers outlining the requirements of the Cox child labor law and asking co-operation of employers. He tells in very simple form.

**Assigned to Harrisburg.**—J. J. Coffey, of Clearfield, who has just been appointed a supervising inspector in the factory inspection service, will be assigned to the Harrisburg office for the present.

**Buller at Bellefonte.**—N. R. Buller, Commissioner of Fisheries, was at Bellefonte inspecting State property.

**Case Postponed.**—The quo warranto proceedings against the United States Claims Association of Pittsburgh have been postponed indefinitely by the Attorney General.

**Plans for Arsenal.**—Superintendent Rambo is going ahead with his plans for the new State arsenal. He will ask bids later in the summer and it is expected to get the building under roof by winter time.

**Governor in New England.**—Governor Brumbaugh is in New England on a motor car tour. He was at Lenox on Tuesday. He will probably spend the week-end in Maine.

**Campbell President.**—Representative Theodore Campbell, of Philadelphia, has been elected president of the

**MANY BAPTISTS AT PICNIC**

The annual Union picnic of the Baptist Sunday schools of Harrisburg was held to-day at Bolling Springs, Cumberland county. Three cars filled with old and young folks left this morning at 8 o'clock, via the Valley Traction company line.

Plans for the first annual picnic of the Harrisburg branch of the Pennsylvania Railroad Mutual Beneficial Association will be completed to-night. The general and sub committees will meet and arrange final details. The outing will be held at Paxtang Park Saturday, June 26. Prominent officials will attend.

The day's program will include a baseball game between the Harrisburg motive power department team and New York motive power team. Neither of these teams has lost a game this season.

The program starts at 10 o'clock in the morning with a potato race, nail-driving contest and baseball throwing for women. Boxes of candy will be awarded the winners. For men there will be a 100-yard dash, swimming contest and a tub race. The baseball game will be played in the afternoon, starting at 1:30 o'clock. From 4 o'clock to 5:30 members of the association will offer a vaudeville program. Throughout the day the New Mutual Beneficial Association band will play.

**War Shipments Bring Activity in Freight Traffic**

Shipments of war munitions and fruit have brought about increased activity in freight business on both the Pennsylvania and Reading railroads. The Reading company is handling large consignments of fruit from the South and West. The war munitions are also a big part of the Reading's business.

On the Pennsylvania railroad this week's record shows a big increase in daily car movement. On Tuesday 7,039 cars were moved over the Middle division. This is a new record for June and the largest daily shipment in sixteen months.
