BROTHERHOOD OF RAILROAD TRAINMEN'S BAND PLANS BIG OUTING MONDAY

The second annual picnic of Harrisburg's trainmen's band will take place at Hoffman's Woods, Sixth and Division streets, on Monday. Invitations have been sent to members of transportation brotherhoods, and a memorable event is promised. The Sons of Veterans will join with the musicians in making it a gala day. The program is now in preparation and will include band concerts, morning and afternoon, and other interesting features. There will be seats and tables for the picnickers. Jimmy owners will run their buses to and from the woods all day. The members of the only exclusive trainmen's band in the United States are: Reading from left to right—A. C. Blair, Paul Flanagan, C. Smith, W. L. Neas, R. A. Raddorf, M. J. Moran, F. C. Mordan, E. R. Shoup, J. A. Adams, W. C. Miller, W. D. Moyer, W. H. Hoyt, F. W. Kann, N. M. Lambert, Roy Sears, F. D. Sears, director; G. E. Conn, A. Foltz, D. W. Myers, E. Brubaker, H. E. Gardner, B. D. Vanetta, W. Miller, C. J. Heckert, H. O. Garman, A. C. Eisenberg, N. P. Cheney, M. L. Righter.

Seventeen Graduated From Penny's Bible Courses

Seventeen students were graduated from the Bible correspondence courses at the Pennsylvania Railroad Young Men's Christian Association last evening during the second annual commencement exercises. Four of the graduates were railroad men from outside the city.

The Real Suffrage Thought of Women

Motherhood is the thought uppermost in woman's mind. And with it, of course, comes the question of comfort, of helpful aids and influences. Among the best of these is a well known external remedy, "Mother's Friend." It is gently applied to the surface muscles. These are lubricated, toned, made pliable so they stretch as nature requires without the strain and pain on cords and ligaments. This influence extends through the myriad of nerves to deeper surfaces, the internal organs. And thus a period of repose must reflect itself not only in the mind of the mother, but upon the babe to come.

UNUSUAL ANIMAL PICTURES AT THE COLONIAL

For the last time to-night, sportsmen and lovers of the great outdoors will find entertainment of unusual quality at the Colonial, where Salisbury's pictures of "Wild Life in America" are being shown. In many ways they are as thrilling and interesting as the Rainey African Jungle Pictures, these have the added value of acquainting Americans with birds and animals of this country in their native haunts. Many of the pictures were taken within a few feet of the unconscious bird or animal, the men of the expedition for days in the blinds erected for hiding the camera until the opportunity for making the picture desired presented itself.

MISSIONARY SAYS JAPAN IS NOT AFFECTED BY WAR

Walter E. Hoffsmmer, a professor in Tokyo, Japan, is visiting his brother, A. F. Hoffsmmer, 1712 Market street, this city. Professor Hoffsmmer reports that missionary work in Japan is progressing favorably and that the country is not seriously affected by the war. Professor Hoffsmmer has been in Japan for seven years, but was formerly director of the Steelton Y. M. C. A.

German Newspaper Says America Is Trying to Assist Great Britain

Berlin, via London, June 30.—A Reuter dispatch contains a summary of the United States note asking Germany to reconsider her refusal to settle by direct negotiations the claim arising from the sinking of the American ship William P. Frye, printed without comment by the Berlin newspapers, with the exception of the Rundschaun. This paper introduces its article by saying: "Along with the Lusitania incident, which, it is true, is settled so far as we are concerned, but is to be looked over again for America's sake, comes an exchange of opinions concerning the sinking of the ship Frye."

War Orders Boom Steel Industry at Pittsburgh

Pittsburgh, June 30.—Steel mills in the Pittsburgh district have received within the past few days orders for projectile steel which aggregate 75,000 tons. Early in the year steel of this grade was offered at \$31 a ton, but latest sales are said to have been made at \$38.

FEW AMERICANS ARE LEFT IN GERMANY

Paris, June 30.—Americans fleeing from Germany via Switzerland who are arriving here state that the Americans still remaining in Berlin, who, excluding the diplomatic and consular officials, war correspondents and German-Americans, number less than 100. The party, headed by Admiral von Tirpitz, is believed to have gained the upper hand with the Kaiser, although the censorship on everything concerning German relations with the United States is more strict than ever. Dr. Dernburg, it is reported, has gone to the eastern headquarters to interview the Kaiser, who will decide thereafter the policy to be adopted.

HILL CLIMBING AND RACING FORBIDDEN

State Highways Are Not to Be So Used by Automobile Contestants, Commissioner Decides

14 RECRUITS FOR POLICE

State Game Commission Will Meet Tomorrow to Outline Its Work For the Coming Summer

State Highway Commissioner Cunningham has forbidden hill climbing and speeding on State highways and issued orders that traction engines and trailers will be heavily fined if they do not obey the laws governing operation of such machines. In a recent exhibition of fast machines in a speed contest on one of the State's main highways in a western county the roadway was so damaged that the commissioner secured the opinion of the Attorney General on his powers and issued an order to-day that such exhibitions would not be permitted. Similar orders were issued regarding hill climbing contests, which have been found to be detrimental to the highways. These orders will prohibit any exhibitions of the kind during the coming holiday season.

The commissioner has also issued notice that every traction engine and trailer must have a license and will be inspected to see that the requirements are complied with. Traction engines not engaged in agricultural work will be watched and their owners held to strict accountability.

To Enlist Fourteen.—Fourteen men will be enlisted in the State police next month and there are several times that number on the list of applicants, practically every one a man with experience in the army, navy or marine corps. The demands for services of the State police at Independence Day demonstrations of various kinds are several times the number of men available. Most of the requests are for from three to six men. Over fifty towns have applied for men in the last two days.

Game Meeting.—The State Game Commission will meet here to-morrow to outline its work for the summer and fall. It is probable that some of the new game preserves will be officially located and action taken on offers to lease land for preserves under the new act.

Special Grant.—Probably the most interesting instance of detective work on a chicken thief was revealed by the affidavits in the requisition proceedings for William Wharton. Wharton was accused of stealing chickens from Stephen B. Twining, of Yardley, and to have sold them to a man in Trenton. Twining says the birds were stolen and identified and detected by slitting their crops and finding therein "a special chicken feed and grit made for our exclusive use." The Governor has called upon the Governor of New Jersey to surrender Wharton to the sovereign people of Pennsylvania and he will be arraigned in Bucks county.

Must File by August 2.—The Public Service Commission has notified the Philadelphia Electric Company that it must complete its inventory of property used in supplying electricity to the public by August 2, and that hearings on the Philadelphia municipal lighting contract will be resumed August 10.

New Armories.—The State Army Board has ordered specifications made for the new cavalry armory for Philadelphia and apportioned funds for buildings in three districts, Washington, West Chester, Pittsburgh, Lock Haven, Mahanoy City and Hazleton are being considered for armories.

Fair Fund Low.—According to officials in the financial end of the State government, Pennsylvania will have only \$50,000 to distribute as state aid to agricultural exhibitions in the next two years instead of \$100,000, which was given for 1913 and 1914. This is due to the governor's reduction of the appropriation for this purpose and numerous inquiries are being made as to how the money will be divided. The \$100,000 appropriated in 1913 was pretty nearly all used to the fair and exhibitions. The State contributing in 1914 \$50,382.08, or more than the whole allowance for 1915 and 1916. In 1913 the amount given was \$42,647.52 and in 1912 \$39,902.55.

HORSEMAN REFUSE CREDIT TO MORGAN BANKING FIRM

Kansas City, Mo., June 30.—Dealers here in war horses and mules have the same independence as the other American dealers in war munitions. J. P. Morgan & Co., purchasing agents for the allies, sent a wire to Kansas City yesterday asking if it would be possible to purchase 1,000 horses for Italy and have them paid for on delivery at Hampton Roads. A prompt response was sent to this effect: "Horses and mules purchased in Kansas City must be paid for in cash at the time they are taken to the barns. No other conditions of payment will be considered."

FORCED TO MOVE 39 TIMES IN 10 YEARS; ASKS DIVORCE

Camden, N. J., June 30.—Edward T. Turner, a telephone inspector in the employ of the Eastern Telephone and Telegraph Company, who is seeking a divorce from his wife, Abigail Marie Turner, on the ground of desertion, told Advisory Master in Chancery Joseph M. Camden yesterday that in the 10 years of their married life he had moved 39 times because of his wife.

WHEN HUSS WAS HUS

[From the Christian Herald.]
The name of Hus is an abbreviation of the birthplace of the great Bohemian village of Southern Bohemia near Frachatic, on the Bavarian boundary. Following upon the death of Hus called himself Johannes of Hussinec, and, for short, Johann Hus. The double "h" which appears in the English spelling does not occur in the Czech original; it was adopted by English writers to aid in the correct pronunciation of the name, which should be Hoosa. His first name he spelled Jan.

LANSING AT AMHERST

Amherst, Mass., June 30.—Secretary of State Robert Lansing and Governor Charles E. Whittam of New York were guests at the commencement exercises of Amherst College to-day. Both are graduates of Amherst. It was expected that they would deliver addresses at the commencement dinner.

SUPPRESS NEWSPAPER THAT URGES PEACE

Prague, Bohemia, via London, June 30, 10:35 a. m.—The newspaper Narodni Listy, leading organ of the Young Czech party has been suppressed by the police. There have been many reports since the war began of disaffection among the Czech element in Hungary and of a peace propaganda conducted by that party.

BRITISH ENTERTAIN GERMAN PRISONERS

Captain of Emden Meets King and Von Tirpitz's Son Is Guest of Winston Churchill

New York. — German prisoners of war in Great Britain or at least some of them of aristocratic connections are being feted in London, according to a dispatch to the New York Tribune, which says:

Personal friendship and business and financial interests are linking together in the most curious and remarkable way Englishmen and Germans. Among the German prisoners of war in England are officers who number among their English friends not only some of the smartest people in society, but people of the greatest prominence in the political world, by whom since their arrival as prisoners they have been constantly entertained.

Lieutenant von Tirpitz, for example, son of the German admiral, has been entertained by Lord Haldane and Mr. Winston Churchill, who are intimate friends of the Tirpitz family. The summer before the war broke out Lieutenant von Tirpitz was the guest in London of Mr. and Mrs. Winston Churchill. Lieutenant von Tirpitz partnered Mrs. Winston Churchill in a lawn tennis tournament at the Queen's club and with her won the mixed doubles. Two days after his arrival in England as a prisoner of war he was again Mr. Churchill's guest and later became the guest of Lord Haldane and has since been the guest of Lord Lansdale and of a number of people in the smartest society. Another German officer who has become quite a lion in the

CRUISERS COAL ON THE RUN

The British cruisers which are guarding the steamship lanes against German raiders do not dare to relax their vigilance for an instant. It is dangerous for them to stop to take on the necessary coal, and so an ingenious method has been devised to enable them to take coal on the run. The collier that is to supply a cruiser with coal gets into touch with her by wireless and meets her at the appointed spot. The collier pulls up behind the cruiser and when about four hundred feet astern two hawsers are passed from the warship and one fastened on either side to be used as tow lines. Another cable is stretched from the masthead of the collier to the deck of the warship. The warship steams ahead at the rate of ten or twelve knots an hour, followed by the collier. Great bags holding a ton of coal are hoisted to the masthead of the collier and attached to a carrier that allows them to run rapidly down to the deck of the cruiser, where the load is automatically released. The carrier is then drawn back to the collier. By this means coal is loaded onto a moving warship at the rate of fifty tons an hour.—The American Boy.

Convince Yourself

Look at Crisco. Its very appearance tells a story of purity. It is creamy white and just stiff enough to round up nicely on the spoon.

Then see if it has an odor. You will find none but a delicate aroma, indicative of its purity. Crisco remains the same in hot weather without refrigeration.

Next taste it. You will find a neutral taste; that is, practically no flavor—not greasy or "lardy." It resembles cold, unsalted butter.

Then try it. First fry potatoes, and note the wholesome potato flavor. You may never have known the potato flavor before because the taste of the fat you have been using has predominated. Crisco allows the true flavor of the food to assert itself.

Next make some biscuits. See how light they are. Break one open and you will be delighted with its appetizing odor. This is a severe test for a shortening.

Next make a white cake and learn how delicate and rich your cake will be without butter and with few eggs. Below is an excellent and very economical recipe.

Please convince yourself about Crisco. If you will know Crisco you will be a Crisco enthusiast.

CRISCO HURRY UP CAKE

3/4 cupful sugar	1/2 teaspoonful lemon extract
1 1/2 cupfuls flour	2 whites of eggs
4 tablespoonfuls Crisco	1/2 teaspoonful salt
1/2 teaspoonful almond extract	2 teaspoonfuls baking powder

(Level measurements)

Sift flour, baking powder, salt and sugar into measuring cup, add Crisco, and fill cup with milk. Add to dry mixture with extracts and beat vigorously six minutes. Pour into small Criscoed and floured cake tin and bake in moderate oven forty-five minutes. Cake may be frosted if liked. Sufficient for one small cake.
