

ASYLUM INMATE SLAIN BY ANOTHER; SECOND IN MONTH

Jacob Milleisen Killed in Insane Rage by George Emmick, of York

CORONER WILL INVESTIGATE

Make Inquiry to See if There Was Negligence on Part of Keepers

Jacob Milleisen, aged 57 years, 1853 Park street, an inmate at the Pennsylvania State Hospital for the Insane, was killed yesterday morning by George Emmick, aged 27 years, an inmate from York county.

After he had killed Milleisen, Emmick walked to an attendant, fifty yards away, and told what he had done.

Coroner Eckinger is making an investigation. He will hold an inquest at the hospital to-morrow night to determine whether Milleisen's death was the result of negligence.

On June 7 John McCoy, of Harrisburg, was killed by William Marshall, also of this city, during a fight. McCoy's skull was fractured when he was knocked down by Marshall.

Milleisen, who was sent to the State hospital three months ago, for treatment was placed in a room with Emmick. The latter had been an inmate for nearly a year and had frequently violent spells, according to attendants. As the custom with this class of patients, mits were placed on Emmick's hands and they were fastened to his waist to prevent him from doing any harm. It is said Milleisen also wore mits.

"Just Killed a Man" About 9:30 o'clock yesterday morning Emmick walked to Harry Thompson, an attendant, and told him "I just killed a man in my room." The attendant did not believe Emmick at first, but when the patient insisted that he had killed an inmate Thompson went to the room. He found Milleisen in a pool of blood with the back of his head crushed in. Asked how he did it, Emmick remarked:

"It was kill him or he kill me. They have been trying to kill me for some time and I had to kill someone. I butted him up against the wall and his head hit the hinges on the window. When he fell down I tramped on his neck with my foot. I took my foot off and he moved. I thought he was not dead and tramped on his neck again. Then I came and told you."

Tells Coroner Story Coroner Eckinger was notified and went to the State hospital at once. The body of Milleisen had not been moved. Emmick was in another room and was brought to the coroner. Asked what he had done, Emmick told his story over and over to the coroner. When asked why he did it and how he did it, Emmick showed the coroner how he had butted Milleisen against the wall and tramped on his neck. The latter fell to the floor. He added: "I had to kill someone. It was in me and had to come out."

On direction of Coroner Eckinger the body of Milleisen was placed in charge of Undertakers Hoover & Son. Jacob Milleisen was a brother of G. Frank Milleisen, the coal merchant. The other survivors are a widow and three sons. Previous to going to the State hospital for treatment Milleisen was employed as a delivery clerk at

HARRISBURGER AND NINE OTHER AMERICANS DROWN WHEN GERMANS SINK SHIP

Carpenter Named Brown, of This City, Employed on Cattleship Sailing Out of Newport News, Missing After Teutonic Submarine Torpedoes Dominion Liner Armenian Near English Coast; Belgian Trawler Picks Up Some of the Survivors.

Washington, D. C., June 30.—The Dominion liner Armenian, was torpedoed and sunk by the German submarine U-38 at 8:08 p. m. June 28, twenty miles northwest of Trevese Head, Cornwall, England.

Consul Armstrong at Bristol, reporting to-day says 29 lives were lost, ten persons were injured and that ten Americans are missing.

Consul Armstrong's message said: "The Dominion line steamship, Armenian torpedoed and sunk at 8 p. m. on the 28th, twenty miles west by north of Trevese Head, Cornwall by the German sub-

marine U-38. Marconi house taken by second shot. Twenty-nine lost and ten injured. The following American horse attendants are missing: S. R. SUTTON, Cartersville, Va.

HARRY STONE, New York.

BROWN, a cattle ship carpenter, Harrisburg, Pa.

R. H. BROOKS, or West, chief foreman, naturalized American, of London.

W. WILLIAMSON, address unknown.

J. M. MONROE, New Orleans.

B. H. GRANBURY,

4115 Washington St., Montgomery, Ala.

A second message from Consul Armstrong gives a list of negro muleteers. The consul's message adds that Dr. Vise and three negro muleteers, reported to have been picked up by the Belgian trawler Professor Plevens and transferred to two destroyers at noon yesterday, were brought into Bristol last night. This apparently removes Dr. Vise from the list of missing which the consul gave in his dispatch.

LINER A BRITISH SHIP

New York, June 30.—The Armenian sailed from Newport News for Avonmouth on June 17 in charge of Captain Trickey. The vessel was of 8,825 tons gross register; 512 feet long; and had a beam of 59 feet and depth of 35 feet. She was built in 1895 at Belfast.

The Dominion Line is a subsidiary of the International Mercantile Marine. The Armenian was a British ship.

NOT IN DIRECTORY Harrisburg's city directory contains the names of but two Browns, who are carpenters. These are Frank E., 430 Munch street, and Martin E., 1610 Hunch street.

Inquiry at both residences developed the fact that both are at present engaged in business in this city and that neither has ever followed the sea.

MIDDLETOWN MAN?

Middletown people believe the missing man is William E. Brown, a sea faring carpenter of that borough who has not been in Middletown for nearly four years and whose whereabouts are now unknown. He has been more familiarly known as "Billy." Color to the reports that the missing "Brown, Harrisburg," in the list of the Armenia's dead may be "Billy" Brown, of Middletown, is added by the fact that when last heard of Mr. Brown was employed in the Lake trade. He frequently touched at Canadian ports.

PEACE IN MEXICO NOW POSSIBILITY

Warring Factions May Get Together by Middle of July By Associated Press El Paso, Tex., June 30.—The possibility of peace being considered soon by leaders of the two larger warring factions in Mexico and the continued search by Federal authorities for Felix Diaz, nephew of former President Diaz, reported last night to have reached El Paso secretly, were the outstanding features of the Mexican situation here to-day. Jose Isabel Robles, minister of war in the cabinet of Eulalio Gutierrez, former President, was authority for the statement that leaders of the two dominant factions had agreed to discuss peace terms. Robles declined to discuss any of the proposed terms, but expressed the belief that developments with this suggestion might be expected.

During the month that closes to-day forty-seven permits were issued at an estimated cost of \$221,950. This, with the previous monthly totals since January runs the total of estimated expenditure in new building operations in Harrisburg to date to \$542,300. CONDITION OF STATE TREASURY ALARMING

The condition of the State Treasury is alarming, according to a statement issued to-day by State Treasurer Robert K. Young, and unless the coal tonnage tax reaches the State sooner than expected, conditions will be such that before the close of the present calendar year the fiscal officials of the Commonwealth will be paying appropriations not as they fall due but with a view to the pressing necessities of the institution or department entitled to them. This, in brief, is the statement of State Treasurer Robert K. Young, issued this afternoon for the information of the public in general and for banks holding State funds in particular. Mr. Young's letter follows the warning issued by Governor Brum-

Huerta and Orozco Taken to San Antonio; Hope to Convict Both

By Associated Press San Antonio, Texas, June 30.—Victoriano Huerta and General Pascual Orozco were brought to this city, according to the United States district attorney's office, which gave out the information that charges have been prepared to be filed to-morrow before United States Commissioner Edwards. While the charges are similar to those filed in El Paso, it was stated by the officials that the evidence against the two Mexicans is much stronger in San Antonio than in El Paso. Officers of the Department of Justice see that the evidence in their possession supporting the charge of setting on foot an expedition against Mexico is such that they are hopeful of securing conviction. Diehl, will notify the fire engine houses by two taps, whereupon the firehouse bells will ring out the news.

NEWARK TRANSFER NOT DECIDED UP UNTIL LATE TODAY

International League Officials Consider Problem in Special Session at New York

FEDERAL LEAGUE RESPONSIBLE

"Indians" Now in Fourth Place; Defeated Richmond in 12-Inning Game Yesterday

By Associated Press Special to The Telegraph New York, June 30.—Up until a late hour this afternoon no decision had been reached in the matter of transferring the Newark Club of the International League to Harrisburg.

The meeting adjourned at 2:30 p. m. for luncheon, apparently without having reached a decision.

The meeting is to be resumed after luncheon, and indications were that a decision would not be reached before night.

New York, June 30.—Members of the International League are holding a meeting here to-day to act upon the request of the Newark, N. J., baseball club that it be temporarily transferred to Harrisburg, Pa. The invasion of Newark by the Federal League and the consequent slump in gate receipts at the International club's park are said to be the leading reasons for consideration of the proposed transfer.

No baseball league in the country is furnishing any closer or more exciting race than the Internationals. The Newark team is now in fourth place.

In yesterday's game Newark defeated Richmond in a twelve-inning contest, score 6 to 4. Seven of the entries for the big parade should the opening game be played Friday. Meetings will be held by many amateur teams to-night. Arrangements will be made to have uniformed teams admitted at a reduced price.

Bids for the scorecard and refreshment privileges can be mailed to P. O. Box 398 and in case of the transfer of the club they will be opened and the award made to-morrow at noon.
